- 1. This development approval pertains to the proposed patio only.
- 2. Amended plans shall be submitted with the building permit demonstrating the patio being lowered by 0.3m where it attaches to the dwelling and the eave and posts of the patio lowered to be the same height as the garage adjacent to the western side lot boundary and the southern part of the patio be reduced in length to 500mm from the stairway.

- 2. The landowner is advised that all mechanical equipment (e.g. airconditioner) is required to comply with the *Environmental Protection* (Noise) Regulations 1997, in relation to noise.
- 3. All downpipes from guttering shall be connected so as to discharge into drains, which shall empty into a soak-well; and each soak-well

shall be located at least 1.8m from any building, and at least 1.8m from the boundary of the block.

Please Note there is no Recommendation to Council on this item.

The Recommendation to Committee and the Alternate Motion listed below were both moved and lost at the Committee Meeting.

Recommendation to Committee

Council refuses the development application for the proposed additions to the single house at (Lot 554) No. 83 Bruce Street, Nedlands, received on 15 November 2016, and the amended plans dated 23 March, 01 June and 21 June 2017, for the following reasons:

- 1. The proposal not satisfying the design principles stipulated under clause 5.1.2 (Street Setbacks) of the Residential Design Codes due to the proposed reduced setback to the northern secondary street lot boundary increasing the impact of bulk and scale as viewed from the streetscape.
- 2. The proposal not satisfying the design principles stipulated under clause 5.1.3 (Lot Boundary Setback) of the Residential Design Codes due to the proposed nil boundary setback of the dwelling and garage to the western rear lot boundary and the reduced southern side lot boundary setback increasing the impacts of building bulk on adjoining properties and the streetscape and reducing neighbour's property's access to sunlight during winter months.
- 3. The proposal setting an undesirable precedent in terms of a boundary wall development within the rear setback area within a low-density area.
- 4. The boundary wall development proposed within the R12.5 density code does not represent the orderly and proper planning of the City and conflicts with cl. 6.5.1 of Town Planning Scheme No. 2.

5. The proposal not satisfying provisions (b), (m) and (n) of the Planning and Development (Local Planning Schemes) Regulations 2015 cl.67, as the proposal for a boundary wall is incompatible with low density zone and will negatively impact the character of the locality.

Alternate Motion

Council approves the proposed additions to the single house at (Lot 554) No. 83 Bruce Street, Nedlands, received on 15 November 2016, and the amended plans dated 23 March, 01 June and 21 June 2017 subject to the following conditions and advice:

- 1. This approval only pertains to the rear additions, detached garage and secondary street fencing as shown on the approved plans and subject to the below conditions.
- 2. Amended plans shall be submitted with the building permit demonstrating the following amendments:
 - a) The secondary street setback being increased to 2m for the dwelling additions and the garage; and
 - b) The southern side lot boundary setback being increased to 1.5m for the additions.
- 3. The kitchen within the existing dwelling shall be removed within 14 days of practicable completion of the additions to the City's satisfaction.
- 4. The secondary street fencing shall have a maximum height of 1.8m above natural ground level at the base of the wall.
- 5. All stormwater from the development, which includes permeable and nonpermeable areas, shall be contained onsite.
- 6. The parapet walls to the western rear lot boundary being finished to a professional standard by the landowner within 14 days of practicable completion, and be maintained thereafter by the landowner, to the City's satisfaction.
- 7. All footings and structures to the parapet walls, retaining walls and fencing shall be constructed wholly inside the site boundaries of the Certificate of Title.

Advice Notes specific to this approval:

1. Dividing fences behind the front setback line with a height no greater than 1.8m above approved levels are deemed-to-comply with the Scheme and do not require further planning approval.

- 2. Any construction in the verge will require a Nature-Strip Development Application (NSDA) to be lodged with, and approved by, the City's Engineering section, prior to construction.
- 3. The proposed crossover shall be constructed to the Council's Crossover Specifications and the landowner to obtain levels for crossovers from the Council's Infrastructure Services under supervision onsite, prior to commencement of works.
- 4. All street trees on the verge are to be retained and shall not be removed without written approval from the Manager Parks Services.
- 5. Stormwater shall be contained on site by draining to soak-wells of adequate capacity to contain runoff from a 20 year recurrent storm event. Soak-wells shall be a minimum capacity of 1.0m³ for every 80m² of calculated surface area of the development.
- 6. All downpipes from guttering shall be connected so as to discharge into drains, which shall empty into a soak-well; and each soak-well shall be located at least 1.8m from any building, and at least 1.8m from the boundary of the block.
- 7. The landowner is advised that all mechanical equipment (e.g. airconditioners, swimming pool pump) is required to comply with the *Environmental Protection (Noise) Regulations 1997*, in relation to noise.
- 8. All internal water closets and ensuites without fixed or permanent window access to outside air or which open onto a hall, passage, hobby or staircase, shall be serviced by a mechanical ventilation exhaust system which is ducted to outside air, with a minimum rate of air change equal to or greater than 25 litres / second.
- 9. The swimming pool fencing installed is to comply with the *Building Act 2011*, the *Building Regulations 2012* and Australian Standard S 1926.1-1992.
- 10. The swimming pool, whether partially constructed or finished, shall be kept dry during the construction period. Alternatively, the water shall be maintained to a quality which prevents mosquitoes from breeding.
- 11. Prior to the commencement of any demolition works, any Asbestos Containing Material (ACM) in the structure to be demolished, shall be identified, safely removed and conveyed to an appropriate landfill which accepts ACM.

Removal and disposal of ACM shall be in accordance with *Health* (Asbestos) Regulations 1992, Regulations 5.43 - 5.53 of the Occupational Safety and Health Regulations 1996, Code of Practice for the Safe Removal of Asbestos 2nd Edition, Code of Practice for the Management and Control of Asbestos in a Workplace, and any Department of Commerce Worksafe requirements.

Where there is over 10m² of ACM or any amount of friable ACM to be removed, it shall be removed by a Worksafe licensed and trained individual or business.

12. This decision constitutes planning approval only and is valid for a period of two years from the date of approval. If the subject development is not substantially commenced within the two-year period, the approval shall lapse and be of no further effect.

Committee Recommendation / Recommendation to Committee

Council approves the development application dated 25 May 2017 to construct street setback area fencing and a swimming pool at Lot 233 (2) Wavell Road, Dalkeith subject to the following conditions and advice:

- 1. The development shall at all times comply with the approved plans.
- 2. This planning approval only pertains to the street setback area fencing and swimming pool.
- 3. All footings and structures shall be constructed wholly inside the site boundaries of the Certificate of Title.
- 4. The street setback area fencing must be finished to an acceptable standard to the satisfication of the City.

Advice Notes specific to this proposal:

- 1. All swimming pool waste water shall be disposed of into an adequately sized, dedicated soak-well located on the same lot. Soakwells shall not be situated closer than 1.8m to any boundary of a lot, building, septic tank or other soak-well.
- 2. All swimming pool fencing installed is to comply with the Building Act 2011, the Building Regulations 2012 and Australian Standard S 1926.1-1992.

The City does not recommend installing any equipment near a property boundary where it is likely that noise will intrude upon neighbours.

4. This decision constitutes planning approval only and is valid for a period of two years from the date of approval. If the subject development is not substantially commenced within the two year period, the approval shall lapse and be of no further effect.

Committee Recommendation / Recommendation to Committee

Council:

- 1. In accordance with s.41(3) of the *Planning and Development (Local Planning Schemes) Regulations 2015* does not support the complex amendment to Town Planning Scheme No. 2, for the following reasons:
 - a) The application does not propose a Local Development Plan to ensure development would achieve a high quality built form outcome, as indicated in the draft Local Planning Strategy;
 - b) The low density coding does not adequately contribute to the City's housing density target and support the surrounding activity centres; and
 - c) The proposed amendment will prejudice work being undertaken as part of the new Local Planning Scheme No. 3.

Executive Summary

Administration is required to provide Council with a monthly financial report in accordance with *Regulation 34(1)* of the Local Government (Financial Management) Regulations 1996. The monthly financial variance from the budget of each business unit is reviewed with the respective manager and the Executive to identify the need for any remedial action. Significant variances are highlighted to Council in the attached Monthly Financial Report.

Recommendation to Committee

Council receives the Monthly Financial Report for 30 July 2017.

Discussion/Overview

The monthly financial management report meets the requirements of Regulation 34(1) and 34(5) of the Local Government (Financial Management) Regulations 1996.

The monthly financial variance from the budget of each business unit is reviewed with the respective Manager and the Executive to identify the need for any remedial action. Significant variances are highlighted to Council in the Monthly Financial Report.

This report gives an overview of the revenue and expenses of the City for the month of July 2017. As the 2016/17 accounts have not been finalised and audited as yet, the balance sheet has not been rolled over to the new financial year and the Net Assets Statements and the Statement of Activity have not been included in this monthly report.

The operating revenue at the end of July 2017 was \$26.852 M which represents a \$3.726 M favourable variance compared to the year-to-date budget.

The operating expense at the end of July 2017 was \$2,145 M, which represents a \$1.614 M favourable variance compared to the year-to-date budget. The attached Operating Statement compares "Actual" with "Budget" by Business Units. Variations from the budget of revenue and expenses by Directorates are highlighted in the following paragraphs.

Governance

Expenditure: Favourable variance of \$87,781

Revenue: Favourable variance of \$123,537

The favourable expenditure variance is mainly due to expenses not expended yet for special projects, ICT expenses and consultant fees of \$50k and other employee cost of \$15k.

The favourable revenue variance is due to the invoicing of the 2016/17 cost of WESROC projects invoiced to other Councils in July amounting to \$127,672.

Corporate and Strategy

Expenditure: Favourable variance of \$225,740

Revenue: Favourable variance of \$84,988

The favourable expenditure variance is mainly due to expenses not expended yet for consultants fees and project expenses of \$30k and financial fees of \$21k. There is also cost savings in salaries of \$36k due to positions not filled yet and timing differences.

Favourable revenue variance is due to slightly higher rates revenue.

Community Development

Expenditure: Favourable variance of \$205,002 Revenue: Favourable variance of \$217,897

The favourable expenditure variance is mainly due to expenses not expended yet for community donations of \$60k and activities of \$30k, and Tresillian tutor fees of \$15k. There is also some cost savings of \$50k in salaries and relief staff mainly due to positions not filled yet, and timing differences.

The Favourable revenue variance is due to HACC grants of \$254k received earlier than budgeted and a compensating lower fees and charges received for PRCC and Tresillian.

Planning and Development

Expenditure: Favourable variance of \$ 273,905 Revenue: Favourable variance of \$ 150,881

The favourable expenditure variance is mainly due to expenses not expended yet for projects and consultants of \$200k. There is also some cost savings of \$20k in salaries and relief staff mainly due to positions not filled yet, and timing differences.

Favourable revenue variance is mainly due to higher income on Planning fees of \$17K, and swimming pool inspection fee for the year of \$141k arising from timing issue.

Technical Services

Expenditure: Favourable variance of \$821,968
Revenue: Favourable variance of \$3,148,477

The favourable expenditure variance is mainly due to expenses not expended yet for maintenance of infrastructure, buildings and parks of \$265k, and waste minimisation cost of \$102k. The UGP works expenses have also been not expended yet, at an estimated cost of \$403k.

The favourable revenue variance is due to timing of recognition of revenue on waste services of \$3m and grants received of \$70k.

Capital Works Programme

At the end of July the expenditure on capital works were \$29k with further commitments of \$3.284 million which is 26.6% of a total budget of \$12.46 million.

Executive Summary

To award the contract for the installation of a new irrigation system at David Cruickshank Reserve, Dalkeith.

Recommendation to Committee

Council:

- 1. Agrees to award tender no. 2016/17.13 to Total Eden Pty Ltd for the David Cruickshank Reserve Irrigation System as per the lump sum submitted; and
- 2. Authorises the Chief Executive Officer to sign an acceptance of offer for this tender.

Discussion/Overview

Background

An audit of the City's irrigation infrastructure in 2011 identified David Cruickshank Reserve as a priority site for upgrading of the infield reticulation system. The upgrade was identified as being necessary due to basic design deficiencies, the age of the system, progressively unreliable performance and increased maintenance demands.

The major consideration prior to design of the new irrigation system was that it correlates with any future development in the precinct over a 25 to 30 year period, being the useful life of the system. Consequently, the City commenced a process of master planning for the reserve precinct which included community engagement activities. On completion of this process, the finalised Enviroscape Master Plan was considered and endorsed by Council subject to further development and ongoing consideration.

The design for the new irrigation system has been finalised in accordance with the master plan and approval is sought to award the contract for its installation.

Tender Information

To comply with legislative requirements outlined in the Local Government Act 1995 and to ensure the best value for money for the City, this procurement went out to tender.

Tender 2016/17.13 was advertised on 3 July 2017 in the West Australian Newspaper and on www.tenderlink.com/nedlands. The tender period ended on 26th July 2017 and submitted tenders were opened by officers of the City at 2:00 pm. Six (6) submissions were received by the City. Compliant tenders were received from the following companies;

- 1. Elliotts Irrigation Pty Ltd
- 2. Think Water Canning Vale Pty Ltd (Environmental Industries)
- 3. Horizon West Landscape & Irrigation Pty Ltd
- 4. LD Total
- 5. Total Eden Pty Ltd
- 6. Water Dynamics Pty Ltd

No non-compliant tenders were received.

Evaluation

The tender was independently evaluated by three (3) City officers in accordance with the qualitative criteria specified in the tender documentation, qualitative criteria was afforded a total of 70% of the total score.

Price criteria was evaluated based on the completed itemised price schedules included within the tender submissions. The priced items were compiled into a spreadsheet for close analysis of value comparison. A price criteria score was allocated based on the best value being scored at 100% and other values scored proportionally against this price.

A total of 30% weighting was allocated to the price criteria.

A confidential evaluation and recommendation report was completed and approved by the evaluation panel, Manager Parks Services and Director Technical Services. References were sought from appropriate sources for quality assurance purposes which backed up the findings of the evaluation panel.

The final evaluation, including pricing and scoring, can be viewed in the confidential attachment – RFT 2016 1713 David Cruickshank Reserve Irrigation System Evaluation Score Sheet.

Conclusion

After an assessment of the submitted tenders it is proposed that the tender submission received from the contractor Total Eden Pty Ltd be accepted.

Total Eden scored highest in the evaluation process, providing the lowest cost whilst also scoring highly in the qualitative criteria. Total Eden demonstrated they have experienced staff capable of delivering projects of this kind to a high standard, along with the necessary tools and equipment. Total Eden demonstrated excellent administrative processes and Quality Management procedures partnered with a sound understanding of commercial irrigation practices.

As the designers of this project they have a good understanding of the requirements and have demonstrated through the successful completion of many other projects of a similar size and nature, the ability to complete the job on time and to a high standard.

Key Relevant Previous Council Decisions:

Council Minutes 27 June 2017 – item 12.3 – report TS06.17 Endorsement of David Cruickshank Reserve Enviro-scape Master Plan.

Council Resolution

Council endorses the David Cruickshank Reserve Enviro-Scape Master Plan concept for further development and ongoing consideration.

Consultation

Not required.

Budget/Financial Implications

Funding for upgrading of the irrigation system was included in the approved 2016/17 capital works budget. Following a delay in commencing the project, as a consequence of the master planning process, the funds have been approved for carry forward to the 2017/18 financial year.

The City applied to the Department of Sport and Recreation for grant funding and was successful in securing a \$70,000 contribution to the project through the Community Sporting and Recreation Facilities Fund (CSRFF) grants program. On receiving and evaluating submissions through the competitive tender process, if the contract is awarded as recommended, the current market conditions will result in budgetary savings.
