Purpose

The purpose of this report is to provide the Audit Risk and Improvement Committee (ARIC) with an update on progress with remediating the audit observations made by the OAG during the audit of the Financial Report for 2023/24.

Officer Recommendation

The Committee RECEIVES the report on the status update on the City's OAG Audit Issues Log.

Background

At the ARIC meeting held on 06 August 2025 (Report ARC79.08.25) members resolved to request that a report be provided to the September 2025 ARIC meeting for an audit log with all observations to be included, a status update, responsible position and expected completion date. These were transferred to a schedule and progress will be reported to each ARIC meeting.

Discussion

The Administration has prepared the schedule containing all observations from the 2023/24 audit which includes items from prior years that were not observed by the auditor to be complete. Attachment 1 (Finance) and Attachment 2 (Information Systems) each contain a schedule which describes the observation, risk rating, current status, percentage completion and associated dates.

As at the date of this report, 2 of the 7 issues for Finance were complete and 3 of the 7 ICT general observations were complete. The remaining items are in progress or under review to determine appropriate actions.

The Administration has consulted with the OAG to determine an approach to closing out the audit issues. The OAG has advised that the Administration may choose its own method to close out an issue and record it as such in its records, however the OAG will independently review evidence of completion during a subsequent audit.
