Committee Recommendation / Recommendation to Committee

Council approves an application for Change of Use (from Aged Persons Dwellings) to Communal Facilities and Office-General at No. 118-120 (Lot 888) Monash Avenue, Nedlands, in accordance with the application and plans dated 14 September 2011, with the following conditions:

- 1. All stormwater from building, paved areas and driveways shall be contained on site by draining to soak-wells of adequate capacity to contain runoff from a 20 year recurrent storm event; and soak-wells shall be a minimum capacity of 1 m³ for every 80 m² of paved or roofed surface on the property.**
- 2. Any additional development, which is not in accordance with the original application or conditions of approval, as outlined above, will require further approval by Council.**

Advice Notes

As a result of community consultation conducted as part of processing this application, the local residents are unified in expressing significant concerns regarding the size and useability of the communal facilities, and poor communication regarding all

redevelopment matters. Accordingly, the City recommends that the Landowner take steps in addressing these issues in a meaningful way, in order to promote community wellbeing.

a. Building:

- i. More detailed plans are required for a complete assessment under the Building requirements;**
- ii. Universal access to all buildings will be required;**
- iii. Universal toilet facilities for all buildings are required; and**
- iv. Protection to openings from fire source features and adjoining buildings could be an issue and design modification may be required.**

b. Environmental Health:

- i. Prior to the City issuing a development approval, an applicant shall lodge with the City an Application for Food Premises Alteration / Fit-out which an Environmental Health Officer at the City is satisfied demonstrates food safety outcomes;**
- ii. Applicant is advised to consult the Water Corporation with respect to the disposal of industrial waste and the provision of a grease trap / grease arrestor where necessary;**
- iii. Prior to commencing a Food Business, the premises shall receive an inspection from an Environmental Health Officer at the City which cites the Food Business may commence operation;**
- iv. Prior to commencing a Food Business, a documented Food Safety Program which meets the requirements of the Australian New Zealand Food Standards Code Standard 3.2.1 Food Safety Programs, shall be deemed satisfactory by an Environmental Health Officer at the City;**
- v. Upon commencement of a Food Business, a Food Safety Program which meets the requirements of the Australian New Zealand Food Standards Code Standard 3.2.1 Food Safety Programs shall be implemented and maintained;**
- vi. Adjacent to any food preparation area, there shall be a dedicated stand alone hand wash basin connected to a**

- supply of warm running potable water, which can be operated other than by hand;**
- vii. Fixtures, fittings and equipment that are designed to be connected to a sewage and waste water disposal system and discharge sewage or waste water shall be connected to a sewage and waste water disposal system;**
 - viii. Liquid waste which includes kitchen, scullery and any other domestic or trade wastes that are discharged by means of a drain to a receptacle for drainage shall be disposed of by discharging it into the sewerage system of a licensed water service operator in a manner approved by the licensed water service operator;**
 - ix. Applicant is advised to consult the Water Corporation with respect to the disposal of industrial waste and the provision of a grease trap / grease arrestor where necessary;**
 - x. Premises shall have a separate cleaners or sluice sink located outside of any area where open food is handled;**
 - xi. Designated storage areas for cleaning chemicals and equipment and personal belongings shall be available and separate from any food preparation or food storage area;**
 - xii. All internal water closets and ensuites without fixed or permanent window access to outside air or which open onto a hall, passage, hobby or staircase, shall be serviced by a mechanical ventilation exhaust system which is ducted to outside air, with a minimum rate of air change equal to or greater than 25 litres per second;**
 - xiii. Adequate staff and public sanitary conveniences shall be provided in accordance with the Building Code of Australia;**
 - xiv. A sanitary convenience shall not have an entrance opening from a habitable room, a room used for the manufacture or storage of food for human consumption or a room used as a factory workshop or workplace, except through an airlock which has a floor area of at least 1.85 m² and direct ventilation to open air;**
 - xv. Access to any public sanitary convenience shall not be through or pass adjacent to, without complete physical segregation from, any food preparation, storage, packing or handling area;**

- xvi. **A staff sanitary convenience hand wash basin shall be located adjacent to the sanitary convenience and shall be connected to a supply of warm running potable water;**
- xvii. **All downpipes from guttering shall be connected so as to discharge into drains which shall empty into a soak-well and each soak-well shall be located at least 1.8 m from any building and at least 1.8 m from the boundary of the block;**
- xviii. **The applicant is advised to consult the City's Visual and Acoustic Privacy Advisory Information in relation to selecting and locating any air-conditioner or swimming pool or spa mechanical equipment such that noise, vibration and visual impact on neighbours is mitigated;**
- xix. **The City does not recommend any air-conditioner, swimming pool or spa mechanical equipment is installed near a property boundary where it is likely noise from such mechanical equipment in these locations will intrude on neighbouring properties;**
- xx. **Prior to selecting a location to install an airconditioner, applicant is advised to consult the online fairair noise calculator at www.fairair.com.au and use this as a guide on air-conditioner placement so as to prevent noise affecting neighbouring properties;**
- xxi. **Prior to installing an air-conditioner or swimming pool or spa mechanical equipment, applicant is advised to consult residents of neighbouring properties and if necessary take measures to prevent noise affecting neighbouring properties;**
- xxii. **Noise from service and/or delivery vehicles should be mitigated and such vehicles should not service the premises before 7:00 am or after 7:00 pm Monday to Saturday, or before 9:00 am or after 7:00 pm on Sundays and Public Holidays;**
- xxiii. **Removal and disposal of ACM shall be in accordance with *Health (Asbestos) Regulations 1992, Regulations 5.43 - 5.53 of the Occupational Safety and Health Regulations 1996, Code of Practice for the Safe Removal of Asbestos 2nd Edition, Code of Practice for the Management and Control of Asbestos in a Workplace* and any Department of Commerce Worksafe requirements;**

xxiv. Where there is over 10 m² of ACM or any amount of friable ACM to be removed, it shall be removed by a Worksafe licensed and trained individual or business;

xxv. A construction management plan shall detail how proposed site works will be managed to minimise environmental impacts and shall address but not be limited to:

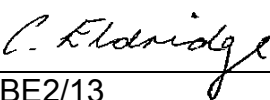

- 1) Staging plan for the entire works;**
- 2) Applicable timeframes and assigned responsibilities for tasks;**
- 3) On-site storage of materials and equipment;**
- 4) Parking for contractors;**
- 5) Waste management;**
- 6) Management of noise in accordance with the requirements of the *Environmental Protection (Noise) Regulations 1997*;**
- 7) Management of vibrations; and**
- 8) Complaints and incidents;**

xxvi. An internal laundry shall be provided which has a minimum floor area of 3 m² and minimum width of 1.5 m:

- 1) Where a laundry is situated adjacent to a kitchen, the laundry shall be separated from the kitchen by a wall extending from the floor to the roof / ceiling, or an opening which is not more than 1220 mm wide and has a door which when closed completely fills the opening.**

(Against: Crs. Horley & Walker)**

Committee Recommendation

Council approves an application for Industrial - light (Pathology, Collection & Infusion Centres) within a Two-Storey Building at No.13 (Lot 11194) Bedbrook Place, Shenton Park, in accordance with the application and plans dated 16 November 2011 with the following conditions:

- 1. The four (4) existing mature trees identified on the site plan shall be retained and maintained to the satisfaction of the City.**
- 2. The existing remnant vegetation located within 4.5 m of the rear boundary shall be retained, and the area of existing unvegetated land within this 4.5 m area shall be revegetated, to the satisfaction of the Council.**
- 3. The existing trees and areas of remnant vegetation to be retained shall be protected prior to, and during demolition and construction (refer advice note 1).**
- 4. Prior to the commencement of clearing of the land, a detailed landscape plan shall be submitted and approved by the City.**

The landscape plan shall:

- a. identify the four (4) existing mature trees to be retained;**
 - b. identify the existing remnant vegetation within 4.5 m of the rear boundary;**
 - c. identify any other remnant vegetation that will be maintained on the site, especially in areas surrounding the existing mature trees which are to be retained; and**
 - d. identify other areas of landscaping in accordance with landscape plan submitted with the application.**
- 5. All landscaping and revegetation shall be carried out in conjunction with, and to the satisfaction of the City, using best practice principles for landscaping and revegetation (refer advice note 2).**
 - 6. The landscaping is to be established prior to the development being first occupied and thereafter maintained the satisfaction of the City throughout the life of the development.**

- 7. The verge parking spaces may be constructed to Council's specifications by the applicant/owner and at the applicant/owner's cost.**
- 8. The parapet wall shall be finished to a quality finish and to a professional standard to the satisfaction of the City.**
- 9. The use of bare or painted metal building materials is permitted on the basis that, if during or following the erection of the development the Council forms the opinion that glare which is produced from the building/roof has or will have a significant detrimental effect upon the amenity of neighbouring properties, the Council may require the owner to treat the building/roof to reduce the reflectivity to a level acceptable to Council.**
- 10. All stormwater from building, paved areas and driveways shall be contained on site by draining to soak-wells of adequate capacity to contain runoff from a 10 year recurrent storm event; and soak-wells shall be a minimum capacity of 1 m³ for every 80 m² of paved or roofed surface on the property.**
- 11. Any additional development, which is not in accordance with the original application or conditions of approval, as outlined above, will require further approval by Council.**

Advice Notes

- 1. It is the Applicant's responsibility to obtain all required State and Federal environmental approvals, including DEC Clearing Permits.**
- 2. In relation to condition 3, it is expected that fencing be used to protect the existing remnant vegetation during construction and the area around the trees be fenced off at least 1 m beyond the drip line (area directly located under the outer circumference of the tree branches, i.e. the canopy) to protect the tiny rootlets that take up water for the tree.**
- 3. In relation to condition 4, best practice principles and techniques shall include:**
 - a. Undertaking initial weed control where required to reduce a weed seed bank;**
 - b. Translocate topsoil and leaf litter layer to the cleared area to prevent soil movement, maintain leaf litter cover for reptile movement, and transfer seed bank to assist with revegetation;**

- c. A combination of planting and direct seeding may be required dependent on species available for planting;**
 - d. Use of local endemic plant species where possible;**
 - e. If direct seeding, then use local provenance seed only (collected from local bushland areas such as Shenton Park);**
 - f. Maintain the cover and structure of existing remnant vegetation:**
 - g. Maintain the cover and structure of existing remnant vegetation:**
 - i. upper (trees), Mid (shrubs) and Low (understorey) layers;**
 - ii. achieve density similar to that of surrounding remnant vegetation (could take up to five (5) years); and**
 - h. Provide maintenance to ensure plant survival and prevent weed encroachment.**
- 4. The site has special environmental qualities of a local and regional nature, specifically that it is an ecological linkage between larger sites in the immediate vicinity with high quality remnant vegetation. Although an eco-link has been provided to some degree, the City strongly encourages the applicant to reconsider at least a minimum 10 m wide eco-link along the western side of the lot.**
- 5. Following a referral to the Water Corporation (re: the odour buffer), the following advice note is provided:**
- a. The primary use of the development is to remain of a light industrial nature.**
- 6. Following a referral to the EPA, the following advice note is provided:**
- a. The EPA expects that the proposal will be implemented in an environmentally responsible way.**

Recommendation to Committee

Council approves an application for Industrial - light (Pathology, Collection & Infusion Centres) within a Two-Storey Building at No.13 (Lot 11194) Bedbrook Place, Shenton Park, in accordance with the application and plans dated 16 November 2011 with the following conditions:

1. The four (4) existing mature trees identified on the site plan shall be retained and maintained to the satisfaction of the City.
2. The existing remnant vegetation located within 4.5 m of the rear boundary shall be retained, and the area of existing unvegetated land within this 4.5 m area shall be revegetated, to the satisfaction of the Council.
3. The existing trees and areas of remnant vegetation to be retained shall be protected prior to, and during demolition and construction (refer advice note 1).
4. Prior to the commencement of clearing of the land, a detailed landscape plan shall be submitted and approved by the City.

The landscape plan shall:

- a. identify the four (4) existing mature trees to be retained;
 - b. identify the existing remnant vegetation within 4.5 m of the rear boundary;
 - c. identify any other remnant vegetation that will be maintained on the site, especially in areas surrounding the existing mature trees which are to be retained; and
 - d. identify other areas of landscaping in accordance with landscape plan submitted with the application.
5. All landscaping and revegetation shall be carried out in conjunction with, and to the satisfaction of the City, using best practice principles for landscaping and revegetation (refer advice note 2).
 6. The landscaping is to be established prior to the development being first occupied and thereafter maintained the satisfaction of the City throughout the life of the development.
 7. The verge parking spaces shall be constructed to Council's specifications by the applicant/owner and at the applicant/owner's cost.

8. The parapet wall shall be finished to a quality finish and to a professional standard to the satisfaction of the City.
9. The use of bare or painted metal building materials is permitted on the basis that, if during or following the erection of the development the Council forms the opinion that glare which is produced from the building/roof has or will have a significant detrimental effect upon the amenity of neighbouring properties, the Council may require the owner to treat the building/roof to reduce the reflectivity to a level acceptable to Council.
10. All stormwater from building, paved areas and driveways shall be contained on site by draining to soak-wells of adequate capacity to contain runoff from a 10 year recurrent storm event; and soak-wells shall be a minimum capacity of 1 m³ for every 80 m² of paved or roofed surface on the property.
11. Any additional development, which is not in accordance with the original application or conditions of approval, as outlined above, will require further approval by Council.

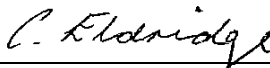

Advice Notes

1. It is the Applicant's responsibility to obtain all required State and Federal environmental approvals, including DEC Clearing Permits.
2. In relation to condition 3, it is expected that fencing be used to protect the existing remnant vegetation during construction and the area around the trees be fenced off at least 1 m beyond the drip line (area directly located under the outer circumference of the tree branches, i.e. the canopy) to protect the tiny rootlets that take up water for the tree.
3. In relation to condition 4, best practice principles and techniques shall include:
 - a. Undertaking initial weed control where required to reduce a weed seed bank;
 - b. Translocate topsoil and leaf litter layer to the cleared area to prevent soil movement, maintain leaf litter cover for reptile movement, and transfer seed bank to assist with revegetation;
 - c. A combination of planting and direct seeding may be required dependent on species available for planting;
 - d. Use of local endemic plant species where possible;

- e. If direct seeding, then use local provenance seed only (collected from local bushland areas such as Shenton Park);
 - f. Maintain the cover and structure of existing remnant vegetation:
 - i. upper (trees), Mid (shrubs) and Low (understorey) layers;
 - ii. achieve density similar to that of surrounding remnant vegetation (could take up to five (5) years); and
 - g. Provide maintenance to ensure plant survival and prevent weed encroachment.
4. The site has special environmental qualities of a local and regional nature, specifically that it is an ecological linkage between larger sites in the immediate vicinity with high quality remnant vegetation. Although an eco-link has been provided to some degree, the City strongly encourages the applicant to reconsider at least a minimum 10 m wide eco-link along the western side of the lot.
5. Following a referral to the Water Corporation (re: the odour buffer), the following advice note is provided:
- a. The primary use of the development is to remain of a light industrial nature.
6. Following a referral to the EPA, the following advice note is provided:
- a. The EPA expects that the proposal will be implemented in an environmentally responsible way.

Committee Recommendation

Lay on the table for further discussion between Administration and the applicant to resolve outstanding issues.

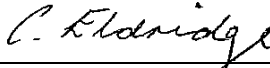

Recommendation to Committee

Council refuses an application for a two storey dwelling located at No.48 (222) Riley Road, Dalkeith in accordance with the application and plans dated 5 May 2011 and the amended plans dated 25 October 2011 for the following reasons:

1. The proposed screen walls in the front setback do not comply with the acceptable development or performance criteria of Clause 6.2.5 of the Residential Design Codes and will detract from the open nature of the streetscape;
2. The proposed fill and retaining located within 3 m of the primary street alignment does not comply with the acceptable development or performance criteria of Clause 6.6.1 of the Residential Design Codes;
3. The proposed portico does not comply with the City of Nedlands Local Planning Policy 6.23 'Carports and Minor Structures Forward of the Primary Street Setback';
4. The rear setback of the dwelling does not assist in ameliorating the impacts of building bulk on adjoining properties;
5. The external appearance of the development and cumulative effect of all the variations will have an adverse impact on the amenity of the surrounding area;
6. The proposal will not be orderly and proper planning.

Committee Recommendation / Recommendation to Committee

Council refuses an application for a two storey dwelling located at No.33 (Lot 1) Park Road, Nedlands in accordance with the application dated 14 June 2011 and the amended plans dated 8 November 2011 for the following reasons:

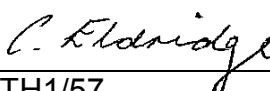

- 1. The proposed open space does not comply with the acceptable development or performance criteria of Clause 6.4.1 of the Residential Design Codes and will detract from the open nature of the streetscape;**
- 2. The overall bulk and scale of the proposed development in relation to the adjoining boundaries and surrounding area is considered to cause an adverse affect on the amenity of the adjoining owners;**
- 3. The overall appearance, particularly the bulk and scale of the proposed development when viewed together with the reduced setbacks and open space is not in keeping with the existing character of the locality; and**
- 4. The proposal will not be orderly and proper planning.**

Councillor Hodsdon returned to the meeting at 8.37pm.

Councillor Walker left the meeting at 8.36 pm.

**CARRIED 10/-
 (Abstained Binks)**

Committee Recommendation / Recommendation to Committee

Council approves an application under the City's Town Planning Scheme No. 2 (TPS2) for proposed additions and alterations to an existing three storey dwelling at No.57 (Lot 751) The Avenue, Nedlands in accordance with the application dated 11 July 2011 and the amended plans dated 30 August 2011 and 7 November 2011 attached hereto, subject to the following conditions:

- 1. Visual screening is to be provided on the north eastern elevation of the proposed rear balcony and new portion of front balcony, to a height of 1.65 m above finished floor level, in accordance with Clause 6.8.1 of the Residential Design Codes (RCodes) (refer Advice Note a. below).**
- 2. This approval does not include ancillary accommodation (refer to Advice Note b. below).**
- 3. All stormwater from building, paved areas and driveways shall be contained on site by draining to soak wells of adequate capacity to contain runoff from a 10 year recurrent storm event; and soak wells shall be a minimum capacity of 1.0 m³ for every 80 m² of paved or roofed surface on the property.**
- 4. The use of bare or painted metal building materials is permitted on the basis that, if during or following the erection of the development the Council forms the opinion that glare which is produced from the building / roof has or will have a significant detrimental effect upon the amenity of neighbouring properties, the Council may require the owner to treat the building / roof to reduce the reflectivity to a level acceptable to Council.**
- 5. The use of the converted garage on the ground floor level shall be restricted to the uses as depicted in the plans dated 7 November 2011 i.e. Plant Room and Storage.**
- 6. Prior to the issue of a Building Licence for the development the owner shall execute and provide to the City a notification pursuant to section 70A of the *Transfer of Land Act 1893* to be registered on the title to the land as notification to prospective purchasers that the use of the converted garage on the ground floor level is subject to the restriction set out in Condition 5 above.**
- 7. A grated channel strip-drain shall be constructed across the driveway, aligned with and wholly contained within the property boundary. The discharge from this drain to be run to a soak-well situated within the property.**
- 8. Any additional development, which is not in accordance with the original application or conditions of approval, as outlined above, will require further approval by Council.**

Advice Notes

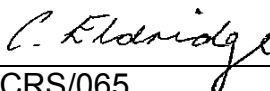

- a. Amended plans shall be submitted prior to or in conjunction with, the Building Licence to show adequate**

privacy screening to the balconies as per Condition 1. (as marked in red on the approved plans).

- b. The applicant is advised that further planning approval is required for any portion of the dwelling to be used as ancillary accommodation.**
- c. All internal WC's and ensuites without window access to outside air must be serviced by mechanical ventilation, which is ducted to outside air and the minimum rate of air change must be equal or greater than 25 litres per second.**
- d. Ensure that airconditioner unit(s) comply with relevant Australian Standards and that noise emissions comply with the *Environmental Protection (Noise) Regulations 1997*.**
- e. It is strongly advised that consultation is undertaken with the installer and adjoining neighbour(s) prior to installation of air-conditioning equipment. In the event of a noise complaint being received by the City, remedial action (including potential relocation or other attenuation measures) may be required or the airconditioner may be prohibited from being used. It is recommended that applicants refer to the City's Visual and Acoustic Privacy Information document and also the fairair noise calculator online at www.fairair.com.au.**

Councillor Collins retired from the meeting at 9.54 pm

Adoption

The amended motion was put and

CARRIED 9/3

(Against: Crs. Hassell James & Shaw)

Committee Recommendation

Council:

- 1. Does not support the proposed subdivision of Lot 12040 Heritage Lane into three (3) green title lots for the following reasons:**
 - a. The subdivision cannot legally be approved in the absence of a Council adopted Outline Development Plan (ODP);**
 - b. The subdivision is contrary to orderly and proper planning of the area as it prevents coordinated development;**
 - c. The proposed layout causes the following issues:**
 - i. It is not logical particularly the interrelationship between lots 2 and 3.**

ii. **Pedestrian Access:** It will threaten the delivery of a pedestrian access in an east/west direction across the site, which had been identified as being significant for the amenity of the existing residents of the area as required by Town Planning Scheme No 2.

iii. **Landscaped setting:** It will not be possible to delivery of the park-like landscaped setting for the historic buildings which will undermine the heritage value of the site as required by Town Planning Scheme No 2.

iv. **Vehicle Access:**

Lots 1 & 2:

The proposed vehicle access to lots 1 and 2 which has been limited to Abbey Gardens only is not acceptable for the following reasons:

- 1) The concept deviates from existing planning for the area (development plan and LPS, which are the product of extensive public consultation) which stipulates that vehicle access be primarily from Heritage Lane with no access from Abbey Gardens except for service vehicles for Montgomery Hall.
- 2) Additional traffic volumes generated by proposed uses on Lots 1 and 2 may be inappropriate for the surrounding residential streets like Abbey Gardens and St John's Wood Boulevard.

v. **Parking:**

Lot 1: Being segregated it would not be possible for a future Montgomery Hall use to rely on any of the other parcels of land to assist with carparking, which current planning required to be provided on the southern wing or elsewhere on the areas that are now proposed lots 2 and 3.

Lot 2: Very limited area is available for on-site parking on Lot 2 given that the building for proposed Lot 2 extends boundary to boundary.

- vi. all pedestrian/bicycle access ways which will form the basis of access easements throughout the site that are intended to facilitate east/west movement through the site, and appreciation of the historic buildings;
 - vii. all areas proposed to be used for public and private open space;
 - viii. landscaping plans that show the retention of all existing vegetation, proposed soft and hard landscaping of all proposed public and private open space, surface treatment of proposed walkways, proposed hedges, post boxes and any proposed street furniture; and
 - ix. time frames for implementation of the Detailed Area Plan.
- b. Vehicle access easements be imposed over proposed lot 3 in favour of proposed lot 2 so vehicle access to lot 2 can be provided from Heritage Lane.
 - c. Openings within the existing buildings are to be protected in accordance with part C3.2 of the Building Code of Australia – LG Clearance required.
 - d. The existing buildings are to achieve the required FRL's as stipulated in specification C1.1 of the Building Code of Australia relevant to the type of Construction. – LG clearance required.
 - e. Stormwater drainage to comply with AS/NZS 3500.3 to be contained onsite.
 - f. Easements to be imposed over all sites to secure east/west pedestrian and bicycle movement across the sites in accordance with the Detailed Area Plan required under 3(a) above .
 - g. An access pathway be constructed by the developer to the satisfaction of the City to link The Marlows to Heritage Lane.
 - h. Easements be imposed as shown in the attached plan to ensure that there is no vehicle access to Lot 2 from Charles Lane Extension or Abbey Gardens.
 - i. Proposed treatment of the land immediately adjacent to the northern boundary between the subject lot and the northern subdivision wing (marked A) and

between the subject site and the southern subdivision wing (marked B) to accommodate the requirement of the detailed area plans for the subdivision wings that the single lots respectively facing onto these boundaries address these areas.

- j. No building or part thereof shall be demolished.**
- k. The titles of the proposed lots be endorsed to prohibit the construction of that any barriers on the proposed subdivision lines.**
- l. The developer be required to enter into a legal agreement or similar with the City which commits the developer to the redevelopment of the heritage buildings and surrounding areas within a prescribed time frame.**

4. Administration submit an ODP to the February Council Meeting.

Recommendation to Committee

Council:

1. Does not support the proposed subdivision of Lot 12040 Heritage Lane into three (3) green title lots for the following reasons:
 - a. The subdivision cannot legally be approved in the absence of a Council adopted Outline Development Plan (ODP);
 - b. The subdivision is contrary to orderly and proper planning of the area as it prevents coordinated development;
 - c. The proposed layout causes the following issues:
 - i. It is not logical particularly the interrelationship between lots 2 and 3.
 - ii. Pedestrian Access: It will threaten the delivery of a pedestrian access in an east/west direction across the site, which had been identified as being significant for the amenity of the existing residents of the area as required by Town Planning Scheme No 2.

iii. Landscaped setting: It will not be possible to delivery of the park-like landscaped setting for the historic buildings which will undermine the heritage value of the site as required by Town Planning Scheme No 2.

iv. Vehicle Access:

Lots 1 & 2:

The proposed vehicle access to lots 1 and 2 which has been limited to Abbey Gardens only is not acceptable for the following reasons:

- 1) The concept deviates from existing planning for the area (development plan and LPS, which are the product of extensive public consultation) which stipulates that vehicle access be primarily from Heritage Lane with no access from Abbey Gardens except for service vehicles for Montgomery Hall.
- 2) Additional traffic volumes generated by proposed uses on Lots 1 and 2 may be inappropriate for the surrounding residential streets like Abbey Gardens and St John's Wood Boulevard.

v. Parking:

Lot 1: Being segregated it would not be possible for a future Montgomery Hall use to rely on any of the other parcels of land to assist with carparking, which current planning required to be provided on the southern wing or elsewhere on the areas that are now proposed lots 2 and 3.

Lot 2: Very limited area is available for on-site parking on Lot 2 given that the building for proposed Lot 2 extends boundary to boundary.

vi. Heritage Values: The introduction of new boundary lines will require demolition of existing heritage fabric, for the boundary between Lot 1 and 2, and alterations to the existing buildings to meet fire requirements and will diminish the heritage values of the historic buildings.

- vii. Stormwater: Each site would be required to retain its own stormwater on site, which has already proved to be difficult with the construction of the lots in the northern wing, and be a challenge particularly for proposed lot 2.
- 2. Advises the WAPC of its decision under 1 above.
- 3. In the alternative, recognising that the WAPC may wish to approve to subdivision proposal, advise the WAPC that the the following conditions should be imposed (to be read in conjunction with the plan attached as attachment 4):
 - a. The applicant prepare a Detailed Area Plan for adoption by the City which, when adopted, will guide the comprehensive redevelopment of the site. As a minimum the Detailed Area Plan shall show the following:
 - i. Details of any development proposals including adaptive reuse of the heritage buildings and any proposed new development noting that all development shall respect the existing heritage buildings;
 - ii. Proposed use of all existing and revamped facilities;
 - iii. Total intensity of proposed development (expressed as the number of proposed dwellings for residential uses and development standards as outlined in Town Planning Scheme No. 2 for non-residential uses);
 - iv. Location of all proposed parking facilities so all the parking needs from the three proposed lots are met on each individual site;
 - v. all vehicle access and vehicle movement arrangements for Lots 2 and 3, which shall be provided exclusively from Heritage Lane;
 - vi. all pedestrian/bicycle access ways which will form the basis of access easements throughout the site that are intended to facilitate east/west movement through the site, and appreciation of the historic buildings;
 - vii. all areas proposed to be used for public and private open space;

- viii. landscaping plans that show the retention of all existing vegetation, proposed soft and hard landscaping of all proposed public and private open space, surface treatment of proposed walkways, proposed hedges, post boxes and any proposed street furniture; and
 - ix. time frames for implementation of the Detailed Area Plan.
- b. Vehicle access easements be imposed over proposed lot 3 in favour of proposed lot 2 so vehicle access to lot 2 can be provided from Heritage Lane.
 - c. Openings within the existing buildings are to be protected in accordance with part C3.2 of the Building Code of Australia – LG Clearance required.
 - d. The existing buildings are to achieve the required FRL's as stipulated in specification C1.1 of the Building Code of Australia relevant to the type of Construction. – LG clearance required.
 - e. Stormwater drainage to comply with AS/NZS 3500.3 to be contained onsite.
 - f. Easements to be imposed over all sites to secure east/west pedestrian and bicycle movement across the sites in accordance with the Detailed Area Plan required under 3(a) above .
 - g. An access pathway be constructed by the developer to the satisfaction of the City to link The Marlows to Heritage Lane.
 - h. Easements be imposed as shown in the attached plan to ensure that there is no vehicle access to Lot 2 from Charles Lane Extension or Abbey Gardens.
 - i. Proposed treatment of the land immediately adjacent to the northern boundary between the subject lot and the northern subdivision wing (marked A) and between the subject site and the southern subdivision wing (marked B) to accommodate the requirement of the detailed area plans for the subdivision wings that the single lots respectively facing onto these boundaries address these areas.
 - j. No building or part thereof shall be demolished.

- k. The titles of the proposed lots be endorsed to prohibit the construction of that any barriers on the proposed subdivision lines.
- l. The developer be required to enter into a legal agreement or similar with the City which commits the developer to the redevelopment of the heritage buildings and surrounding areas within a prescribed time frame.

CARRIED UNANIMOUSLY 12/-

Committee Recommendation

That the building be demolished and the future use of the site be considered after public consultation.

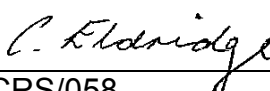

Recommendation to Committee

Council:

1. receives the business case as per attachment 1 on the future of the existing vacant residential dwelling and land that is held in fee simple by the City at Lot 150 on Deposited Plan 222332, House Number 11 Sayer Street, Swanbourne being the whole of the land contained within Certificate of Title Volume 1070 Folio 925; and
2. authorises City Administration to proceed with detailed investigations of option 7.8 and:
 - a. detail the proposed demolition of the existing vacant building to allow a two lot subdivision of the R25 Residential zoned land;
 - b. commission a licensed surveyor to prepare a survey of the said land;
 - c. prepare a draft subdivision plan in accordance with the current zoning of the lot;
 - d. prepare draft design guidelines for the lot;
 - e. prepare a draft business / project plan in relation to option 6.8 of the business case for future Council consideration
 - f. present a, b, c, d & e to Council for consideration within the next six (6) months.
