Strategic Plan

KFA 5 : Governance

To ensure that the processes of Local Government are delivered responsibly and in a transparent and consistent manner

- 5.1 Manage the City's resources in a sustainable and responsible manner.
- 5.6 Ensure compliance with statutory requirements and guidelines.

The draft 2011/12 Annual Budget has been prepared to ensure the City manages its resources in a sustainable and responsible manner as well as ensuring the City meets its statutory requirements.

Background

The draft 2011/12 Annual Budget has been considered in stages over the past 3 months with Councillors given the opportunity to review and endorse proposals presented by Administration at a series of budget workshops.

These budget workshops are summarised as follows:

1. 29 March 2011 – 2010/11 Mid Year Budget Review and overview of 2011/12 Budget.
2. 19 April 2011 – Draft Operating Budget.
3. 12 May 2011 – Proposed new operating initiatives, changes to FTEs and proposed differential rates.
4. 31 May 2011 – Proposed Capital Works and Fees and Charges.

The draft 2010/11 Annual Budget presented in this report reflects the consensus of views reached at the various budget workshops.

Proposal Details

The draft 2011/12 Annual Budget is attached and discussed in more detail below.

In summary, the draft 2011/12 Annual Budget is funded by a 7% increase in rates, of which 2% is applied to addressing the City's infrastructure backlog. A further 2% is applied to funding a new loan of \$2.2 million for the refurbishment of John Leckie Pavilion.

Consultation

Required by legislation Yes No

Required by City of Nedlands policy Yes No

As required by the Local Government Act 1995, the City advertised proposed differential rates on 21 May 2011, inviting comments over a

period of 21 days. At the close of submissions, no responses had been received.

Legislation

The Local Government 1995 Part 6, Division 2 applies to the preparation and adoption of the annual budget. Council is required to adopt its budget for the 2011/12 financial year between 1 June 2011 and 31 August 2011.

Budget/financial implications

Budget and financial impacts are outlined below.

Risk Management

A risk management approach has been applied throughout the preparation of the 2011/12 Annual Budget to ensure the ongoing maintenance, upgrade or replacement of the City's buildings and infrastructure and other assets. Over recent years there has been some minor damage to buildings, partly as a result of storm damage, that highlight the need to ensure regular and routine maintenance of all buildings and infrastructure is carried out.

Discussion

The budget incorporates the following key elements:

1. A differential rate in the dollar for residential properties has been imposed and set at 5.030 cents, residential vacant set at 6.530 cents and a differential rate in the dollar for non-residential properties set at 5.542 cents. This represents a rate increase of 7.0%
2. The 7% rate increase includes 2% to address the City's infrastructure backlog and a further 2% to fund a new loan of \$2.2 million for the refurbishment of John Leckie Pavilion.
3. The minimum rate will be \$1,060 for residential property, \$1,400 for residential vacant and \$1,450 for non-residential property; and
4. The proposed 2011/12 sanitation fees and charges have been increased to meet the full cost of providing these services, with the standard residential service charge being \$325.

Other key elements are outlined as follows:

Clearing the Infrastructure Backlog

As mentioned above, the draft 2011/12 Annual Budget includes 2% to address the infrastructure backlog.

In accordance with the City's Five Year Forward Works Program, approx \$3.0 million per annum is required in order to maintain the roads, paths and drains at current levels. This could have been accommodated from general rate revenue had rate rises kept pace with CPI since 2003/04.

In 2011/12 the City will commence the first major refurbishment of our buildings with the refurbishment of John Leckie Pavilion. The project has received grant funding and the balance of \$2.2 million is to be funded from a new loan.

As noted in previous budgets, the City of Nedlands has kept debt to a minimum but over recent years has borrowed for projects such as underground power and the new 3 bin residential waste service and for infrastructure projects in 2009/10. Comparatively, the City of Nedlands has a low debt service ratio of 6.59%. With the repayment of the last of the underground power loans during 2009/10 and delaying the draw down on the additional loan of \$2.0 million for 2010/11 until towards the end of the financial year, the debt service ratio for 2010/11 was 1.2%, or a total debt of \$5.8 million. The new loan for 2011/12 will increase total just under \$7.3 million.

Revised Forward Financial Plan

The necessity to borrow \$2.2 million to fund infrastructure works in 2011/12 is reflected in the revised 10 year forward financial plan. New loans for major building projects such as John Leckie Pavilion are unavoidable at the present time. However, with a consistent application of prudent increases in rates over the coming years to meet CPI plus an additional 2% for infrastructure, the future is brighter with the City being in a much stronger position to meet its capital works program in the future, without the reliance on loan funds.

The five year capital works program has also been reviewed and a planned orderly program to maintain the City's infrastructure over the period has been developed.

Refuse Charges

The proposed increase in the standard refuse charge from \$312 to \$325, a 4.1% increase, reflects the cost of providing this service. The increase is due in part to the increase in the State Government's Landfill Levy. However, the impact of this increase has been minimised due to the success of the City's 3 bin system, with a

significant decrease in the amount of waste sent to landfill with the 240 litre recycling and greens bins provided as part of the standard service.

The refuse service is also impacted by the increasing cost of fuel. While the 3 bin system is proving successful, of concern is the substantial increase in tonnes of bulk waste collected from residents as part of the bulk waste collection service.

Fees and Charges

The fees and charges reviewed in May 2011 are reflected in the proposed 2011/12 Annual Budget. At the last workshop Elected Members expressed a view that fees and charges should at least keep pace with CPI to ease the reliance on rate revenue. Accordingly, most fees and charges over which the City has control have been increased by 3 to 4%. However, following a further review, it has been necessary to increase some fees and charges even higher to reflect the actual cost of providing these services, such as staff and fleet costs as well as meeting the increased cost of utility charges.

Library fees and charges are consistent with other Libraries in the Western Suburbs.

Elected Member Allowances

In line with Council Policy, the allowances payable to Elected Members have been increased by 3.0%, being CPI as follows:

- Mayoral Allowance – \$40,915
- Deputy Mayoral Allowance – \$10,225
- Annual Attendance Fees:
 - Mayoral – \$14,000
 - Councillors – \$7,000
- Telecommunications Allowance – \$960
- Allowance for IT – \$825

Key new initiatives

Some key new initiatives in 2011/12 budget include:

\$3,260,500	Building Program
\$2,702,100	Roads and Traffic Management
\$722,000	Beecham Road Retaining Wall Remediation – Stages 1 and 2
\$678,000	Fleet replacements
\$562,800	Parks and Reserves – Upgrades and new equipment
\$500,000	River wall repairs
\$357,600	Drainage
\$298,400	Upgrades to Reticulation systems
\$281,600	IT and furniture and equipment and minor plant

\$187,600	Footpaths and parking
\$175,000	Natural areas – paths maintenance

Conclusion

That Council adopts the 2011/12 Annual Budget, representing an average 7.0% rate increase and a standard residential refuse charge increase to \$325, reflecting the full cost of providing this service.
