

City of Nedlands

Agenda

Audit & Risk Committee Meeting 23 November 2021

ATTENTION

This Agenda has yet to be dealt with by the Committee.

The Administration Recommendations, shown at the beginning of each item, have yet to be considered by the Committee and are not to be interpreted as being the position of either the Committee or Council.

The Minutes of the meeting held to discuss this Agenda should be read to ascertain the decision of the Committee. Before acting on any recommendation of the Committee a check must also be made in the Ordinary Council Minutes following the Committee Meeting to ensure that Council did not make a decision at variance to the Committee Recommendation.

The public can continue to participate by submitting questions and addresses via the required online submission forms at:

<http://www.nedlands.wa.gov.au/intention-address-council-or-council-committee-form>

<http://www.nedlands.wa.gov.au/public-question-time>

Once the venue is at capacity no further admission into the room will be permitted. Prior to entry, attendees will be required to register using the SafeWA App or by completing the manual contact register prior to entry - as stipulated by Department of Health mandatory requirements.

City of Nedlands

Notice of a meeting of the Audit & Risk Committee to be held in the Council Chamber, 71 Stirling Highway, Nedlands on Tuesday 23 November 2021 at 5pm.

Audit & Risk Committee Agenda

Declaration of Opening

The Presiding Member will declare the meeting open at 5pm and will draw attention to the disclaimer below.

Present and Apologies and Leave of Absence (Previously Approved)

Leave of Absence (Previously Approved) None at distribution of agenda.

Apologies None at distribution of agenda.

Disclaimer

Members of the public who attend Council meetings should not act immediately on anything they hear at the meetings, without first seeking clarification of Council's position, for example, by reference to the confirmed Minutes of the Council meeting. Members of the public are also advised to wait for written advice from the CEO, on behalf of Council prior to taking action on any matter that they may have before Council.

Any plans or documents in agendas and minutes may be subject to copyright. The express permission of the copyright owner must be obtained before copying any copyright material.

1. Public Question Time

A member of the public wishing to ask a question should register that interest by notification in writing to the CEO in advance, setting out the text or substance of the question. Questions tabled at the meeting may be unable to be answered due to the requirement for technical research and will therefore be answered directly afterwards.

Questions must relate to a matter contained within the agenda of this meeting.

2. Addresses By Members of the Public (only for items listed on the agenda)

Addresses by members of the public who have completed Public Address Session Forms will be invited to be made at this point.

3. Disclosures of Financial and/or Proximity Interest

The Presiding Member to remind Council Members, Committee Members and Employees of the requirements of Section 5.65 of the Local Government Act to disclose any interest during the meeting when the matter is discussed.

A declaration under this section requires that the nature of the interest must be disclosed. Consequently a Council or Committee Member who has made a declaration must not preside, participate in, or be present during any discussion or decision making procedure relating to the matter the subject of the declaration.

However, other Council & Committee Members may allow participation of the declarant if the Council Member further discloses the extent of the interest. Any such declarant who wishes to participate in the meeting on the matter, shall leave the meeting, after making their declaration and request to participate, while other Council & Committee Members consider and decide upon whether the interest is trivial or insignificant or is common to a significant number of electors or ratepayers.

4. Disclosures of Interests Affecting Impartiality

The Presiding Member to remind Council Members, Committee Members and Employees of the requirements of Council's Code of Conduct in accordance with Section 5.103 of the *Local Government Act*.

Council Members, Committee Memembrs and employees are required, in addition to declaring any financial interests to declare any interest that may affect their impartiality in considering a matter. This declaration does not restrict any right to participate in or be present during the decision-making procedure.

The following pro forma declaration is provided to assist in making the disclosure.

"With regard to the matter in item x I disclose that I have an association with the applicant (or person seeking a decision). This association is (nature of the interest).

As a consequence, there may be a perception that my impartiality on the matter may be affected. I declare that I will consider this matter on its merits and vote accordingly."

The Council Member, Committee Members or employee is encouraged to disclose the nature of the association.

5. Declarations by Council & Committee Members That They Have Not Given Due Consideration to Papers

Council & Committee Members who have not read the business papers to make declarations at this point.

6. Confirmation of Minutes

Audit & Risk Committee Meeting 21 September 2021

The minutes of the Audit & Risk Committee held 21 September 2021 are to be confirmed.

7. Matters for Which the Meeting May Be Closed

Council, in accordance with Standing Orders and for the convenience of the public, is to identify any matter which is to be discussed behind closed doors at this meeting, and that matter is to be deferred for consideration as the last item of this meeting.

Nil.

8. Items for Discussion

Note: Regulation 11(da) of the *Local Government (Administration) Regulations 1996* requires written reasons for each decision made at the meeting that is significantly different from the relevant written recommendation of a committee or an employee as defined in section 5.70, but not a decision to only note the matter or to return the recommendation for further consideration.

8.1 Annual Financial Statement for Year Ended 30 June 2021

Committee	23 November 2021
Applicant	City of Nedlands
Employee Disclosure under section 5.70 Local Government Act 1995	Nil.
Director	Ed Herne - Director Corporate & Strategy
Attachments	1. 2020-21 Annual Financial Report; 2. 2020-21 Management Letter 3. 2020-21 Draft Audit Opinion; 4. 2020-21 Audit Completion Report from KPMG; and 5. 2020-21 Audit Representation Letter.
Confidential Attachments	Nil.

Executive Summary

The Annual Financial Report for the year ended 30 June 2021, including the Auditor's Report and the Audit Completion Report by The Auditor General, is presented to the Audit & Risk Committee. The Committee is requested to recommend to Council that it be received and be included as part of the City's Annual Report for discussion at the Annual Electors' Meeting.

The Audit Representation Letter is also presented.

Recommendation to Committee

That Council:

- 1. accepts the Financial Report for the City of Nedlands for the year ended 30 June 2021 comprising the Financial Report and the Auditor's Report; and**
- 2. accepts the 2021 Audit Completion Report as presented.**

Voting Requirement

Absolute Majority.

Discussion/Overview

Background

Financial Performance

A brief overview of the City's financial performance for the 2020/21 financial year is provided below.

The City completed the 2020/21 year with a surplus net result of \$5.8m compared to the adopted budget surplus of \$0.9m. The overall favourable variance was mostly due to an underspend in Capital projects and higher revenue for the year.

Operating Revenue for the year totalled \$34.9m, which is higher than the budget target of \$33.6m for the year. This is mostly due to higher rates revenue, together with higher operating grants and general fees and charges.

Operating Expenditure marginally increased to \$31.9m compared to a budget of \$31.6m. This was mostly due to an overspend in Employee costs and Materials and Contracts offset by an underspend in utilities, depreciation and other expenditure.

Capital Works of \$5.9m were completed in 2020/21 compared to a budget of \$8.1m. This was mostly due to delays in projects.

The City's key financial ratios in Note 36 provide an overview of the financial performance of the City in 2020/21 compared with the previous two years. All the ratios are within recommended standard benchmarks set by the Department of Local Government, indicating sound financial health for the City.

	Target	2021 Actual	2020 Actual	2019 Actual
Current ratio	>1.10	1.50	1.18	0.98
Asset consumption ratio	>0.50	0.72	0.59	0.58
Asset renewal funding ratio	0.75 - 0.95	1.02	0.95	0.92
Asset sustainability ratio	0.9 - 1.10	1.36	1.61	2.33
Debt service cover ratio	>2.0	3.79	4.34	5.61
Operating surplus ratio	0.01 - 0.15	0.09	0.12	0.18
Own source revenue coverage ratio	>0.4	1.03	1.06	1.14

Key Relevant Previous Council Decisions: Nil

Consultation

Nil.

Strategic Implications

How well does it fit with our strategic direction?

The Financial Report is required to comply with Local Government Act and regulations and supports the City in sound strategy and governance around its financial health.

The following legislation is adhered to:

Section 6.4 of the Local Government Act 1995
Regulation 36 of the Local Government (Financial Management)
Regulations 1996
Regulations 9 and 10 of the Local Government (Audit)
Regulations 1996

Who benefits?

The City and the Community.

Does it involve a tolerable risk?

There is no risk involved.

Do we have the information we need?

Not applicable.

Budget/Financial Implications

There are no financial implications to this report.

Conclusion

The financial report showing the financial performance of the City for 2020/21 is recommended for approval.

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. There are no Trust Funds held by the City.

NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS

The following new accounting standards will have application to local government in future years:

- AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current
- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments
- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates

It is not expected these standards will have an impact on the financial report.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

2. REVENUE AND EXPENSES

REVENUE RECOGNITION POLICY

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source

Revenue Category	Nature of goods and services	Timing of revenue recognition until 30 June 2019	Timing of revenue recognition 1 July 2019
Rates	General Rates	When rates notice is issued	When rates notice is issued
Service charges	Underground Power, charge for specific service	When rates notice is issued	When rates notice is issued
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	On receipt of funds.	Income based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	On receipt of funds.	Capital grants are recognised as income based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants without specific performance obligations	General appropriations and contributions with no reciprocal commitment	On receipt of funds.	When assets are controlled
Fees and charges	<ul style="list-style-type: none"> · Building, planning, development, and animal management, having the same nature as a license regardless of naming. · Compliance safety check · Regulatory Food, Health and safety · Kerbside collection service · Halls and facilities · Library fees, reinstatements and private works · Art course fees · Fines issued for breaches of local laws 	When fee or charge is raised in relation as event or service occurring, or upon receipt of funds.	At a point in time(or over a relatively short period of time) when the services have been provided and payments are received
Other Revenue	Insurance claims, Commissions on Licensing and ticket sales	When significant risks and rewards of ownership transfer to the purchaser and can be measured reliably, or upon receipt of funds. Fee or charge is raised in relation as event or service occurring, or upon receipt of funds.	At a point in time when the goods have been transferred and payments are received, or upon receipt of funds.

2. REVENUE AND EXPENSES

(a) Grant revenue

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

	2021 Actual	2021 Budget	2020 Actual
	\$	\$	\$
Operating grants, subsidies and contributions			
Governance	3,049	20,000	4,106

Other property and services	65	5,000	57,251
	7,699,409	6,648,238	7,099,852

SIGNIFICANT ACCOUNTING POLICIES

Grants, subsidies and contributions

Operating grants, subsidies and contributions are grants, subsidies or contributions that are not non-operating in nature.

Non-operating grants, subsidies and contributions are amounts received for the acquisition or construction of recognisable non-financial assets to be controlled by the local government.

Fees and Charges

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)	2021 Actual \$	2021 Budget \$	2020 Actual \$
Contracts with customers and transfers for recognisable non-financial assets			
Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the City was recognised during the year for the following nature or types of goods or services:			
Fees and charges	7,219,017	6,200,935	6,149,110
Other revenue	121,959	503,078	330,983
Non-operating grants, subsidies and contributions	2,256,281	2,180,879	2,174,522
	9,597,257	8,884,892	8,654,615
Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the City is comprised of:			
Revenue from contracts with customers included as a contract liability at the start of the period	671,023	0	1,022,659
Revenue from contracts with customers recognised during the year	6,669,953	6,704,013	5,457,434
Revenue from transfers intended for acquiring or constructing recognisable non financial assets during the year	2,256,281	2,180,879	2,174,522
	9,597,257	8,884,892	8,654,615
Information about receivables, contract assets and contract liabilities from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non financial assets is:			
Trade and other receivables from contracts with customers	855,456		811,770
Contract assets	13,500		33,686
Contract liabilities from contracts with customers	15 (671,023)		(1,022,659)

Contract assets primarily relate to the City's right to consideration for work completed but not billed at 30 June 2021.

Assets associated with contracts with customers were not subject to an impairment charge.

Impairment of assets associated with contracts with customers are detailed at note 2 (b) under 'Other expenditure'.

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met.

Information is not provided about remaining performance obligations for contracts with customers that had an original expected duration of one year or less.

Consideration from contracts with customers is included in the transaction price.

Performance obligations in relation to contract liabilities from transfers for recognisable non financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

CITY OF NEDLANDS
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2021

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)

Revenue from statutory requirements

Revenue from statutory requirements was recognised during the year for the following nature or types of goods or services:

General rates	24,724,235	24,247,233	24,367,185
Statutory permits and licences	137,883	81,653	492,661
Fines	342,509	365,650	458,081
	25,204,627	24,694,536	25,317,927

Other revenue

Reimbursements and recoveries	10,752	10,753	159,178
Other	121,959	503,078	330,983
	132,711	513,831	490,161

Interest earnings

Financial assets at amortised cost - self supporting loans	2,203	2,259	2,680
Interest on reserve funds	28,249	110,000	104,817
Rates instalment and penalty interest (refer Note 29(e))	166,540	174,000	215,994
Other interest earnings	71,913	162,741	176,572
	268,905	449,000	500,063

SIGNIFICANT ACCOUNTING POLICIES

Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Interest earnings (continued)

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes.

2. REVENUE AND EXPENSES (Continued)

(b) Expenses	Note	2021 Actual \$	2021 Budget \$	2020 Actual \$
Auditors remuneration				
- Audit of the Annual Financial Report		45,000	45,000	80,000
- Other services		10,000	9,600	4,500
		55,000	54,600	84,500
Interest expenses (finance costs)				
Borrowings	17(b)	164,187	172,115	235,313
Lease liabilities	16(b)	5,243	1,365	6,581

		706,287	882,852	937,514

3. CASH AND CASH EQUIVALENTS

NOTE	2021	2020
	\$	\$
Cash at bank and on hand	11,217,687	6,682,574
Term deposits	4,609,659	3,536,776
Total cash and cash equivalents	15,827,346	10,219,350
Restrictions		
The following classes of assets have restrictions imposed by regulations or other externally imposed requirements which limit or direct the purpose for which the resources may be used:		
- Cash and cash equivalents	4,506,328	2,893,379
- Financial assets at amortised cost	4,281,982	6,273,882
- Bonds & Retention Funds	2,800,200	2,248,759
	8,788,310	9,167,261

The restricted assets are a result of the following specific purposes to which the assets may be used:

Reserves - cash/financial asset backed	4	5,317,087	5,895,843
Contract liabilities from contracts with customers	15	671,023	1,022,659
Bonds & Retention Funds	33	2,800,200	2,248,759
Total restricted assets		8,788,310	9,167,261

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted assets

Restricted asset balances are not available for general use by the local government due to externally imposed restrictions. Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

	5,895,843	327,947	(906,703)	5,317,087	5,921,267	4,524,113	(2,299,388)	8,145,992	6,095,369	2,361,686	(2,561,212)	5,895,843

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserves - cash/financial assets backed.

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve	Anticipated date of use	Purpose of the reserve
(a) Reserves cash backed - Plant Replacement Reserve	On-going	To fund replacement of plant and equipment so that the cost is spread over to a number of years.
(b) Reserves cash backed - City Development Reserve	On-going	To fund improvement and purchase of property, plant and equipment.
(c) Reserves cash backed - North Street Reserve	On-going	To fund operational and capital costs of community and recreational facilities at Mt Claremont and Swanbourne, and infrastructure generally.
(d) Reserves cash backed - Welfare Reserve	On-going	To fund the operational and capital costs to welfare services.
(e) Reserves cash backed - Service Reserve	On-going	To fund purchase of property, purchase of land and for parking areas, expense of streets depots, town planning schemes, valuation and legal cost, items of works of an urgent nature such as drainage.
(f) Reserves cash backed - Insurance Reserve	On-going	To fund any excess that may arise from having a performance based workers compensation premium.
(g) Reserves cash backed - Waste Management Reserve	On-going	To fund replacement of rubbish bin stock so that the cost is spread over a number of years.
(h) Reserves cash backed - Building Replacement Reserve	On-going	To fund the upgrade and/or replacement of council buildings.
(i) Reserves cash backed - Swanbourne Development Reserve	On-going	To fund capital works in the Swanbourne area associated with the Swanbourne Masterplan. Set-up with proceeds of the insurance claim arising from the fire of council property in Swanbourne.
(j) Reserves cash backed - Public Art Reserve	On-going	To fund works of art in the City of Nedlands.
(k) Reserves cash backed - Business System Reserve	On-going	To fund council's business system.
(l) Reserves cash backed - All Abilities Play Space	On-going	To fund the annual operating and maintenance cost of the All Abilities Play Space
(m) Reserves cash backed - Underground Power Projects	On-going	To fund Underground Power Projects
(n) Reserves cash backed - Major Projects	On-going	To fund capital works from proceeds from sale of major assets
(o) Reserves cash backed - Lawler Park	30-Jun-21	To receive a donation from the Hackett Civic Association to fund the specific requests of the Association within Lawler Park, the specific request are for covered seating, an item of exercise equipment and a plaque acknowledging the donation

5. OTHER FINANCIAL ASSETS

(a) Current assets

Financial assets at amortised cost

Other financial assets at amortised cost

Term deposits

Self supporting loans

(b) Non-current assets

Financial assets at amortised cost

Financial assets at fair value through profit and loss

Financial assets at amortised cost

Self supporting loans

Financial assets at fair value through profit and loss

Units in Local Government House Trust

	2021	2020
	\$	\$
Financial assets at amortised cost	4,298,665	6,277,329
	4,298,665	6,277,329

	57,401	78,815
Financial assets at fair value through profit and loss		
Units in Local Government House Trust	147,614	142,442
	147,614	142,442

Loans receivable from clubs/institutions have the same terms and conditions as the related borrowing disclosed in Note 17(b) as self supporting loans.

Units in LG House Trust represents the equity the City of Nedlands has in the Local Government House Trust as a consequence of a contribution towards the cost of purchasing Local Government House. The total contribution by all Councils towards the cost of the WALGA building was \$582,000 of which the City of Nedlands contributed \$8,000. There are 620 units in the Local Government House Trust, 8 of which are held by the City of Nedlands.

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss

The City classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the City has not elected to recognise fair value gains and losses through other comprehensive income.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 31.

6. TRADE AND OTHER RECEIVABLES

Current

Rates receivable	
Trade and other receivables	
GST receivable	
Allowance for impairment of receivables	
Service charges receivable	
Lease Receivable	

Non-current

Pensioner's rates and ESL deferred

542,853	640,126
441,776	493,575
1,443,370	1,604,435

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

When the City acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. When the City is an intermediate lessor, it accounts for its interests in the head lease and sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from

The lease receivable relates to a property that the City has sub-leased to a third party. The City has classified the sub lease as a finance lease, because the sub-lease is for the whole of the remaining term of the head lease.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 31.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

7. INVENTORIES

Current

Fuel and materials

The following movements in inventories occurred during the year:

Balance at beginning of year

Inventories expensed during the year

Reversal of write down of inventories to net realisable value

Additions to inventory

Balance at end of year

	2021	2020
	\$	\$
	34,191	22,816
	34,191	22,816
	22,816	15,727
	(115,523)	(149,824)
	5,172	2,305
	121,726	154,608
	34,191	22,816

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

8. OTHER ASSETS

Other assets - current

Prepayments

2021	2020
\$	\$
48,312	290,591
48,312	290,591

SIGNIFICANT ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

9. PROPERTY, PLANT AND EQUIPMENT

(a) Movements in Balances

Movement in the balances of each class of property, plant and equipment between the beginning and the end of the current financial year.

	Land	Buildings - non- specialised	Buildings - specialised	Total land and buildings	Total land and buildings	Furniture and equipment	Plant and equipment	Total property, plant and equipment

9. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
(i) Fair Value					
Land and buildings					
Land	Level 2	Market Approach	Independent Registered valuer	June 2017	Sales evidence of similar assets
Buildings - non-specialised	Level 2	Market Approach	Independent Registered valuer	June 2017	Sales evidence of similar assets
Buildings - specialised	Level 3	Depreciated Replacement Cost Approach	Independent Registered valuer	June 2017	Estimates of replacement cost, residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount.
(ii) Cost					
Furniture and equipment	Level 3	Market Approach (until 30 June 2019)	Management valuation	June 2016	Make, size, year of manufacture and condition
Plant and equipment	Level 3	Market Approach (until 30 June 2019)	Management valuation	June 2016	Make, size, year of manufacture and condition

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

Following a change to Local Government (Financial Management) Regulation 17A, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change was effective from 1 July 2019 and represented a change in accounting policy.

Revaluations carried out previously were not reversed as it was deemed fair value approximated cost at the date of change.

10. INFRASTRUCTURE

(a) Movements in Balances

Movement in the balances of each class of infrastructure between the beginning and the end of the current financial year.

	Infrastructure - Roads	Other infrastructure - Drainage	Other infrastructure - Footpath	Other infrastructure - Parks, Garden and Reserves	Other infrastructure - Street Furniture	Total Infrastructure
	\$	\$	\$	\$	\$	\$

10. INFRASTRUCTURE (Continued)

(b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
(i) Fair Value					
Infrastructure - Roads	Level 3	Depreciated Replacement Cost Approach	Independent Registered valuer	June 2018	Estimates of replacement cost, residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount.
Other infrastructure - Drainage	Level 3	Depreciated Replacement Cost Approach	Independent Registered valuer	June 2018	Estimates of replacement cost, residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount.
Other infrastructure - Footpath	Level 3	Depreciated Replacement Cost Approach	Independent Registered valuer	June 2018	Estimates of replacement cost, residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount.
Other infrastructure - Parks, Garden an	Level 3	Depreciated Replacement Cost Approach	Independent Registered valuer	June 2018	Estimates of replacement cost, residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount.
Other infrastructure - Street Furniture	Level 3	Depreciated Replacement Cost Approach	Independent Registered valuer	June 2018	Estimates of replacement cost, residual value, useful life, pattern of consumption and asset condition and relationship to the assessed level of remaining service potential of the depreciable amount.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

11. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure and investment properties acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of land, buildings, infrastructure and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the City.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY

Revaluation (Continued)

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land under roads from 1 July 2019

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, is treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with *Local Government (Financial Management) Regulation 17A(2)(iv)* is a departure from AASB 16 which would have required the City to measure the vested improvements as part of the related right-of-use assets at zero cost.

Refer to Note 12 that details the significant accounting policies applying to leases (including right-of-use assets).

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	
- Structure	100 to 140 yrs
- Fit-outs	30 to 50 yrs
- Mechanical	50 to 100 yrs
- Roof Cladding	50 to 120 yrs
Furniture and equipment	4 to 10 yrs
Plant and equipment	5 to 15 yrs
Roads	
- Pavement	20 to 210 yrs
- Sub Grade	Not depreciated
- Top Surface	35 to 50 yrs
Footpaths	25 to 50 yrs
Stormwater	
- Pipes	60 to 80 yrs
- Pits	60 to 80 yrs
- Plant	30 to 80 yrs
Right of use (plant and equipment)	Based on the remaining lease

Depreciation rates (continued)

Asset Class	Useful life
Transport	
- Bus Shelters	30 yrs
- Roundabouts	20 to 80 yrs
- Street Lights	10 to 50 yrs
Parks	10 to 100 yrs
Parks Reticulation	25 to 50 yrs

Depreciation on revaluation

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

(a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or

(b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Amortisation

All intangible assets with a finite useful life, are amortised on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The residual value of intangible assets is considered to be zero and the useful life and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income and in the note above.

12. LEASES

(a) Right-of-Use Assets

Movement in the balance of each class of right-of-use asset between the beginning and the end of the current financial year.

	Right-of-use assets - buildings \$	Right-of-use assets - plant and equipment \$	Right-of-use assets Total
Balance at 1 July 2019	5,112,928	105,822	5,218,750
Additions	25,672	0	25,672
Depreciation (expense)	(137,675)	(66,835)	(204,510)
Balance at 30 June 2020	5,000,925	38,987	5,039,912
Additions	0	157,176	157,176
Depreciation (expense)	(137,317)	(61,309)	(198,626)
Balance at 30 June 2021	4,863,609	134,853	4,998,461

The following amounts were recognised in the statement of comprehensive income during the period in respect of leases where the entity is the lessee:

	2021 Actual \$	2020 Actual \$
Depreciation expense on lease liabilities	(61,309)	(66,835)
Interest expense on lease liabilities	(1,374)	(2,339)
Total amount recognised in the statement of comprehensive income	(62,683)	(69,174)
Total cash outflow from leases	(80,414)	(87,055)

SIGNIFICANT ACCOUNTING POLICIES

Leases

At inception of a contract, the City assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Leases for right-of-use assets are secured over the asset being leased.

Right-of-use assets - valuation

Right-of-use assets are measured at cost. This means that all right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not included in the statement of financial position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 11 for details on the significant accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the City anticipates to exercise a purchase option, the specific asset is amortised over the useful life of the underlying asset.

12. LEASES (CONTINUED)

(b) Property, Plant and Equipment Subject to Lease

The table below represents a maturity analysis of the undiscounted lease payments to be received after the reporting date.

Less than 1 year
 1 to 2 years
 2 to 3 years

	57,701	0	0
	220,022	0	493,575
	493,575	0	543,997

SIGNIFICANT ACCOUNTING POLICIES

The City as Lessor

Upon entering into each contract as a lessor, the City assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (eg legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the Entity applies AASB 15 to allocate the consideration under the contract to each component.

	<u>93,181</u>	<u>47,251</u>

SIGNIFICANT ACCOUNTING POLICIES

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

Less than 1 year

Contract liabilities	Liabilities under transfers to acquire or construct non-financial assets to be controlled by the entity
\$	\$
671,023	1,022,659
671,023	1,022,659

SIGNIFICANT ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Liabilities under transfers to acquire or construct non-financial assets to be controlled by the entity

Grant liabilities represent the the City's performance obligations to construct recognisable non-financial assets to identified specifications which are yet to be satisfied.

Grant liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Lease liabilities - non-current	207,605	137,163
Total facilities in use at balance date	4,386,400	6,054,813

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are recognised at fair value when the City becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Risk

Information regarding exposure to risk can be found at Note 31.

	2,839,959	2,917,358	

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued)

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

19. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	2021 Actual	2021 Budget	2020 Actual
	\$	\$	\$
Cash and cash equivalents	15,827,346	11,415,468	10,219,350
Reconciliation of Net Cash Provided By Operating Activities to Net Result			
Net result	5,354,733	4,142,714	6,143,662
Non-cash flows in Net result:			
Adjustments to fair value of financial assets at fair value through profit and loss	(5,172)	0	(2,305)
Depreciation on non-current assets	4,288,831	4,446,300	4,128,897
(Profit)/loss on sale of asset	(35,066)	30,134	(53,474)
Write of minor assets	0	0	93,759
Changes in assets and liabilities:			
(Increase)/decrease in receivables	389,739	544,224	411,987
(Increase)/decrease in other assets	242,279	-	(119,761)
(Increase)/decrease in inventories	(11,375)	2,500	(4,784)
(Increase)/decrease in contract assets	20,186	-	(33,686)
Increase/(decrease) in payables	1,387,146	16,087	1,188,212
Increase/(decrease) in employee provisions	(77,399)	250,000	161,653
Increase/(decrease) in other provisions	45,930	-	-
Increase/(decrease) in other liabilities	(351,636)	(768,634)	(63,403)
Non-operating grants, subsidies and contributions	(2,256,281)	(2,180,879)	(2,174,522)
Net cash from operating activities	8,991,914	6,482,446	9,676,235

SIGNIFICANT ACCOUNTING POLICIES

Rates

Control over assets acquired from rates is obtained at the commencement of the rating period.

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

CITY OF NEDLANDS
 NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
 FOR THE YEAR ENDED 30 JUNE 2021
 31. FINANCIAL RISK MANAGEMENT

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2021					
Cash and cash equivalents	0.12%	15,827,346	4,609,659	11,217,687	0
Financial assets at amortised cost - term deposits	0.25%	4,281,982	4,281,982	0	0
2020					
Cash and cash equivalents	0.51%	10,219,350	3,536,776	6,682,574	0
Financial assets at amortised cost	0.89%	6,273,882	6,273,882	0	0

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

Impact of a 1% movement in interest rates on profit and loss and equity*

	2021	2020
	\$	\$
	158,273	102,194

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 17(b).

31. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

Trade and Other Receivables

The City's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the City to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. Whilst the City was historically able to charge interest on overdue rates and annual charges at higher than market rates, which further encourage payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2020 or 1 July 2021 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors. The loss allowance as at 30 June 2021 and 30 June 2020 was determined as follows for trade receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
30 June 2021					
Trade and other receivables					
Expected credit loss	0.00%	0.00%	0.00%	0.04%	
Gross carrying amount	164,162	26,106	40,990	238,464	469,722
Loss allowance	0	0	0	10,432	10,432
30 June 2020					
Trade and other receivables					
Expected credit loss	0.00%	0.00%	0.00%	0.04%	
Gross carrying amount	241,667	159,240	9,241	254,259	664,407
Loss allowance	0	0	0	9,282	9,282

Contract Assets

The City's contract assets represent work completed, which have not been invoiced at year end. This is due to the City not having met all the performance obligations in the contract which give an unconditional right to receive consideration. The City applies the simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all contract assets. To measure the expected credit losses, contract assets have been grouped based on shared credit risk characteristics and the days past due. Contract assets have substantially the same risk characteristics as the trade receivables for the same types of contracts. The City has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

31. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 17(c).

The contractual undiscounted cash flows of the City's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year \$	Due between 1 & 5 years \$	Due after 5 years \$	Total contractual cash flows \$	Carrying values \$
2021					
Payables	7,573,268	0	0	7,573,268	7,573,268
Borrowings	1,521,957	2,663,207	206,645	4,391,809	4,114,485
Contract liabilities	671,023	0	0	671,023	671,023
Lease liabilities	51,393	157,178	64,070	272,641	271,915
	9,817,641	2,820,385	270,715	12,908,741	12,630,691
2020					
Payables	6,186,122	0	0	6,186,122	6,186,122
Borrowings	1,926,583	3,962,019	429,791	6,318,393	5,864,651
Contract liabilities	1,022,659	0	0	1,022,659	1,022,659
Lease liabilities	58,232	71,524	81,950	211,706	190,162
	9,193,596	4,033,543	511,741	13,738,880	13,263,594

32. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the year, the City adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

(a) AASB 1059 Service Concession Arrangements: Grantors

This standard sets out the framework for a grantor to recognise the assets, liabilities, revenue and expense associated with a service concession arrangement where an operator is providing a public service on behalf of the grantor.

There is no impact on the City's financials.

33. BONDS AND RETENTION FUNDS

All bonds and deposits not required by legislation to be held in trust are included in Restricted Cash Note 3 and shown as current liability in Note 14:

	1 July 2020	Amounts Received	Amounts Paid	30 June 2021
	\$	\$	\$	\$
Footpath Bonds	1,144,943	911,473	(490,280)	1,566,134
Hall & Key Bond	52,705	6,795	(1,499)	58,001
Tresillian Bond & Miscellaneous	7,244	1,925	(410)	8,759
Retention for Non Compliance	42,662	2,504	0	45,166
Construction Training Bond	221,168	607,631	(507,338)	321,462
Building Construction Bond	337,013	651,269	(628,312)	359,970
Unclaimed Money	52,379	0	0	52,379
Tresillian Artist Sales	749	0	0	749
Crossover Bond	6,219	0	0	6,219
Miscellaneous	224,565	30,180	(16,499)	238,246
DAP Application Levy	14,253	101,409	(118,589)	(2,928)
Adelma	100,000	0	0	100,000
Supplier Retention	44,829	35,308	(34,093)	46,044
Staff Funds	32	0	(32)	0
	2,248,759	2,348,493	(1,797,051)	2,800,200

34. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the City's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the end of the reporting period.

35. ACTIVITIES/PROGRAMS

City operations as disclosed in these financial statements encompass the following service orientated activities/programs.

PROGRAM NAME AND OBJECTIVES	ACTIVITIES
<p>GOVERNANCE To provide a decision making process for the effi</p>	<p>Includes the activities of members of council and the administrative support available to the council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.</p>
<p>GENERAL PURPOSE FUNDING To collect revenue to allow for the provision of services.</p>	<p>Rates, general purpose government grants and interest revenue.</p>
<p>LAW, ORDER, PUBLIC SAFETY To provide services to help ensure a safer and environmentally conscious community.</p>	<p>Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.</p>
<p>HEALTH To provide an operational framework for environmental and community health.</p>	<p>Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance.</p>
<p>EDUCATION AND WELFARE To provide services to disadvantaged persons, the elderly, children and youth.</p>	<p>Maintenance of child minding centre, playgroup centre, senior citizen centre and aged care centre. Provision and maintenance of home and community care programs and youth services.</p>
<p>HOUSING To provide and maintain elderly residents housing.</p>	<p>Provision and maintenance of elderly residents housing.</p>
<p>COMMUNITY AMENITIES To provide services required by the community.</p>	<p>Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.</p>
<p>RECREATION AND CULTURE To establish and effectively manage infrastructure and resource which will help the social wellbeing of the community.</p>	<p>Maintenance of public halls, civic centres, aquatic centre, beaches, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.</p>
<p>TRANSPORT To provide safe, effective and efficient transport services to the community.</p>	<p>Construction and maintenance of roads, streets, footpaths, depots, cycle ways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc.</p>
<p>ECONOMIC SERVICES To help promote the shire and its economic wellbeing.</p>	<p>Tourism and area promotion including the maintenance and operation of a caravan park. Provision of rural services including weed control, vermin control and standpipes. Building</p>
<p>OTHER PROPERTY AND SERVICES To monitor and control City of Nedlands's overheads operating accounts.</p>	<p>Private works operation, plant repair and operation costs and engineering operation costs.</p>

36. FINANCIAL RATIOS

	2021 Actual	2020 Actual	2019 Actual
Current ratio	1.50	1.18	0.98
Asset consumption ratio	0.72	0.59	0.58
Asset renewal funding ratio	1.02	0.95	0.92
Asset sustainability ratio	1.36	1.61	2.33
Debt service cover ratio	3.79	4.34	5.61
Operating surplus ratio	0.09	0.12	0.18
Own source revenue coverage ratio	1.03	1.06	1.14

The above ratios are calculated as follows:

Current ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Target	
Asset consumption ratio	$\frac{\text{depreciated replacement costs of depreciable assets}}{\text{current replacement cost of depreciable assets}}$
Asset renewal funding ratio	$\frac{\text{NPV of planned capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$
Asset sustainability ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{depreciation}}$
Debt service cover ratio	$\frac{\text{annual operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating surplus ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own source revenue coverage ratio	$\frac{\text{own source operating revenue}}{\text{operating expense}}$

CITY OF NEDLANDS

MANAGEMENT LETTER

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2021

MATTERS IDENTIFIED DURING THE AUDIT

INDEX OF FINDINGS		RATING		
Identified in the current year				
No new matters have been identified in final testing				
No	Description	Significant	Moderate	Minor
Matters outstanding from prior years				
1.	Manual Input of Fees and Charges on Invoicing			✓
2.	Capitalisation of Infrastructure Assets		✓	
3.	Lack of formal evidence of monitoring of vendor activity within the Authority production environment	✓		
4.	Migration of changes to the Authority production environment did not follow the relevant process		✓	
5.	Payments made to suppliers not matched against the respective supplier invoices.		✓	
6.	Receipts from debtors not matched against the respective debtor invoices.		✓	
7.	No aged trial balance available for Infringement Debtors.		✓	

CITY OF NEDLANDS

MANAGEMENT LETTER

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2021

MATTERS IDENTIFIED DURING THE AUDIT

KEY TO RATINGS

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

- **Significant** – Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating may be reported as a matter of non-compliance in the audit report in the current year, or in a subsequent reporting period if not addressed. However, even if the issue is not likely to impact the audit report, it should be addressed promptly.
- **Moderate** – Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- **Minor** – Those findings that are not of primary concern but still warrant action being taken.

1. Manual input of fees and charges on invoicing

Finding

2020/21

Prior year issue remains unresolved.

2019/20

The Council-approved schedule for fees and charges are not locked in the system and are manually input when invoicing.

Rating

Minor

Implication

There are risk of erroneous entry of the fees and charges upon invoicing which could result in incorrect charges to customers which might expose the City to reputational risks.

Recommendation

The City should ensure all categories of fees and charges are loaded onto the accounting system, reviewed in accordance with the approved schedule and locked for use in invoicing.

Alternatively, where this cannot be loaded onto the system and has to be entered manually, a level of review should be put in place to ensure the fees or charges entered agree to what has been approved by the Council.

Management Comment:

2019/20

Due to current finance system limitations, the City is unable to load all categories of fees and charges in to the present accounting system. The Director C&S and Manager Financial Services are very aware of this issue and have ensured that this has been identified as an integral requirement of the new accounting system being sourced.

2020/21

The implementation of ERP Finance System will address this finding.

Responsible person: Manager Financial Services

Completion Date: July 2022

2. Capitalisation of Infrastructure Assets

Finding

2020/21

Prior year issue remains unresolved.

2019/20

We identified that in accordance with the City's capitalization policy, capitalization of new infrastructure assets is undertaken at year end, which results in the new infrastructure assets not being depreciated from the point at which they were ready and available for use.

Rating

Minor

Implication

There is a risk that depreciation expense for infrastructure assets is understated.

Recommendation

For major infrastructure assets, the City should include a depreciation start date that aligns with when the asset was ready and available for use.

Management Comment:

2019/20

The current accounting system does not have the capacity for identification and capitalization of infrastructure assets as and when the asset is ready and available for use. There are numerous capital projects and to manually perform this exercise would not be viable. This has been identified as an integral requirement of the new accounting system being sourced.

2020/21

The implementation of ERP Finance System will address this finding.

Responsible person: Manager Financial Services

Completion Date: July 2022

3. Lack of formal evidence of monitoring of vendor activity within the Authority production environment

Finding

2020/21

Testing of the formal evidence of monitoring still to be completed for 2020/21.

2019/20

The Authority vendor (Civica) is responsible for developing and migrating large changes into the production environment, as well as providing support when required.

We were informed by IT personnel interviewed that Civica have 24/7 remote access to Authority via a generic account and that their access to the system is logged and monitored at the network layer, however logging functionality is poor within the application itself and therefore code or other configuration related changes cannot be tracked or monitored.

Rating

Significant

Implication

The vendor may make potentially inappropriate changes to Authority, including changing the configuration of key system-based controls or data related to the financial statements.

Recommendation

Management should consider:

- Locking the vendor account when not required
- Provisioning the vendor with unique accounts rather than a generic account
- Confirming with the vendor whether audit logging of changes within the application is available and if so, Management should conduct a formal periodic review of this log. To evidence that the review has been completed, the formal sign-off should be maintained, including the name of the reviewer, date reviewed, what they reviewed and the controls in place for them to gain comfort that the data provided to them to review was complete and accurate

Management Comment

The current solution records when the supplier logs in, but reporting of changes is restricted due to functionality within the system.

A new change management process has now been implemented. Civica have been notified via that effective immediately;

The Manager Business Systems will be notified prior to any changes.

Business Systems Senior engineer will manage the change process internally and pass information back to Civica once approval/rejection has occurred by management and the change has been affected.

2020/21

The implementation of the ERP Finance system in July 2022 will have full audit

capability and changes to the ERP functionality will go through the standard TechnologyOne system upgrade process. TechnologyOne will not have access to the City's ERP system and therefore will not be able to make any changes.

Responsible person: Manager ICT

Completion Date: July 2022

4. Migration of changes to the Authority production environment did not follow the relevant process

Finding

2020/21

Testing of the migration still to be completed for 2020/21.

2019/20

The process to migrate a change to the Authority production environment as defined in the City of Nedlands's System/Application Change Control Policy is as follows:

- 1 A standard change control form is completed
- 2 Approval from the Manager Information Systems (title has been changed) is obtained prior to the implementation of the change

Furthermore, we were informed that the testing is also conducted by IT and the business prior to the Authority vendor (Civica) migrating the change into production.

We noted that there were changes migrated into the Authority production environment during the audit period, but no change control form was completed and no evidence of testing was recorded for these changes.

We noted the above process is being changed during the 2021 financial year.

Rating

Moderate

Implication

Changes may be made to the Authority production environment which aren't suitably tested or approved by the relevant stakeholders, which may result in system based controls not operating as intended.

Not recording evidence to support testing may result in there being no audit trail if any issues were to be encountered after migration.

Recommendation

Management should update their change management process to reflect ITIL standards as stated in the FY20 management comment. This new process should clearly state the requirement to maintain appropriate documentation for changes to the Authority application, including completing change control forms and maintaining evidence of testing being completed.

Management Comment

The policy with regard to system/addlication change control was approved in August 2018. Vendors, and specifically Civica, were informed of this change in December 2020. However, since this notification, there has been no occurrence of the requirement to have Manager ICT approve any vendor driven system updates and as such, no forms asking for approval have been created or authorised. It is therefore not possible to show evidence for an event that has not occurred.

Responsible person: Manager ICT

Completion Date: Sep 2021

5. Payments made to suppliers not matched against the respective supplier invoices

Finding

2020/21

Prior year issue remains unresolved.

2019/20

Prior year issue remains unresolved.

2018/19

Our review of the creditors aged trial balances from 1 July 2018 to 28 February 2019 revealed that the payments made to suppliers were not matched against the respective supplier invoices in the creditor's module in the system, and thus, fully paid creditors were included as part of the creditors ageing.

Rating: Moderate

Implication:

In the absence of accurate creditors' ageing trial balance, there is increased risk that the Council may be using misleading data for decision making.

Recommendation:

We recommend that payments to creditors be matched against the relevant outstanding suppliers' invoices in the creditors' module in order to maintain an accurate creditors ageing trial balance and to evaluate the payable balances age-wise.

Management Comment:

2020/21

The City's ERP system matches payments to suppliers invoices.

Responsible person: Manager Financial Services

Completion Date: July 2022

2019/20

This is an on-going issue with the current version of the Authority software that the City is using and will not be rectified until the implementation of a new solution. CIVICA is not addressing any issues in the software version used by the City as they have since upgraded their solution to 2 higher versions.

This has been identified as an integral requirement of the new accounting system being sourced.

Responsible person: Manager Financial Services

Completion Date: TBA – Dependent on implementation of new Finance System

2018/19

The inaccurate creditors aging was again raised with CIVICA in recent months and their reply remains the same, that they have no plans yet to change the report. Management agrees with the finding and recommendation and will continue to work with CIVICA to make the changes, however Management have little scope to ensure these changes are made as the supplier; CIVICA hasn't provided any clear indication of when they attend to address this issue.

Responsible person: Manager Financial Services

Completion Date: TBA – Dependent on implementation of new Finance System

6. Receipts of debtors not matched against the respective debtor invoices

Finding

2020/21

Prior year issue remains unresolved.

2019/20

Prior year issue remains unresolved.

2018/19

Our review of the sundry debtors aged trial balances from 1 July 2018 to 31 January 2019 revealed that receipts from debtors were not matched against the respective debtors invoices in the debtor's module in the system, and thus, debtors with a zero balance were included as part of the debtors ageing.

Rating: Moderate

Implication:

In the absence of accurate debtors ageing trial balance, there is increased risk that the Council may be using misleading data for decision making.

Recommendation:

We recommend that receipts from debtors be matched against the relevant outstanding debtor's invoices in the debtor's module in order to maintain an accurate debtors ageing trial balance and to evaluate the receivable balances age-wise.

Management Comment:

2020/21

The implementation of ERP Finance System will address this finding.

Responsible person: Manager Financial Services

Completion Date: TBA – Dependent on implementation of new Finance System

2019/20

This is an on-going issue with the current version of the Authority software that the City is using and will not be rectified until the implementation of a new solution. CIVICA is not addressing any issues in the software version used by the City as they have since upgraded their solution to 2 higher versions.

This has been identified as an integral requirement of the new accounting system being sourced

Responsible person: Manager Financial Services

Completion Date: TBA – Dependent on implementation of new Finance System

2018/19

The receipts are matched against the invoices on a weekly basis. However, the debtors ageing report has a similar issue to the creditors ageing report in that the Authority system reports based on total invoices and total receipts and not as a net figure. We have also raised this issue with CIVICA and their response is that they have no plans yet to change the report. Management agrees with the finding and recommendation and will continue to work with

CIVICA to make the changes, however Management have little scope to ensure these changes are made as the supplier; CIVICA hasn't provided any clear indication of when they attend to address this issue.

Responsible person: Manager Financial Services

Completion Date: TBA – Dependent on implementation of new Finance System

7. No Aged Trial balance available for infringement debtors

Finding

2020/21

Prior year issue remains unresolved.

2019/20

Prior year issue remains unresolved.

2018/19

The current accounting system "Authority" is not capable of generating an aged trial balance report for infringement debtors.

Rating: Moderate

Implication:

The Council is unable to ascertain if there are any long outstanding amounts for infringement debtors and their collectability.

Recommendation:

We recommend that an aged trial balance report be developed for infringement debtors. All long outstanding debts if any, be reviewed and action taken to recover them at the earliest.

Management Comment:

2020/21

The City's ERP system will produce trial balances and aged debtors reports.

Responsible person: Manager Financial Services

Completion Date: TBA – As per implementation of the ERP

2019/20

This is an on-going issue with the current version of the Authority software that the City is using and will not be rectified until the implementation of a new solution. CIVICA is not addressing any issues in the software version used by the City as they have since upgraded their solution to 2 higher versions.

This has been identified as an integral requirement of the new accounting system being sourced

Responsible person: Vanaja Jayaraman (Manager Financial Services)

Completion Date: TBA – Dependent on implementation of new Finance System

2018/19

The Council agrees with the finding and recommendation and will continue to work with CIVICA to resolve this issue.

Responsible person: Vanaja Jayaraman (Manager Financial Services)

Completion Date: TBA – Dependent on implementation of new Finance System

**INDEPENDENT AUDITOR'S REPORT
2021
City of Nedlands**

To the Councillors of the City of Nedlands

Report on the audit of the annual financial report

Opinion

I have audited the financial report of the City of Nedlands (City) which comprises:

- the Statement of Financial Position at 30 June 2021, the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended
- Notes comprising a summary of significant accounting policies and other explanatory information
- the Statement by the Chief Executive Officer.

In my opinion the financial report of the City of Nedlands:

- is based on proper accounts and records
- fairly represents, in all material respects, the results of the operations of the City for the year ended 30 June 2021 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities section below. I am independent of the City in accordance with the *Auditor General Act 2006* and the relevant ethical requirements of the Accounting Professional & Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to my audit of the financial report. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the City is responsible for the preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards. The CEO is also responsible for managing internal control (as required by the CEO) to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the City.

The Council is responsible for overseeing the City's financial reporting process.

Auditor's responsibility for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.

Report on other legal and regulatory requirements

In accordance with the Local Government (Audit) Regulations 1996 I report that:

(i) The following material matter indicating non-compliance with Part 6 of the Local Government Act 1995, the Local Government (Financial Management) Regulations 1996 or applicable financial controls of any other written law were identified during the course of my audit:

a. Due to accounting system limitations, vendor activity within the system cannot be tracked or monitored. The vendor also used a generic account. This increased the risk of unauthorised changes to key information, although our audit sampling did not identify any.

- (ii) All required information and explanations were obtained by me.
- (iii) All audit procedures were satisfactorily completed.
- (iv) In my opinion, the Asset Consumption Ratio and the Asset Renewal Funding Ratio included in the financial report were supported by verifiable information and reasonable assumptions.

Other information

The other information is the information in the entity's annual report for the year ended 30 June 2021, but not the financial report and my auditor's report. The CEO is responsible for the preparation and the Council for overseeing the other information.

My opinion does not cover the other information and, accordingly, I do not express any form of assurance conclusion thereon.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the City of Nedlands for the year ended 30 June 2021 included on the City's website. The City's management is responsible for the integrity of the City's website. This audit does not provide assurance on the integrity of the City's website. The auditor's report refers only to the financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this financial report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited financial report to confirm the information contained in this website version of the financial report.

City of Nedlands

Report to Audit & Risk Committee

For the year ended 30 June 2021

Introduction

To the Audit & Risk Committee of the City of Nedlands

We are pleased to have the opportunity to meet with you on 23 November 2021 to discuss the results of our audit of the City of Nedlands ("the City"), as at and for the year ended 30 June 2021.

We are providing this report in advance of our meeting to enable you to consider our findings and hence enhance the quality of our discussions. This report should be read in conjunction with our audit plan for the year ended 30 June 2021. We will be pleased to elaborate on the matters covered in this report when we meet.

Our audit is substantially complete. We draw your attention to the important notice on page 14 of this report, which explains:

- the purpose of this report; and
- limitations on work performed;
- restrictions on distribution of this report.

We would like to thank management for their assistance during the audit process.

Punitha Perumal
OAG Assistant Director

Executive summary

Key focus areas

	Page ref.
Existence and valuation of Property, plant & equipment	4
Existence and valuation of Infrastructure Assets	5
Revenue – rates, fees, charges, operating grants and subsidies	6
Cash and cash equivalents	7
Financial Ratios	8

Audit misstatements

Please refer to page 9 for details on the corrected and uncorrected audit misstatements identified.

Outstanding matters

In order to finalise our work, we require the following:

- Receipt of signed financial statements declaration and certification
- Receipt of signed management representation letters
- Subsequent events procedures
- Final clearance comments of the Audit & Risk Committee of matters contained in this report.

Fraud

We have not identified any instances of material fraud through our audit procedures.

Audit Focus Areas

01 Existence and valuation of Property, plant & equipment

Summary

Our audit response to the existence and valuation of property, plant & equipment comprises a fully substantive approach.

We consider this an audit focus area due to:

- Valuation methodology and assumptions can be complex and judgmental
- Significant volume of individual assets

Balance	FY20	FY20
Property, plant & equipment	\$146,705,559	\$147,286,247

Our controls approach

None planned

Our substantive approach

- No revaluations of fixed assets occurred during the current year with carrying values considered to continue to materially approximate fair value.
- Performed a roll forward of the fixed asset register for FY2021.
- Considered the previous internal valuations for the Council's land and buildings.
- Considered management's fair value assessment for fixed assets held at 30 June 2021.
- Performed substantive analytical procedures over the depreciation expense for the year.

Conclusion

Based on the audit procedures performed, no reportable misstatements are noted.

Audit Focus Areas

02 Existence and valuation of Infrastructure Assets

Summary

Our audit response to the existence and valuation of infrastructure assets comprises a fully substantive approach.

We consider this an audit focus area due to:

- Valuation methodology and assumptions can be complex and judgmental
- Significant volume of individual assets

Balance	FY21	FY20
Infrastructure	\$92,642,616	\$90,302,381

Our controls approach

None planned

Our substantive approach

- No revaluations of infrastructure assets occurred during the current year with carrying values considered to continue to materially approximate fair value.
- Performed a roll forward of the infrastructure asset register for FY2021.
- Considered the previous internal valuations for the City's infrastructure assets.
- On a sample basis, selected infrastructure asset additions confirming their existence and agreeing to supporting documentation.
- Considered management's fair value assessment for infrastructure assets held at 30 June 2021.
- Performed substantive analytical procedures over the depreciation expense for the year.

Conclusion

Based on the audit procedures performed, no reportable misstatements are noted.

Audit Focus Areas

03 Revenue - rates, fees, charges, operating grants and subsidies

Summary

Our audit response to the revenue – rates, fees, charges, operating grants and subsidies comprises controls and substantive testing.

We consider this an audit focus area due to:

- High volume of transactions and varying revenue/income streams that management are required to process accurately

Balance	FY21	FY20
Rates	\$24,724,235	\$24,367,185
Fees and charges	\$7,699,409	\$7,099,852
Operating grants and subsidies	\$2,162,126	\$2,293,237

Our controls approach

- Council approval of rates and charges for FY21.

Our substantive approach

- Reviewed the City’s rates policy for FY21.
- For a sample of rates revenue, recalculated the rates charged and ensured the correct rates were used, rates were accurately charged and the rates were received by the City.
- Focused cut-off testing around financial year end to ensure revenue was recorded in the correct period.
- Agreed a sample of fees and charges to supporting documentation and bank statements.
- Agreed grants received to the grant agreement and bank statements.
- Reviewed the City’s assessment of the impact of the standards AASB 15 and AASB 1058 for a sample of grants.

Conclusion

Based on the audit procedures performed, no reportable misstatements are noted.

Audit Focus Areas

04 Cash and cash equivalents

Summary

Our audit response to cash and cash equivalents comprises a fully substantive approach.

We consider this an audit focus area due to:

- High volume of transactions of significant value

Balance	FY21	FY20
Cash and cash equivalents	\$15,827,346	\$10,219,349
Term deposits	\$4,281,982	\$6,273,882

Our controls approach

- None planned.

Our substantive approach

- Reviewed the year end bank reconciliations and agreed to bank confirmations.
- Vouched term deposits to confirmations and considered appropriateness of classification.

Conclusion

Based on the audit procedures performed, no reportable misstatements are noted.

Audit Focus Areas

05 Financial ratios

Summary

We reviewed the financial ratios presented by the City for the year ended 30 June 2021.

Ratio	FY21	FY20	FY19	Significant Adverse Trend?
Current Ratio	1.50	1.18	0.98	No
Asset Consumption Ratio	0.72	0.59	0.58	No
Asset Renewal Funding Ratio	1.02	0.95	0.92	No
Asset Sustainability Ratio	1.36	1.61	2.33	No
Debt Service Cover Ratio	3.79	4.34	5.61	No
Operating Surplus Ratio	0.09	0.12	0.18	No
Own Source Revenue Coverage Ratio	1.03	1.06	1.14	No

Our approach

- Reviewed the ratios presented by the City for the year ended 30 June 2021.
- Assessed the mathematical accuracy of the financial ratios.
- Agreed financial ratios calculations to supporting data / documentation.
- Reviewed the City's comments to ensure consistency with our understanding obtained during the audit.
- Assessed whether any ratios constituted a significant adverse trend in accordance with the OAG guidance.

Conclusion

Based on the audit procedures performed, no reportable misstatements are noted.

Audit Misstatements

We assess audit misstatements under the income statement method. The income statement method considers the effect of uncorrected prior-period misstatements from an income statement perspective and uncorrected misstatements are quantified as the amount by which the current period income statement is misstated, after considering the reversing and correcting effects of uncorrected prior-period misstatements.

Corrected misstatements

There were no corrected audit misstatements.

Uncorrected misstatements

We have not identified uncorrected misstatements in the financial report.

Omissions and Errors in Presentation and Disclosures

We have not identified any material omissions or errors in presentation and disclosures in the financial report.

In the course of our review of the financial statements we made a number of recommendations in relation to presentation matters matters which management have incorporated into financial statements.

Auditor's Independence

We have strict rules and protocols to maintain our independence from City of Nedlands, including annual training and an annual staff declaration.

Safeguard

Non-audit services did not involve partners or staff acting in a managerial or decision making capacity, or involve the processing or originating of transactions.

Non-audit services were only provided where we were satisfied that they did not impact on our auditor independence.

Partners and staff involved in the provision of non-audit services obtained approval from the lead engagement partner to deliver the service.

Breaches

The APESB Code of Ethics for Professional Accountants ("the Code") requires us to communicate to you any breaches of the independence requirements of the Code.

On the rare instance of a significant breach of the Code, we will report our conclusions to you on the actions to be taken, or already taken within three working days. We will report less significant breaches in the Year-end Report to the Audit Risk Committee.

We confirm that as at the date of this report, no such breaches have been identified.

Non audit services

No non-audit services have been performed during or subsequent to the year ended 30 June 2021, other than audits in relation to Roads to Recovery grant acquittal and Pensioner Deferments. Agreed fees for these engagements were \$2,500 excl GST each. Grant acquittal audit in relation to Local Roads and Community Infrastructure is yet to complete. Agreed fees for this engagement is \$2,500 excl GST.

Conclusion

We confirm that, as at the date of this report, we have complied with the ethical requirements regarding independence.

Required communications with the Committee

Type	Response
Our draft management representation letter	We have not requested any specific representations in addition to those areas normally covered by our standard representation letter for the year ended 30 June 2021.
Related parties	There were no significant matters that arose during the audit in connection with the entity's related parties.
Other matters warranting attention by those charged with governance	There were no matters to report arising from the audit that, in our professional judgement, are significant to the oversight of the financial reporting process.
Control deficiencies	Refer to page 13.
Modifications to auditor's report	The audit report includes a modification relating to a material matter, indicating non-compliance with Part 6 of the Local Government Act 1995, the Local Government (Financial Management) Regulations 1996 or applicable financial controls of any other written law. Due to accounting system limitations, vendor activity within the system cannot be tracked or monitored. The vendor also used a generic account. This increased the risk of unauthorised changes to key information, although our audit sampling did not identify any.
Actual or suspected fraud, non-compliance with laws or regulations or illegal acts	No actual or suspected fraud management, employees with significant roles in internal control, or where fraud results in a material misstatement in the financial statements was identified during the audit.

Type	Response
Significant difficulties	No significant difficulties were encountered during the audit.
Disagreements with management or scope limitations	The engagement team had no disagreements with management and no scope limitations were imposed by management during the audit.
Other information	This is to be completed once the preparation of the annual report is completed.
Breaches of independence	No matters to report. The engagement team and the firm have complied with relevant ethical requirements regarding independence.
Accounting practices	Over the course of our audit, we have evaluated the appropriateness of City of Nedlands' accounting policies, accounting estimates and financial statement disclosures. In general, we believe that these are appropriate. We have identified a number of management letter points relating to the IT systems that impact the Finance function.
Significant matters discussed or subject to correspondence with management	The significant matters arising from the audit were discussed with management and included within this Report.

Matters identified during the audit

The findings below have been reported in the management letter for the year ended 30 June 2021. There were no issues identified in the current year. All issues are prior year issues.

Matters outstanding from prior year

Description	Rating	
Lack of formal evidence of monitoring of vendor activity within the Authority production environment.		Consistent with the 30 June 2020 financial statement audit report, the significant finding outstanding from the prior year will be raised as a material matter indicating non-compliance with Part 6 of the Local Government Act 1995 and the Local Government (Financial Management) Regulations 1996.
Capitalisation of Infrastructure Assets		
Migration of changes to the Authority production environment did not follow the relevant process		
Payments made to suppliers not matched against the respective supplier invoices		
Receipts from debtors not matched against the respective debtor invoices		
No aged trial balance available for Infringement Debtors		
Manual Input of Fees and Charges on Invoicing		

Ratings

- Significant
- Moderate
- Minor

Important notice

This report is presented under the terms of our audit engagement letter.

- Circulation of this report is restricted.
- The content of this report is based solely on the procedures necessary for our audit.

Purpose of this report

This Report has been prepared in connection with our audit of the financial statements of the City of Nedlands (the “City”), prepared in accordance with the Australian Accounting Standards [‘AASBs’] (as they apply to local governments and not for profit entities) and the Local Government Act 1995 and accompanying regulations at and for the year ended 30 June 2021.

This Report has been prepared for those charged with governance, whom we consider to be the Audit & Strategic Finance Committee, in order to communicate matters of interest as required by ASAs (including ASA 260 Communication with Those Charged with Governance), and other matters coming to our attention during our audit work that we consider might be of interest, and for no other purpose. The Audit & Strategic Finance Committee should not assume that reports from us indicate that there are no additional matters they should be aware of in meeting their responsibilities.

This report summarises the key issues identified during our audit but does not repeat matters previously communicated to you.

Limitations on work performed

This Report is separate from our audit report and does not provide an additional opinion on the City’s financial statements, nor does it add to or extend or alter our duties and responsibilities as auditors.

We have not designed or performed procedures outside those required of us as auditors for the purpose of identifying or communicating any of the matters covered by this Report.

The matters reported are based on the knowledge gained as a result of being your auditors. We have not verified the accuracy or completeness of any such information other than in connection with and to the extent required for the purposes of our audit.

Restrictions on distribution

The report is provided on the basis that it is only for the information of those charged with governance of the City’s; that it will not be quoted or referred to, in whole or in part, without our prior written consent; and that we accept no responsibility to any third party in relation to it.

Ms Caroline Spencer
Auditor General
Office of the Auditor General
7th Floor, Albert Facey House
469 Wellington Street
PERTH WA 6000

Dear Ms Spencer

REPRESENTATION LETTER IN RESPECT OF THE CITY OF NEDLANDS' ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2021

This representation letter is provided in connection with your audit of the City of Nedlands' annual financial report for the year ended 30 June 2021 for the purpose of expressing an opinion as to whether the annual financial report is fairly presented in accordance with the *Local Government Act 1995* (the Act), the *Local Government (Financial Management) Regulations 1996* and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

We submit the following representations for the year ended 30 June 2021 after making appropriate enquiries and according to the best of our knowledge and belief. This representation covers all material items in each of the categories listed below.

1. GENERAL

- (a) We have fulfilled our responsibilities for the preparation and fair presentation of the annual financial report in accordance with the *Local Government Act 1995* (the Act), the *Local Government (Financial Management) Regulations 1996* and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.
- (b) We have advised your auditors of all material contentious methods used in the presentation of the financial report.
- (c) There have been no changes in accounting policies or application of those policies that would have a material effect on the financial report.
- (d) The prior period comparative information in the financial report has not been restated.

- (e) Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable. We confirm the disclosures related to accounting estimates are complete and appropriate.
- (f) We have established and maintained an adequate internal control structure and adequate financial records as we have determined are necessary to facilitate the preparation of the financial report that is free from material misstatement, whether due to fraud or error.
- (g) We have provided your auditors with:
 - (i) Access to all information of which we are aware that is relevant to the preparation of the financial report, such as records, documentation and other matters.
 - (ii) Additional information that your auditors have requested for the purpose of the audit.
 - (iii) Unrestricted access to staff and councillors of the City from whom your auditors determined it necessary to obtain audit evidence.
- (h) All transactions have been recorded in the accounting and other records and are reflected in the financial report.
- (i) All internal audit reports and reports resulting from other management reviews, including legal issues and legal opinions which have the capacity to be relevant to the fair presentation of the financial report including, where relevant, minutes of meetings, have been brought to your auditors' attention and made available to them.
- (j) We have advised your auditors of all known instances of non-compliance or suspected non-compliance with laws and regulations, and all known data or security breaches whose effects should be considered when preparing the financial report.
- (k) We have provided to your auditors the results of our assessment of the risk that the financial report may be materially misstated as a result of fraud.
- (l) No frauds or suspected frauds affecting the involving:
 - (i) Management;
 - (ii) Employees who have significant roles in internal control; or
 - (iii) Others

have occurred to the knowledge of management of the City of Nedlands.

- (m) To our knowledge no allegations of fraud or suspected fraud affecting the City's financial report has been communicated to us by employees, former employees, analysts, regulators or others.

- (n) We have disclosed to your auditors all known actual or possible litigation and claims whose effects should be considered when preparing the financial report, and they have been accounted for and disclosed in accordance with Australian Accounting Standards.

2. FAIR VALUE MEASUREMENTS AND DISCLOSURES

We confirm that where assets and liabilities are recorded at fair value, the value attributed to these assets and liabilities is the fair value.

We confirm that the carrying amount of each physical non-current asset does not materially differ from its fair value at the end of the reporting period. Significant fair value assumptions, including those with high estimation uncertainty, are reasonable.

We confirm the measurement methods, including related assumptions, used by management in determining fair values are appropriate and have been consistently applied.

We confirm that the fair value disclosures in the financial report are complete and appropriate.

3. GOING CONCERN

We confirm that the going concern basis of accounting is appropriate for the annual financial report.

4. CONTINGENT LIABILITIES

There are no material contingent liabilities at year end that have not been completely and adequately disclosed in the Notes to the financial report.

5. COMMITMENTS FOR CAPITAL AND OTHER EXPENDITURE

Other than those commitments reported in the Notes to the financial report, there were no significant commitments for capital or other expenditure contracts carrying over at year end.

6. FINANCIAL LIABILITY FOR CONTAMINATED SITES

We are aware of our obligations under the *Contaminated Sites Act 2003* and have reported to the Department of Water and Environmental Regulation, all land owned, vested or leased by the that is known to be, or is suspected of being, contaminated. All actual liabilities or contingent liabilities, if any, have been recognised and/or disclosed in the financial report as appropriate.

7. RELATED ENTITIES

We acknowledge our responsibility under section 17(1) of the *Auditor General Act 2006* (as applied by section 7.12AL of the *Local Government Act 1995*) to give written notice to the Auditor General if any of the City's functions are being performed in partnership or jointly with another person or body, through the instrumentality of another person or body, and/or by means of a trust. We confirm that we have provided the Auditor General with details of all related entities in existence at 30 June 2021.

8. RELATED PARTIES

We have disclosed to your auditors the identity of the City's related parties, as defined in Australian Accounting Standards, of which we are aware, and all the related party relationships and transactions of which we are aware. These include the City's key management personnel (KMP) and their related parties, including their close family members and their controlled and jointly controlled entities.

We have appropriately accounted for and disclosed such relationships and transactions in accordance with the requirements of Australian Accounting Standards.

9. KEY MANAGEMENT PERSONNEL COMPENSATION

We confirm the City's key management personnel (KMP) have not received any other money, consideration or benefit (except amounts being reimbursements for out-of-pocket expenses) which has not been included in the compensation disclosed in the Notes to the financial report.

10. SUBSEQUENT EVENTS

All events subsequent to the date of the financial report and up to the date of this letter for which Australian Accounting Standards require adjustment or disclosure, have been adjusted or disclosed.

11. INTERNAL CONTROL

We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

12. INSURANCE

We have established procedures to assess the adequacy of insurance cover on all assets and insurable risks. We believe, where appropriate, assets and insurable risks are adequately covered by insurance.

13. RISK MANAGEMENT

We confirm that we have established and maintained a risk management framework that is appropriate to the City.

14. FINANCIAL RATIOS

We confirm that the financial ratios included in the annual financial report have been prepared and fairly presented in accordance with the *Local Government (Financial Management) Regulations 1996*.

We confirm that the asset consumption ratio and the asset renewal funding ratio are supported by verifiable information and reliable assumptions.

15. ACCOUNTING MISSTATEMENTS

There are no uncorrected misstatements in the financial report.

16. ELECTRONIC PRESENTATION OF THE AUDITED ANNUAL FINANCIAL REPORT AND AUDITOR'S REPORT

- (a) We acknowledge that we are responsible for the electronic presentation of the annual financial report.
- (b) We will ensure that the electronic version of the audited annual financial report and the auditor's report presented on the City's website is the same as the final signed versions of the audited annual financial report and the auditor's report.
- (c) We have clearly differentiated between audited and unaudited information in the construction of City's website and understand the risk of potential misrepresentation in the absence of appropriate controls.
- (d) We have assessed the security controls over the audited annual financial report and the auditor's report and are satisfied that procedures in place are adequate to ensure the integrity of the information provided.
- (e) We will ensure that where the auditor's report on the annual financial report is provided on the website, the annual financial report is also provided in full.

17. OTHER (UNAUDITED) INFORMATION IN THE ANNUAL REPORT

We will provide the final version of the annual report to you when available, to enable you to complete your required procedures.

8.2 Update on Audit Recommendation of Contract Management

Committee	23 November 2021
Applicant	City of Nedlands
Employee Disclosure under section 5.70 Local Government Act 1995	Nil.
Director	Ed Herne
Attachments	Nil.
Confidential Attachments	1. Moore Australia Contracts Management Internal Audit Report

Executive Summary

This report provides an update on the recommendations from the audit of the City's Contract Management processes conducted by Moore Australia.

Recommendation to Committee

That the Audit and Risk Committee notes the progress made to date to address the findings from the Moore Australia Contract Management Audit Report.

Discussion/Overview

Moore Australia are the City's appointed Internal Auditors and in accordance with the internal audit plan have facilitated a review of the City's contract management processes.

The attached report which contained details of the issues raised and management's comments were presented to the Audit and Risk Committee on 31 May 2021.

A proposed action list to address the issues raised was presented to Council on 22 June 2021.

Update on Progress

Following the appointment of the Procurement Coordinator in August 2021, the focus has been primarily to address the findings and implement the recommendations from the Moore Australia audit.

Since then, substantial work has been done in the Contracts Management space between mid-August and the end of October, involving extensive consultation with internal stakeholders, training and working closely with WALGA and Moore Australia. As a result, several recommendations have been successfully addressed and implemented.

The target dates for implementation of the findings, as shown below and presented at the last Audit and Risk Committee meeting in August 2021, were based on the Procurement Coordinator position being vacant for about two half months. Considering the role has now been filled, the target dates have been revised accordingly.

An update on status and progress of each finding is provided below:

Finding	Description	Status	% Complete	Target Date identified in Audit report	New Target Date	Issues	Activity

Key Relevant Previous Council Decisions:

The audit findings were reported to the Audit and Risk Committee at the meeting held on the 31st May 2021. The Audit and Risk Committee recommended the following:

1. notes with concern the Moore Australia Audit into Contracts Management;
2. notes the actions recommended by the City's Officers; and
3. refers the report to the next Ordinary Council Meetings, where the Chief Executive Officer is requested to advise Council what resources are required to address this matter on an urgent basis.

At the Ordinary Council meeting dated 22nd June 2021, Council resolved the following:

1. notes with concern the Moore Australia Audit into Contracts Management;
2. notes the actions recommended by the City's officers.

Consultation

Over the period of the audit several staff members across the city were interviewed and consulted by the Moore Australia audit team regarding their involvement with contract management, and the processes structures guiding around them.

Strategic Implications

How well does it fit with our strategic direction?

Strategically, the City is committed to reducing operational risk and continual improvement of administrative processes to deliver more efficient services.

Who benefits?

The City benefits from the effective management of its contracts. This ensures regulatory compliance, transparency, reduced risk, process efficacy, and improved controls on contract expenditure, especially that related to contract variance and executive reporting.

Does it involve a tolerable risk?

The greatest risk is that we do nothing. This will expose the City to multiple risks operationally, reputationally and financially. The availability of an effective Procurement and Contracts function with sufficiently resourced and qualified staff will ensure the City can address those risks identified.

What level of risk is associated with the option? How can it be managed?

The audit report demonstrates that the City is performing poorly in all areas of its contract management activities and this represents a high risk to the City, financially, reputationally and operationally.

Do we have the information we need?

The Moore Australia Audit into the City's contract management function provides all the information required to improve our contract management processes.

Budget/Financial Implications

There are no financial implications to this report.

There may be budget implications when the report's recommendations are addressed in detail, where operational impacts are estimated and considered by the Administration, and then by Council at the appropriate time.

Can we afford it?

There is no immediate budgetary implication to receiving this report. Due to the current status, as identified by the Audit Report, the City is exposed to risk with a continuation of a business as usual operation within this function. This will need to be considered by the Administration and Council at a later date.

How does the option impact upon rates?

There will be no impact on rates in the receipt of this report. Future costs will need to be considered by the Administration and Council at a later date following a detailed review of the report's implications to the City's operations.

Conclusion

The findings reported by Moore Australia are progressively being addressed as a matter of priority.

Addressing all the findings will occur throughout the 2021/2022 financial year.

8.3 Update on Audit of Records Management

Committee	23 November 2021
Applicant	City of Nedlands
Employee Disclosure under section 5.70 Local Government Act 1995	Nil.
Director	Ed Herne – Director Corporate & Strategy
Attachments	Nil.
Confidential Attachments	1. Moore Australia Records Management Internal Audit Report

Executive Summary

The objective of this report is to present an update of the key records management initiatives being undertaken, along with their progress, to address the findings from Moore Australia (Internal Auditor’s) Records Management Audit and the Dialog IT SharePoint and Recordkeeping Audit Report for endorsement.

Recommendation to Committee

That the Audit & Risk Committee notes the progress made to address the findings from Moore Australia (Internal Auditor’s) Records Management Audit and the Dialog IT SharePoint and Recordkeeping Audit Report.

Voting Requirement

Simple Majority.

Discussion/Overview

The Moore Australia (WA) Pty Ltd (“Moore Australia”) audit into Records management identified a total of 9 key findings. The Dialog IT report identified eight recommendations. All recommendations are subsumed into the overarching audit report completed by Moore Australia.

Overall, the findings reported by Moore Australia and Dialog IT are considered very serious as the City’s records are largely unmanaged and lack compliance with the relevant principles and standards under the *State Records Act 2000*.

The City has been reviewing the findings and has been working on addressing these as a matter of urgency to achieve increased compliance.

Update on Progress

Circumstances have resulted in the Senior Information Management Officer position being vacated. This is having an impact on the Information Management team however this position will be filled as soon as possible. The recent appointment of a full time Manager ICT will mitigate the shortfall in capacity as an interim solution.

Additionally, the Manager ICT appointment has led to some delays in work completion as objectives are handed over to this position whilst completing the City's onboarding processes.

The above changes notwithstanding, the focus of activity since the previous Audit and Risk Committee Report has been the engagement of RecordPoint, and the enablement and configuration of its' Records365 solution. This solution overlays the standard Microsoft SharePoint functionality, using a rules-based approach to classify documents and records against the appropriate General Disposal Authority criteria. RecordPoint have been extremely patient, and flexible, in bringing clarity and foresight to the City's' incumbent Records Management processes. This patience and flexibility have allowed the City to understand more completely the difference between its current practices and best practice Records Management processes. It has also made clear to the City that previous thought processes were causing confusion and preventing the City from making sensible, pragmatic decisions which would support the City's in satisfying its' Record Management obligations

The Information Management team is working diligently to make these pragmatic choices active and available to all staff in the shortest time possible.

The secondary area of the team's focus has been against the digitalization of physical records. The team has completed site visits to potential external Solution Providers who have both been very candid in their engagement with the City. In conjunction with this candor, the team has been reaching out to fellow Councils to understand how they have been approaching the basic challenge of digitization; digitize and then classify or classify and then digitize. Unsurprisingly, many of the councils spoken with have not given the topic much detailed thought and it should be noted that some Councils are no better placed than Nedlands in this regard.

The team will be working to finalize a specialist partner for the digitization of Physical Records, working with the nominated partner to formalize a program of activities to give the City clarity on milestones and timeframes. This program is likely to run over several phrases.

The provision of a robust, compliant, and useable Records Management solution for the City will take some time to deliver, especially with regard to digitization of physical records which have proven challenging for many Councils for several years. The costs and expenses, of which, will be managed through existing budgetary processes.

The following table is an update on the status and progress of each finding:

Finding	Description	Status	% Complete	Previous Target Date	New Target Date	Issues	Activity/Comments
1	Lack of Records Management Policy & Procedures		40%	30-Oct-21	31-Dec-21	Staff turnover.	<ul style="list-style-type: none"> Records Management Policy and Procedures drafted Policy and Procedures undergoing internal review before sending for adoption
2	Inadequate Record Keeping Plan		20%	31-Dec-21		Nil.	<ul style="list-style-type: none"> Existing Records Keeping plan to be re-written State Records Office in public consultation over new RKP standard. New draft standard available but not officially released IM Team to assess differences between existing and new templates, then make recommendation as to which version, existing or draft updated, to refresh the existing RKP against.
3	Lack of Qualified & Experienced Staff		50%	31 Dec 2021	31-Mar-21	Additional capacity to address this finding.	<ul style="list-style-type: none"> Temporary Resource extended until end of Financial Year. Senior Information Officer departed City, with associated resource implications. Replacement recruitment underway. Not expected to be filled until new calendar year.

4	Inadequate Records Management Training		0%	30-Jun-22		Capacity to train all City staff.	<ul style="list-style-type: none"> No change from last report External training for existing staff by end of November All hands training (160+ staff) to commence on completion of finding #9
5	Lack of Monitoring		10%	30-Jun-22		Capacity to address this finding.	<ul style="list-style-type: none"> Minimal Change from last report To be addressed on completion of finding #9
6	Physical & Digital Security of Documents		80%	30-Sep-21	24-Dec-21	Staff turnover.	<ul style="list-style-type: none"> Physical Records Room procedure updated Undergoing internal consultation before final implementation Digital Document Security will be addressed as part of finding #9
7	Inadequate management of retention & disposal of records		10%	30-Jun-22		Additional capacity to address the ongoing management of this finding.	<ul style="list-style-type: none"> Minimal change from last report The City adopt the State Records Office Guideline for Records Retention and Disposal For Digital Documents, the implementation (ongoing) of Specialist Software will support closing this finding For Physical Documents, there is an ongoing market assessment to able the selection of specialist partner to support closing this finding

8	Inconsistent naming of documents		10%	30-Jun-22			<ul style="list-style-type: none"> Minimal change from last report; the naming standard will be based on the Keywords for Council standard with this standard incorporated into staff training
9	Non-compliance with State Records Act - SharePoint		40%	31-Jan-22		Nil.	<ul style="list-style-type: none"> Procurement of specialist software, RecordPoint365, completed with implementation underway

Legend	Description
	Target date will be delayed.
	Potential for target date delay.
	On target.

Key Relevant Previous Council Decisions:

The audit findings were reported to the Audit and Risk Committee at the meeting held on the 31st May 2021. The Audit and Risk Committee recommended the following:

1. notes with concern the Moore Australia Audit into Records Management and Dialog I.T.;
2. notes the actions recommended by the City's Officers; and
3. refers the report to the next Ordinary Council Meetings, where the Chief Executive Officer is requested to advise Council what resources are required to address this matter on an urgent basis.

At the Ordinary Council meeting dated 22nd June 2021, Council resolved the following:

1. notes with concern the Moore Australia Audit into Records Management and Dialog I.T.;
2. notes the actions recommended by the Administration; and
3. ensures the CEO notes the Council's concerns of what the Audit Report – Records Management revealed and requests the CEO address the remedial action as an urgent matter and report back to Council as soon as possible.

Consultation

The City's officers have consulted with the Director of State Records Office of Western Australia.

Strategic Implications

How well does it fit with our strategic direction?

Addressing the findings reported by Moore Australia and Dialog IT audit reports will ensure that the City can achieve increased compliance with the *State Records Act 2000* and reduce operational and strategic risk.

Who benefits?

The City will benefit by complying with the *State Records Act 2000*.

Does it involve a tolerable risk?

The Moore Australia and Dialog IT audit reports have identified a significant number of business risks that can only be mitigated to a manageable level if their recommendations are addressed by the City.

What level of risk is associated with the option and how can it be managed?

Addressing the Moore Australia and Dialog IT audit reports recommendations will reduce the risks that the City is currently exposed to in Records Management.

Do we have the information we need?

Yes, the Moore Australia and Dialog IT audit reports has fully informed the City on what actions are required to mitigate the identified records management risks.

Budget/Financial Implications

Can we afford it?

Addressing the Moore Australia and Dialog IT audit report recommendations will initially be addressed with existing resources. Future requirements for increasing capacity in the Records Management area will be subject to the City's budgetary processes.

How does the option impact upon rates?

Accepting the Officers recommendations in this report will not impact rates.

Conclusion

The findings reported by Moore Australia and Dialog IT are progressively being addressed within the capacity of existing records management resources.

Fully addressing all the findings will occur throughout the 2021/2022 financial year as the administration will have a significant amount of work to do after 5 years of no attention to the records management function.

8.4 Status of City's Internal Audit Log

Committee	23 November 2021
Applicant	City of Nedlands
Employee Disclosure under section 5.70 Local Government Act 1995	Nil.
Director	Ed Herne
Attachments	1. Internal Audit Log
Confidential Attachments	Nil.

Executive Summary

This report is to provide an update on all the recommended actions from previous audit reports.

Recommendation to Committee

The Audit and Risk Committee:

1. notes the status of the City's Audit Log as per Attachment 1; and
2. notes that items 19, 23, 25 and 26 of the Audit Log as being addressed and closed as per Attachment 1.

Discussion/Overview

The Audit Log captures and reports on the progress of all recommended actions from previous audit reports. The following items have been addressed and implemented by the City and verified by Moore Australia. They are now marked as closed and can be subsequently removed from the Audit Log.

Item 19 – Payroll Review – payroll change reporting

Item 23 – Contracts Management Review – training program

Item 25 – Contracts Management Review – Contract Management Framework

Item 26 – Contract Management Review – Contracts register

Key Relevant Previous Council Decisions:

Nil.

Consultation

Nil.

Strategic Implications

How well does it fit with our strategic direction?

The City of Nedlands relies on internal audit as the third line of defense to provide insight and improvement opportunities to the system of internal control.

Who benefits?

The City will benefit from having a Strategic Internal Audit Plan. This provides a strategic view of the internal audit topics planned for the next year to demonstrate the risks being mitigated by the work performed by the internal audit function, Office of the Auditor General via their financial and performance audit function and what work needs to be performed by the City of Nedlands.

Does it involve a tolerable risk?

The work included within the Strategic Internal Plan aims to reduce the residual risk identified by the City of Nedlands by identifying controls and improvement opportunities.

What level of risk is associated with the option? How can it be managed?

Nil.

Do we have the information we need?

Yes. The Strategic Internal Audit Plan identified the internal audit topics for the years ending 30 June 2022 to 30 June 2024.

Budget/Financial Implications

Can we afford it?

Recommendations from the audit reports have been included in the 2021-22 budget..

How does the option impact upon rates?

The impact of this option has already been included in the 2021-22 budget.

Conclusion

That Audit and Risk Committee notes the progress of all recommended actions from previous audit reports.

		Date		Audit			Status Comments		
ID	Open	Due	Status	Name	Action	Owner	Status Comments		
5	Jan-19	May-21	Work in progress	Accounts Payable and Purchasing (Contract & Procurement)	Purchasing Policy - Contract Variations (pt 3.3) Develop monitoring controls to ensure that deviations to the guidelines around contract variations are detected and mitigated.	Manager Financial Service	<p>23 Nov: Currently being developed.</p> <p>30 Aug: This is currently being developed</p> <p>31 May: This project is scheduled for June 2021</p> <p>17 Feb: Audit & Risk accepted to document "Risk Assessments and Controls Tendering Process" on 31 Aug 2020. This catered for not only risk mitigation in the contract development but also any changes (variations) post tender / pre contract start.</p> <p>Over the past 3-4 months Procurement has drafted a comprehensive Contract Management Procedures Manual to provide guidance to all City officers on the different types of contracts used by the City.</p> <p>This Manual provides guidance (for each contract type) on how to action variations and includes templates for Variation Notices, Variation Registers and Variation Schedules. The draft manual has already been reviewed by Assets and Leasing, and is currently under review by Tech Services. Once it has been reviewed by all stakeholders it will be presented to Audit & Risk for approval to publish. Procurement has set a target date of June 2021 for this project to be completed.</p> <p>9 Nov: Still in progress</p> <p>5 Oct: Still in progress</p> <p>3Aug20: - Currently in progress</p> <p>Jun20: The Procurement Coordinator is in the process of reviewing the existing controls and update them to enhance the monitoring process around contract variations.</p> <p>Feb20: The City is in the process of recruiting Purchasing and Tenders Coordinator. Existing Monitoring controls will be reviewed, finalised and managed by the appointed Purchasing and Tenders Coordinator.</p> <p>Nov19: Monitoring controls to detect contract variations will be managed via exception reporting. Currently, the reporting is being developed.</p> <p>Jun19: The Purchasing of Goods and Services Policy has been updated with the contract variations clauses. The monitoring controls will be updated as part of the purchasing</p>		
7	Jun-19	Dec-20	Work in progress	IT Policy review	Develop Privacy Policy and also policy to cover Data Breach Notifications (4.2.1)	ICT Manager	<p>23 Nov: Managerial changes within Business Systems/ICT/corporate teams resulted in a delay in the policy being reviewed and pushed for approval. Manager ICT now onboard with updates in due course</p> <p>30 Aug: A review and test of the BCP will be carried out by the new ICT Manager.</p> <p>31 May: We have engaged a consultant to do a review of our cyber security stance and deliver a report on our current state and what we would need to do to reach an acceptable industry standard in the future. This is currently under way and will be completed by End of June 2020</p> <p>17 Feb: This is part of a program of work around cyber security, data breach and privacy. This is a capacity issue and is part of a program of work</p> <p>9 Nov: Still in Progress</p> <p>5 Oct: Still in Progress</p> <p>3Aug20: Currently work in progress</p>		
8	Jun-19	Nov-20	Work in progress	IT Policy review	Item #1 Review and update BCP. Carry out testing of the BCP to assess for appropriateness.	ICT Manager	<p>23 Nov: BCP has been updated. Testing to be scheduled</p> <p>30 Aug: A review and test of the BCP will be carried out by the new ICT Manager.</p> <p>31 May: A review and workshop was carried out in Oct 2020. The BCP was updated to reflect the necessary changes. Due to a lack of the resources within IT and their capacity we have not been in any position to carryout the level of testing expected by the Internal Auditor. There has been extensive work carried out on ITSM (Information Technology Service Continuity) and we have had several instances that have proven our ability to maintain services when issues have arisen.</p> <p>17 Feb: BCP has reviewed and updated and signed off by EMT. Currently we do not have the capacity to carryout a test to the degree that has been indicated by the internal auditor. As a Business Continuity exercise, we have had two COVID lockdowns and business continuity has been consistent and continued throughout these periods. People working from home give an example of the office not being available and demonstrating that they can still work from remote locations. As with the outage on 16th Feb with with TCP, we were unable to do anything as it was a national fault. We had some workarounds which were able to give some functionality. The only option to protect ourselves in this scenario is to had an telecommunications account with two different suppliers for the same service.</p> <p>28 Oct Ongoing</p> <p>5 Oct: Completed going to EMT for Sign Off</p> <p>3Aug: Remaining action is to carry out testing by re-creating a complete shutdown. The BCP has now been reviewed and the current BCP has been updated. A series of two workshop and a complete re-write will commence after that workshop.</p> <p>20 Jun : The review has been conducted by the Internal Auditors on Business Continuity Management Area as part of 2nd year Internal Audit Function. The review process is in progress but the BCP document has been updated to incorporate certain recommendations made as a part of Internal Audit Review. Once, the review is completed and the Final recommendations are received, the BCP document will be finalised and the testing will be conducted.</p>

29 36	May-21	FY-22	Work in progress	Records Management Audit	Physical & Digital Security of Documents	ICT Manager	23 Nov: Draft Physical Records Management Procedure has been developed and ready for Executive review/approval. 23 Nov: City has audited its hardcopy files (internal/external), and is in the process of reviewing the scope to run a classification/digitisation plan to digitise legacy records to add value to the City's hardcopy records. 30 Aug: The physical records are housed in a secure room. Only authorised staff can only enter the Records room by swiping their security access pass. 30 Aug: Access to this room is electronically recorded in the Building Management System. Monthly reports of staff that enter the records room will be developed to audit security access. 30 Aug: A formal procedure for accessing the Records room and retrieval of documents is under development. 30 Aug: Security of digital documents will be addressed by Finding #39.
30 37	May-21	FY-22	Work in progress	Records Management Audit	Inadequate management of retention & disposal of records	ICT Manager	23 Nov: State Records Office has advised that they will be releasing a revised version of General Disposal Authority for Records - Retention & Disposal. They cannot provide the City with an exact release date. 23 Nov: Implementation of RecorPoint365 has commenced in Sep 2021. This software will mitigate the risk of information retention and disposal gap that is in the current records management database (SharePoint). 23 Nov: RecordPoint 365 will further enhance and capture general staff record keeping activities as a silent agent. 30 Aug: Meeting held with the Director of the State Records Office Friday 30th July 2021 to discuss the Retention and Disposal schedule. 30 Aug: The City will adopt the State Records Office Guideline for Records Retention and Disposal Instructions.
31 38	May-21	FY-22	Work in progress	Records Management Audit	Inconsistent naming of documents	ICT Manager	23 Nov: State Records Office has advised that they will be releasing a revised version of Keywords for Councils for Records Management Teams to adopt. They cannot provide the City with an exact release date.30 Aug: Following the meeting held with the Director of the State Records Office Friday 30th July 2021 the naming standards adopted will be based on Keywords for Councils. 30 Aug: This standard will be incorporate into the training program.
32 39	May-21	FY-22	Work in progress	Records Management Audit	Non-compliance with State Records Act - SharePoint	ICT Manager	23 Nov: Implementation of RecordPoint365 has commenced in Sep 2021. This software will assist in resolving several identified findings and recommendations 30 Aug: Procurement of a software tool has been finalised and approved. This third-party software tool is compatible with SharePoint and will address compliance issues as identified. 30 Aug: Project implementation will commence in September 2021.

8.5 Update from Moore Australia

Committee	23 November 2021
Applicant	City of Nedlands
Employee Disclosure under section 5.70 Local Government Act 1995	Nil.
Director	Ed Herne
Attachments	1. Moore Australia Agenda Paper Audit and Risk Committee
Confidential Attachments	Nil.

Executive Summary

This report is for Moore Australia to present its agenda paper to the Audit and Risk Committee.

Recommendation to Committee

That the Audit and Risk Committee receives the agenda paper from Moore Australia.

Voting Requirement

Simple Majority.

Discussion/Overview

Moore Australia has submitted an agenda paper for the discussion at the Committee meeting.

Key Relevant Previous Council Decisions:

Nil.

Consultation

Nil.

Strategic Implications

How well does it fit with our strategic direction?

The City of Nedlands relies on internal audit as the third line of defense to provide insight and improvement opportunities to the system of internal control.

Who benefits?

The City will benefit from having a Strategic Internal Audit Plan. This provides a strategic view of the internal audit topics planned for the next year to demonstrate the risks being mitigated by the work performed by the internal audit function, Office of the Auditor General via their financial and performance audit function and what work needs to be performed by the City of Nedlands.

Does it involve a tolerable risk?

The work included within the Strategic Internal Plan aims to reduce the residual risk identified by the City of Nedlands by identifying controls and improvement opportunities.

What level of risk is associated with the option? How can it be managed?

Nil.

Do we have the information we need?

Yes. The agenda paper contains updates relevant to the City's internal audit plan.

Budget/Financial Implications

Can we afford it?

Recommendations from the audit reports have been included in the 2021-22 budget..

How does the option impact upon rates?

The impact of this option has already been included in the 2021-22 budget.

Conclusion

That Audit and Risk Committee receives the agenda paper from Moore Australia.

AUDIT AND RISK COMMITTEE
MEETING AGENDA PAPER

**CITY OF NEDLANDS
INTERNAL AUDIT**

22 NOVEMBER 2021

Item 8.5 - Attachment 1

CONTENTS PAGE

1.	Recommendation	3

4. Publications

Moore Australia has identified the following reports which may be of interest to the Audit and Risk Committee. This is presented in Table 3 below.

Organisation and Report	Issue Date
CCC - Serious Misconduct by the CEO of the Shire of Ravensthorpe	2021
Public Sector Commission - Governance Manual for WA Boards and Committees	November 2021
Institute of Internal Auditors - Managing a Good Culture	June 2021

Table 3 Publications

5. Office of the Auditor General

A role of internal audit is to help Management to identify where risks are and to identify the controls and treatment actions in place to mitigate those risks, or to report the lack of these controls and treatment actions. A risk for all State and Local Government entities is the risk the Auditor General will perform a performance audit and report the results to Parliament which depending on the results, may identify significant un-identified risks and affect the credibility with Parliament, the community, and other stakeholders. Moore Australia assist our clients to be “audit ready” to reduce their credibility risk.

6.1 Tabled Reports

Tabled Auditor General reports can provide an opportunity for State and Local Government entities to assess their policy framework and practice and to identify areas where improvements can be made. It can also identify internal audit topics which may be useful to include in the Strategic Internal Audit Plan. Set out below in Table 4. is the Auditor General tabled reports since the last ARC meeting in August 2021. This excludes Section 82 Financial Management Act Ministerial Notifications Reports.

Tabled Report	Date
Roll-out of State COVID-19 Stimulus	25 October 2021
Local Government COVID-19 Financial Hardship Support	15 October 2021

Table 4: Auditor General Tabled Reports since August 2021.

8. Office of The Auditor General (continued)

6.2 Performance Audit Program

Currently there are no performance audits identified in a forward program on the Office of the Auditor Generals website and so this information has not been provided.

6. Questions

Michelle Shafizadeh and Duy Vo will be in attendance and are available to answer any questions that you may have at the meeting.

HELPING YOU THRIVE IN A CHANGING WORLD

8.6 Enterprise Resource Planning System – OneCouncil: Project Status Report #2

Committee	23 November 2021
Applicant	City of Nedlands
Employee Disclosure under section 5.70 Local Government Act 1995	Nil.
Director	Ed Herne – Director Corporate & Strategy
Attachments	Nil.
Confidential Attachments	1. OneCouncil Project Management Plan.

Executive Summary

The objective of this report is to present the Project Status Report for the implementation of the City’s Enterprise Resource Planning System - OneCouncil.

Recommendation to Committee

That the Audit & Risk Committee receive the OneCouncil Project Status Report #2.

Voting Requirement

Simple Majority.

Discussion/Overview

This is the second report prepared to provide the Audit and Risk Committee with a project status update of the implementation of the Enterprise Resource Planning System, called OneCouncil.

Following the Council resolutions made at the Ordinary Council Meeting dated 22nd June 2021, the Acting Chief Executive Officer entered into a contract with TechnologyOne to purchase their Enterprise Resource Planning System, called OneCouncil.

To date, detailed project management plans, change management plans and the scheduling of the OneCouncil Project has been finalised. These plans will form the baseline for reporting, tracking and controlling the project implementation. The planning milestone was completed on time.

The City has been very successful in recruiting experienced and skilled staff for the OneCouncil Project given that:

- Western Australia has the strongest performing jobs market of all states and very low unemployment levels; and
- The City is competing with other Councils who are recruiting the same roles for their respective implementation of OneCouncil.

The recruitment milestone was completed on time.

The City has now commenced the formal training program for the OneCouncil project team which is key to ensuring knowledge transfer from TechnologyOne to the City's staff. The training sessions will run from November 2021 through to the end of January 2022 and cover all of the Phase 1 modules (Finance, Payroll, Procurement, Human Resources, Customer Request Management, Enterprise Content Management and Contract Management). As the training programs for each OneCouncil module finish, workshops will commence to determine and incorporate the City of Nedlands specific requirements into the OneCouncil solution.

Change management activities have formally started with the OneCouncil Change Manager starting on the 25th October 2021. Staff briefing sessions are well advanced and various communications channels have been established. These communication channels include a OneCouncil section on the City's Intranet, a OneCouncil email address for staff to ask questions and regular updates at the CEO's monthly staff meetings. Future communication plans include developing screen savers, monthly posters to inform at staff of progress and surveys of staff to assess the effectiveness of the change management program.

In summary, the implementation of OneCouncil will be via three (3) phases over three (3) years using a standard project management methodology as per the following.

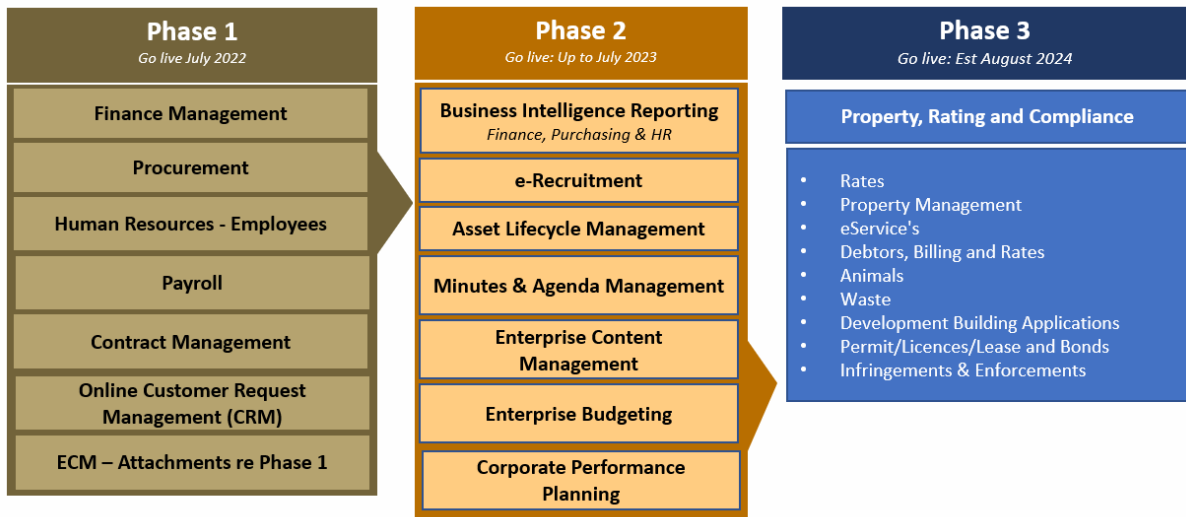

Figure 1 -OneCouncil : Overview of Phases

The scope of the abovementioned phases is largely driven by the fact that we are leveraging the implementation work undertaken at other Western Australian Local Governments. This approach reduces the implementation cost and overall risk to the City. Furthermore, the scope of Phase 1 is designed to lay the foundation systems ready for future phases of OneCouncil to build upon.

In terms of implementing Phase 1 of OneCouncil, the graphical representation below outlines the key project milestones:

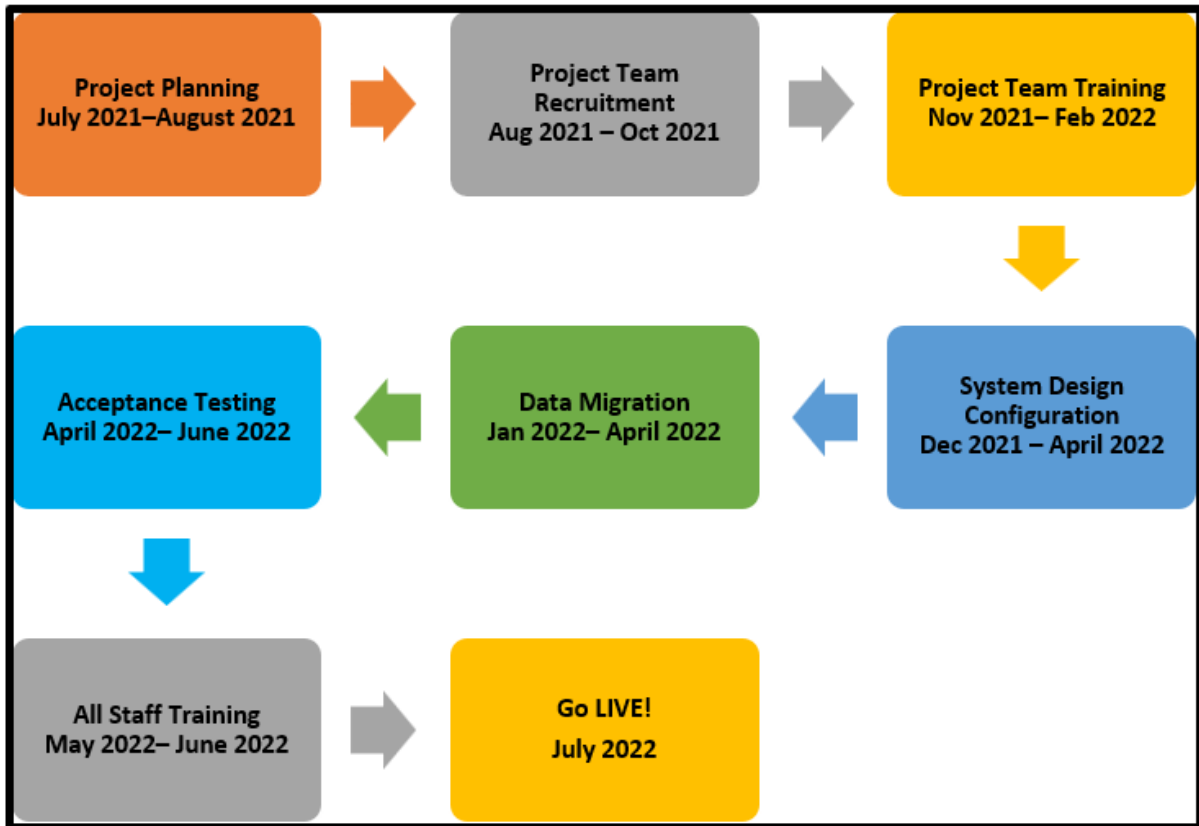

Figure 2 -OneCouncil Phase 1 Milestones

Update on Progress

The OneCouncil project is 29% complete as per the Project Schedule below.

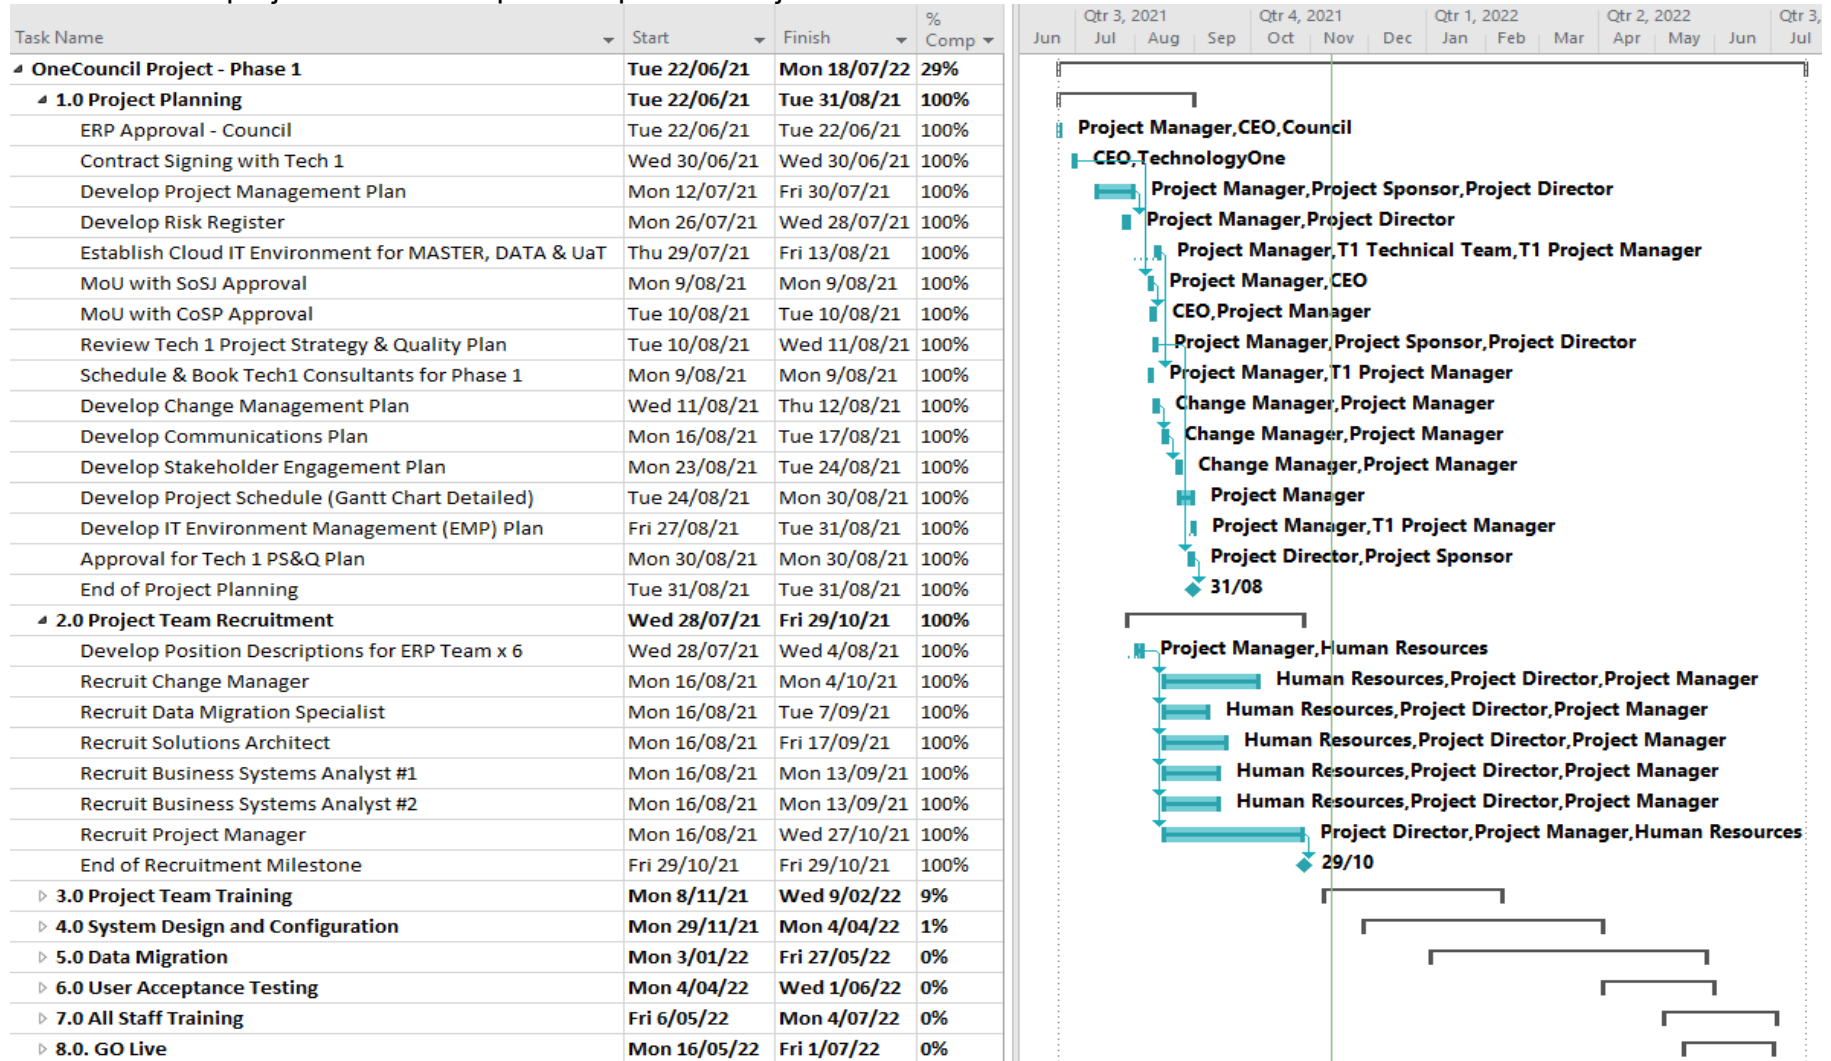

Figure 3 -OneCouncil Phase 1 Project Schedule

Milestone Status

The status of the key milestones outlined in the project schedule for the implementation of OneCouncil Phase 1 are:

#	Milestone	Status	% Complete	Target Date
1	Project Planning		100%	31 August 2021
2	Project Team Recruitment		100%	29 October 2021
3	Project Team Training		9%	11 February 2022
4	System Design & Configuration		1%	30 April 2022
5	Data Migration		0%	30 May 2022
6	Acceptance Testing		0%	30 May 2022
7	All Staff Training		0%	30 June 2022
8	Go LIVE		0%	July 2022

Legend	Description
	Milestone delayed > 10%.
	Potential for milestone delay.
	Milestone on target.

Key Activities Completed: 23 August 2021 to 31 October 2021

1. Milestone #1 – Project Planning : **100% Complete**
 - Project Management Plan approved (refer to confidential attachment #1);
 - Project Risk Register developed;
 - Project Change Management Plan developed;
 - Project Stakeholder Engagement Plan developed;
 - Project Communication Plan developed;
 - Cloud based OneCouncil IT Environments established;
 - Development of a detailed Project Schedule (Gantt Chart);
 - Booking of TechnologyOne Consultants for Phase 1 through to end of June 2022;
 - Development of an IT Environment Management (EMP) Plan; and
 - Development of the TechnologyOne Project Strategy & Quality Plan.

2. Milestone #2 – Project Team Recruitment : 100% **Complete**
 - Recruited Project Manager;
 - Recruited Change Manager;
 - Recruited Data Migration Specialist (since resigned on 5th November 2021 and a replacement has been recruited);
 - Recruited Solutions Architect; and
 - Recruited Business Systems Analysts x 2.

Key Activities Planned for next period – November 2021 to February 2022

The key deliverables planned for the next period are:

1. Milestone #3 – Project Team Training
 - Communication with all staff on the ‘what, why, when and how’ of the OneCouncil project; and
 - Completion of project team training for Finance, Payroll, Purchasing, Customer Request Management, Contracts and Human Resources. These training sessions will include subject matter experts from relevant business units.

2. Milestone #4 System Design & Configuration
 - Finalise Finance Chart of Accounts;
 - Commence OneCouncil System Design Workshops; and
 - Commence Configuration of the OneCouncil system.

Project Governance

The OneCouncil Steering Committee is the City's Executive Management Team. The inaugural OneCouncil Steering Committee meeting was held on the 7th October 2021 and a subsequent Steering Committee meeting was held on the 11th November 2021. Included on the agenda for the inaugural OneCouncil Steering Committee meeting was a presentation by TechnologyOne's State Consulting Manager and TechnologyOne's Project Manager.

OneCouncil Steering Committee Meetings are scheduled monthly with the City's project manager tabling a formal report on the overall status of the OneCouncil project.

The City's CEO also provides monthly updates to staff in the Monthly Staff Newsletter and provides regular updates to Council.

Fortnightly OneCouncil project team meetings have also commenced to monitor and control the OneCouncil project progress.

Key Relevant Previous Council Decisions:

At the Ordinary Council Meeting held on the 22nd June 2021 Council Resolved the following:

1. approves the supplier, TechnologyOne, to be awarded the contract for RFT 2020-21.03 – Provision City Finance System (Enterprise Resource Planning System) for the initial term of 5 years, comprising the initial 3 years with two one-year extensions, to be awarded under Local Government (Functions & General) Regulations 1996 11(2);
2. agrees to enter a contract with TechnologyOne to purchase their Enterprise Resource Planning System, called OneCouncil, with final contract subject to independent review to the satisfaction of the Chief Executive Officer; and
3. notes;
 - a. the adoption of the Integrated Enterprise Resource Planning approach for implementing Information Systems; and
 - b. the implementation of the TechnologyOne OneCouncil solution using the Cloud model called "Software as a Service".

Consultation

The OneCouncil Project team has developed the following stakeholder consultation plans:

Stakeholder Consultation Plans	Purpose
Change Management Plan	To outline the strategy and approach to managing the organisational change associated with implementing the OneCouncil project for employees, customers and stakeholders.
Communication Plan	To provide an overall framework for the ongoing management, coordination and delivery of communications to all staff across the City of Nedlands impacted by the OneCouncil project activities.
Stakeholder Engagement Plan	To outline the City's approach to managing stakeholder engagement throughout the implementation of the OneCouncil solution to ensure clear direction for the delivery of stakeholder engagement actions.

The City has also been consulting with the City of South Perth and the Shire of Serpentine Jarrahdale who are also implementing the same TechnologyOne OneCouncil system. The City has signed a Memorandum of Understanding (MoU) with the City of South Perth and the Shire of Serpentine Jarrahdale for the purpose of sharing information, system configuration/setup and lessons learnt.

Strategic Implications

How well does it fit with our strategic direction?

The City has adopted an Enterprise Resource Planning approach that sets the foundation for all organisational information technology systems and other supporting technologies. Investing in information systems and technology will provide the City of Nedlands with the requisite tools to plan, execute, evaluate all existing and future operations.

Who benefits?

The benefits were reported to the Audit and Risk Committee in August 2021 and are re-iterated in this report for completeness.

Council will benefit from the implementation of OneCouncil by:

- Improved online services for ratepayers and residents;
- Implementing the ability for customers/residents to engage the City online from any device and anytime;
- More efficient tools for reporting budget and statutory reporting obligations;

- Improved staff morale by reducing pressure/stress on staff - this will reduce the need to increase FTE in the future - as staff will have the right tools to do their job;
- The ability to attract talent from other Councils that use TechnologyOne;
- Improved planned and scheduled maintenance of our Assets;
- Reduced strategic and operational risk by replacing the City's obsolete IT systems;
- Improved granularity of financial reporting with a revised Financial Chart of Accounts; and
- Increased financial system controls with full audit capability to reduce the risk of fraud / corruption.

The City's administrative staff will benefit from the implementation of OneCouncil by:

- Optimization of business processes - Being more effective & efficient;
- Improved information accuracy and decision-making capability - A more strategic City;
- Improved and efficient business processes and tools for:
 - Business Intelligence & Reporting;
 - Financial management, budgeting, governance and transparency;
 - Employee performance management, learning, training and development;
 - Corporate strategic planning and reporting;
 - Sharing information between all areas of the City;
 - Comprehensive Asset management; and
 - Workforce mobility.
- Elimination of unnecessary manual and paper-based business processes;
- Delivers contemporary ICT systems with the capability to scale as the City grows; and
- Increased capacity for staff to work on business improvement activities rather than manual data entry/extraction Improved capacity for staff to work 'on the business' rather than 'in the business'

The Customer, community and other stakeholders will benefit from this initiative by:

- Customers will have access to on-line services 24x7 – this is an expectation;
- Ability for customers to report issues and/or request information online;
- Automated communication to customers - Request lodgement, progress and completion outcomes;
- Ability to track requests for information or service online – rather than calling the City;
- Online ability to lodge, track and pay for :
 - Building Applications and Development applications;

- Dog/Cat renewals/licences;
 - Requests for new services (i.e. Bins, Verge collections);
 - Copies of plans; and
 - Infringements / Fines.
- Having an improved customer and interface experience with the availability of online processes that can be completed at their convenience, not only during the City's operating hours as is the current situation; and
 - Simplification of the customer's communication and engagement with the City of Nedlands.

Does it involve a tolerable risk?

The implementation of transformational change has inherent risks. These risks have been formally identified, and risk mitigation strategies will be identified and implemented. A project risk register has been developed as part of the implementation of the Enterprise Resource Planning System. This will be supported by implementing robust project governance and project management to ensure visibility and accountability over the progress of the project.

A key risk mitigation strategy includes the establishment of a Memorandum of Understanding (MoU) with the City of South Perth and the Shire of Serpentine Jarrahdale as these local governments currently use the OneCouncil solution. This will enable the City to minimise resource effort and risk in the City's overall implementation. Importantly, adopting a pre-configured business process that another local government has already implemented will give the City a solid foundation on which to accelerate the implementation.

What level of risk is associated with the option and how can it be managed?

There is no risk associated with receiving this report.

Do we have the information we need?

The City has sufficient information to present the OneCouncil project status report.

Budget/Financial Implications

Can we afford it?

The provision of the implementation of OneCouncil is included in the City of Nedlands 2021/22 Annual Budget.

How does the option impact upon rates?

Receiving this report will not impact rates.

Conclusion

The implementation of OneCouncil Project is a significant investment that enables a whole new way of doing business more effectively.

A critical component of the implementation is effectively managing the transformational change that will occur right across the City. To this end, OneCouncil briefing sessions have been delivered to the CEO, Directors, Managers and Coordinators. All staff will be briefed at the CEO's monthly staff meeting scheduled for the 25th November 2021.

The following key messages being consistently communicated across the City:

- We need to evolve our organisation to ensure that we meet the expectations of the community we serve both now and in the future;
- The goal is to deliver a best-practice system that improves our processes, strengthens the capacity of our people and facilitates the delivery of excellent service to our customers;
- OneCouncil is a 3-year project managed in three (3) Phases and is an organisation-wide project that will touch most facets of the City;
- It is more than just new software. We are transforming the way we do things by simplifying our work processes and adopting best practice;
- You will be able to work 'on' the business rather than 'in' the business; and
- Active involvement by all staff in this change is vital to success.

9. Urgent Business Approved By the Presiding Member or By Decision

Any urgent business to be considered at this point.

10. Confidential Items

Any confidential items to be considered at this point.

11. Date of next meeting

The next meeting of the Audit & Committee is to be advised.

Declaration of Closure

There being no further business, the Presiding Member will declare the meeting closed.
