1. Public Question Time

1.1 Ms Cilla de Lacy, 10 Robinson Street, Nedlands

Question 1

Can the Council confirm what discounts may apply to the following in a potential underground power scheme administered by the Council outside of the State Underground Power Program (SUPP):

- a) Pensioners
- b) to properties fronting transmission lines
- c) to units (groups of 4 or more)
- d) to properties with partial house connection undergrounding
- e) to properties with full house connection undergrounding

Answer 1

Payment options are yet to be determined however a range of options will be made available.

Question 2

Announcements on successful proposals in Round 6 of the SUPP were expected in September 2016. No announcements have been made. Can the Council confirm where the process for determining proposals shortlisted for Round 6 of the SUPP is at?

Answer 2

Submissions to the selection process are confidential and at this point in time the Office of Finance is unable to release information about them, including their status in the selection process.

1.2 Ms Barbara Gibbs, 37 Aberdare Road, Nedlands

Question 1

Mayor Hipkins, please explain in detail, the technical and procedural errors you have said occurred at the meeting of August 23rd, in regards to the Aberdare Road motion.

Answer 1

Mayor advised he would answer this question when the item is being discussed.

1.3 Dr Sue Godkin, 69 Aberdare Road, Nedlands

Question 1

Please explain how the Council can propose that the 9 metres of land ceded by some properties along the southern side of Aberdare Road for the express purpose of road widening. Has the Council received advice as to the legality of this?

Answer 1

Council may propose a variety of arrangements within a road reserve area including trees within the verge, pathways, cycle-ways etc which may also form part of a greenway corridor.

Question 2

Have any feasibility or scientific studies been carried out to determine the viability of a greenway corridor with significant breaks in it due to none of the land from some of the properties on the southern side of Aberdare Road and none of the land owned by Karrakatta Cemetery being ceded to the Council?

Answer 2

No.

Question 3

Will the properties, including Karrakatta Cemetery, that have not previously ceded land for road widening now be required to cede land for a Greenway corridor?

Answer 3

Karrakatta Cemetery is not included for any proposed 9 metre setback. Opposite the cemetery, the road is to be widened on the north side, in Subiaco.

1.4 Ms Suk Khan Choong, 43 Aberdare Road, Nedlands

Question 1

By letter dated 3 November 2016, the Council of Nedlands replied that the City of Nedlands will be presenting a report seeking to progress the repeal of the local law and policy. I refer to Item CPS30.16 on the Agenda of 22 November 2016. Can the City of Nedlands please clarify what this item means?

Question 1.1

Does the City of Nedlands plan to proceed with the implementation of the repeal of local law (1960-1978) reaffirmed in 2000), if so what is the timeline?

Answer 1.1

This will be clarified tonight.

Question 1.2

Is there any intention by some member(s) of the City of Nedlands to delay yet again or perhaps even consider not implementing the actions as resolved on 23 August 2016?

Answer 1.2

This is a Council decision to rescind or proceed.

Question 2

The information from Landgate is that ceding of 9 metres from some Aberdare Road (South) Properties was taken under the "Dedicated" Town Planning Act 1928 section 28(3). This Act was repealed in 2005 is no longer in force yet in 2013 the City of Nedlands staff informed me that I had to cede land to the City of Nedlands before subdivision of 43 Aberdare Road can be considered. Please explain why?

Answer 2

The requirement for a 9 metre widening of Aberdare Road is prescribed by Council By-Law (Gazetted 20 October 1978) which remains in force. The Town Planning Act 1928 does not apply.

Question 3

On 25th October 2016 I spoke to a lady town planner (of the City of Nedlands) who stated that the ceding of land to the City is a "trade off" for approval to subdivide. What is the basis/rationale for the statement? Needless to say, I was very disappointed with this "off the cuff" response.

Answer 3

The properties that have sub-divided were rezoned and the original land owners agreed to cede 9 metres of frontage to Aberdare Road. The ability to split their land under this arrangement provided the owners with an increase in value for their properties as compensation.

1.5 Mr Aron Chakera & Ms Keiron Bradley, 65 Aberdare Road, Nedlands

Question 1

If the City of Nedlands votes to repeal the decision to return the land to the owners of Aberdare Road, how will subsequent requests to build or develop on this land be handled?

Answer 2

The current (arrangements since 1963) would continue. Unsub-divided properties retain the use of all their land (including the 9 m setback) but the current Town Planning Scheme does not allow building within the 9 m setback area.

Question 2

For those like us who haven't ceded the land to the City of Nedlands, what plan for restitution for loss of land value is envisaged?

Answer 2

Should the State Government or Council decide to proceed with the widening a number of options may be pursued – just compensation for land compulsorily acquired, or subdivision and up-zoning in compensation for land ceded.

1.6 Mr Nat Hartge, 37 Aberdare Road, Nedlands

Question 1

In 1981 on the 11th December at Landgate 9 metres was removed from Lot 24 Aberdare Road by amalgamating it with Lot 22 Kingston Street then subdividing the two lots again.

Do you know why no documents for the events in 1981 exist with the WAPC or Department of Lands to date, as it's this event, which started the chain of events to come?

Answer 1

No. In 1981 all documentation relating to this subdivision was sent to Landgate and the Town Planning Board of WA. The City has copies of relevant correspondence.

Question 2

Do you see this as an act of deception from the City of Nedlands?

Answer 2

No. Subdivision was the responsibility of the Town Planning Board at the time.

Question 3

The owner asked for relaxation on the 9 m as the WAPC said in 1997 that it had no need to widen the road and that the land was being taken by the City of Nedlands for a service road. Does the City of Nedlands have documents and survey diagrams of the proposed service road from 1981?

Answer 3

The City's By-Law provided for widening of Aberdare Road of 9 metres. No service road is mentioned in the By-Law. The 9 metres in front of No. 37 has been ceded and has formed part of Aberdare Road since 1981. In 1997 Council approved alterations to the existing building with plans detailing that the porch area would not intrude the 9 metre road setback.

Question 4

Is this not a clear conflict of intent for road widening that Trees must remain on a road?

Answer 4

Verges with trees and are a common sight within the road reserves.

Question 5

Surely the State Departments and Legal Acts would see this as a clear abuse of power and trust from a Council and State Government?

Answer 5

No – verges are a part of any road reserve and vegetation is widely encouraged.

Question 6

Why was the ceding of the 9 metres not documented in the subdivision document in 1991?

Answer 6

Not necessary. Already part of the road (Aberdare Road).

Question 7

Why did they state that the Local Authority Recommendation "Not received within 42 days" consultation period however the proposal is consistent with the Council's requirement for road widening along this section of Aberdare Road.

Answer 7

In 1991 the land was already part of the road reserve.

Question 8

Why in 1991 did the original lot 23 have the 9 metre removed from the lot to now have it amalgamated back into the property?

Answer 8

Lot 23 has a 9 metre setback.

Question 9

Do you know why some owners have different rights along Aberdare Road?

Answer 9

Properties that have been subdivided have agreed to a 9 metre setback. Properties that have not been subdivided have a 9 metre setback but cannot build within the 9 metres.

Question 10

Is this legally fair to other property owners?

Answer 10

Yes, all original property owners were aware of the setback.

Question 11

Why has the City of Nedlands planning department refused to address this request which would fix our issue by closing the 9 metre road reserve and amalgamating the original land back into 37 Aberdare Road?

Answer 11

Any proposal for a road closure has to be approved by the City.

Question 12

How long do we have to wait until the City of Nedlands to correct its mistakes so we no longer have to live in uncertainty?

Answer 12

There is no mistake.

Question 13

Why did the City of Nedlands Planning Department laugh at this request from the state government?

Answer 13

This is an unsubstantiated claim.

Question 14

Why is the Department of Planning and WAPC stating that they will and would have to pay for the 4 metre overlay section if required for actual road widening?

Answer 14

If and when road widening is implemented by the State (for those unsub-divided properties only), compensation would be paid.

Question 15

Have they not already acquired the land for free from the City of Nedlands actions?

Answer 15

The land was acquired from adjoining owners, not the City of Nedlands.

Question 16

Does this make it right?

Answer 16

Property owners have been compensated through subdivision and rezoning of land – creation of two lots (with more money to landowner - hence compensation).

Question 17

How would the Councillors feel if this was their property and the Mayor made these remarks in the public forum?

Answer 17

The Land was subdivided with agreement of the landowners.

Question 18

Does the City of Nedlands believe that it's legal to claim land as a road reserve and take land off property owners to now request that they keep the land and turn it into a greenway?

Answer 18

All arrangements have been by agreement with original landowners and are completely legal.

Question 19

The WAPC has informed me that this is not allowed, so why does the City of Nedlands push the greenway?

Answer 19

Council has a By-Law requiring a 9 metre setback for road widening purposes. Verges and greenways can exist within any road-way reserve.

10. Members announcements without discussion

10.1 Councillor Wetherall

Councillor Wetherall requested Council's permission to "table" a document from the HUPAG (Hollywood Underground Power Action Group) that is a position paper on underground power in Nedlands so this can be distributed (officially) to all councillors and appropriate senior management.

10.2 Councillor Hassell

Councillor Hassell advised that for many years Profile Homes operated its housebuilding business from its premises in Carrington Street, Nedlands. It was one of a small number of businesses of its kind operating in Nedlands. Profile Homes was owned by Darryl Retallack. Much of its work was done in country areas.

Councillor Hassell said he first knew Darryl many years ago when he built a farm house for his brother. Later he built two houses in which Councillor Hassell had an interest, one being our present house in Nedlands.

Darryl died in the past few days. His funeral will be at Karrakatta on Friday 25 November 2016.

10.3 Councillor Smyth

Kerry Smyth attended the Development Assessment Panels (DAPs) Training & Information Session at the Department of Planning on Friday, 18 November 2016.

The aim of the Training & Information Session is to welcome you to DAPs, familiarise you with its administrative processes, working legislation and DAP meeting procedures.

Training must be completed before you will be eligible to sit on a DAP meeting.

Following the LG elections, the DAP representatives for the City of Nedlands are as follows:

- Member 1 Mayor Max Hipkins
- Member 2 Cr Nigel Shaw
- Alternate Member 1 Cr William Hassell
- Alternate Member 2 Cr Kerry Smyth

10.4 Councillor Argyle

Councillor Argyle advised that Mrs Ann Whyntie had sadly passed away. Mrs Whyntie was a founding member in 2006 of the Sunset Heritage Association Inc and the secretary. Ann was a pivotal member of the Sunset Heritage Association and had sunset very much at heart as we all did and in the end a wonderful result. In 1999 Ann published the History of Sunset Hospital. Councillor Argyle said he had attended the funeral as he had much respect and admiration for Ann Whyntie.

10.5 Councillor Shaw

Councillor Shaw attended the International Cities Conference held in Launceston recently. He encouraged other Councillors to consider attending this interesting and worthwhile conference in the future. A copy of Councillor Shaw's conference report will be distributed to Councillors.

10.6 Councillor Binks

Councillor Binks advised he attended the launch of the joining of the Karda Bidi and Karak Bidi at Birdwood Park on Friday 18 November 2016. He said it was an initiative of WESROC and local bushland friends group managed by Nedlands staff.

Councillor Binks said it was the culmination of over 7 years of planning and is a credit to Andrew Melville and Sally Wallace for their focus on achieving a trail which was explained at the launch as being a leader in trials and world class.

The Mayors of several neighbouring Councils, members of Friends groups and staff attended, well organised and a credit to all Nedlands staff who were involved.

Councillor Shaw left room at 7.43 pm.

10.7 Councillor Hay

The Remembrance Day ceremony at the Nedlands Commonwealth War Cemetery was an outstanding event run by the Nedlands RSL and Council staff. The proceedings and involvement of local residents, Councillors, staff and especially school children was a credit to all involved.

Councillor Shaw returned to the room at 7.44 pm.

11. Matters for Which the Meeting May Be Closed

Nil.

12. Divisional reports and minutes of Council committees and administrative liaison working groups

12.1 Minutes of Council Committees

This is an information item only to receive the minutes of the various meetings held by the Council appointed Committees (N.B. This should not be confused with Council resolving to accept the recommendations of a particular Committee. Committee recommendations that require Council's approval should be presented to Council for resolution via the relevant departmental reports).

CARRIED 9/1 (Against: Cr. Horley)

Council Resolution / Recommendation to Committee

Council approves the application for a Two-Storey Single House at (Lot 2) No. 23 Alderbury Street Floreat, in accordance with the application received on 15 August 2016 and amended plans received on 6 October 2016, subject to the following conditions:

- 1. The development shall at all times comply with the approved plans.
- Any fencing proposed along the Birkdale Street boundary of the subject property is to comply with the primary street boundary fencing requirements stipulated under Council's Fill and Fencing Local Planning Policy (refer to Advice Note 1).
- All crossovers to the street shall be constructed to the Council's Crossover Specifications and the applicant / landowner to obtain levels for crossovers from the Council's Infrastructure Services under supervision onsite, prior to commencement of works.
- 4. All stormwater from the development, which includes permeable and non-permeable areas, shall be contained onsite.
- All footings and structures to retaining walls, fences and parapet walls, shall be constructed wholly inside the site boundaries of the Certificate of Title.
- 6. All proposed obscure glass panels to Major Openings and/or Active Habitable Spaces, shown on the approved drawings shall prevent overlooking in accordance with the visual privacy requirements of the *Residential Design Codes 2015* (R-Codes). The structures shall be installed prior to the dwellings practicable completion and remain in place permanently, unless otherwise approved by the City.
- 7. All street trees in the verge are to be retained and shall not be removed without written approval from the Manager Parks Services.

Advice Notes specific to this approval:

1. With regard to Condition 2, the applicant is advised that this requirement applies in this circumstance due to the existing solid portion of the wall along the Alderbury Street boundary being greater

in height than that permitted under Council's Fill and Fencing Local Planning Policy. In accordance with this Policy fencing consisting of the following can be considered, for which development approval will need to be sought and obtained prior to constructing:

- a) Brick piers to a maximum height of 2.1 metres from natural ground level and a maximum width of 0.5m.
- b) Solid fencing (infill) to a maximum height of 1.2 metres above natural ground level, and visually permeable fencing (infill) to a maximum height of 1.8m above natural ground level.
- c) Within the 1.5m truncation areas for the driveway, the following obstructions are deemed acceptable by the City:
 - i. One pier with a maximum height of 2.1 metres above natural ground level with a length and width of no greater than 0.5m; and
 - ii. All other solid structures to be reduced to a height of no greater than 0.75 metres above natural ground level; and
 - iii. All visually permeable structures
- Any construction in the nature-strip / verge (including footpaths) will require a Nature-Strip Development Application (NSDA) to be lodged with, and approved by, the City's Engineering section, prior to construction.
- 3. The applicant is advised to grade the garage towards the strip drain to reduce chances of stormwater flooding the house.
- 4. All internal water closets and ensuites without fixed or permanent window access to outside air or which open onto a hall, passage, hobby or staircase, shall be serviced by a mechanical ventilation exhaust system which is ducted to outside air, with a minimum rate of air change equal to or greater than 25 litres / second.
- 5. All downpipes from guttering shall be connected so as to discharge into drains, which shall empty into a soak-well; and each soak-well shall be located at least 1.8m from any building, and at least 1.8m from the boundary of the block.

 Prior to the commencement of any demolition works, any Asbestos Containing Material (ACM) in the structure to be demolished, shall be identified, safely removed and conveyed to an appropriate landfill which accepts ACM.

Removal and disposal of ACM shall be in accordance with *Health* (Asbestos) Regulations 1992, Regulations 5.43 - 5.53 of the Occupational Safety and Health Regulations 1996, Code of Practice for the Safe Removal of Asbestos 2nd Edition, Code of Practice for the Management and Control of Asbestos in a Workplace, and any Department of Commerce Worksafe requirements.

Where there is over 10m² of ACM or any amount of friable ACM to be removed, it shall be removed by a Worksafe licensed and trained individual or business.

- 7. The City does not recommend any air-conditioner, swimming pool or spa mechanical equipment is installed near a property boundary where it is likely noise from such mechanical equipment in these locations will intrude on neighbouring properties. Prior to selecting a location to install an air-conditioned, applicant is advised to consult the online fairair noise calculator at www.fairair.com.au and use this as a guide on air-conditioner placement so as to prevent noise affecting neighbouring properties. Prior to installing an airconditioner or swimming pool or spa mechanical equipment, applicant is advised to consult residents of neighbouring properties and if necessary take measures to prevent noise affecting neighbouring properties.
- 8. This decision constitutes planning approval only and is valid for a period of two years from the date of approval. If the subject development is not substantially commenced within the two year period, the approval shall lapse and be of no further effect.

Please note: The Committee made no recommendation to Council due to a procedural motion to proceed to the next item of business being carried.

Recommendation to Committee

Council approves the application for a Two-Storey Single House at (Lot 2) No. 23 Alderbury Street Floreat, in accordance with the application received on 15 August 2016 and amended plans received on 6 October 2016, subject to the following conditions:

- 1. The development shall at all times comply with the approved plans.
- 2. Any fencing proposed along the Birkdale Street boundary of the subject property is to comply with the primary street boundary fencing requirements stipulated under Council's Fill and Fencing Local Planning Policy (refer to Advice Note 1).
- 3. All crossovers to the street shall be constructed to the Council's Crossover Specifications and the applicant / landowner to obtain levels for crossovers from the Council's Infrastructure Services under supervision onsite, prior to commencement of works.
- 4. All stormwater from the development, which includes permeable and nonpermeable areas, shall be contained onsite.
- 5. All footings and structures to retaining walls, fences and parapet walls, shall be constructed wholly inside the site boundaries of the Certificate of Title.
- 6. All proposed obscure glass panels to Major Openings and/or Active Habitable Spaces, shown on the approved drawings shall prevent overlooking in accordance with the visual privacy requirements of the *Residential Design Codes 2015* (R-Codes). The structures shall be installed prior to the dwellings practicable completion and remain in place permanently, unless otherwise approved by the City.
- 7. All street trees in the verge are to be retained and shall not be removed without written approval from the Manager Parks Services.

Advice Notes specific to this approval:

 With regard to Condition 2, the applicant is advised that this requirement applies in this circumstance due to the existing solid portion of the wall along the Alderbury Street boundary being greater in height than that permitted under Council's Fill and Fencing Local Planning Policy. In accordance with this Policy fencing consisting of the following can be considered, for which development approval will need to be sought and obtained prior to constructing:

- a) Brick piers to a maximum height of 2.1 metres from natural ground level and a maximum width of 0.5m.
- b) Solid fencing (infill) to a maximum height of 1.2 metres above natural ground level, and visually permeable fencing (infill) to a maximum height of 1.8m above natural ground level.
- c) Within the 1.5m truncation areas for the driveway, the following obstructions are deemed acceptable by the City:
 - i. One pier with a maximum height of 2.1 metres above natural ground level with a length and width of no greater than 0.5m; and
 - ii. All other solid structures to be reduced to a height of no greater than 0.75 metres above natural ground level; and
 - iii. All visually permeable structures
- 2. Any construction in the nature-strip / verge (including footpaths) will require a Nature-Strip Development Application (NSDA) to be lodged with, and approved by, the City's Engineering section, prior to construction.
- 3. The applicant is advised to grade the garage towards the strip drain to reduce chances of stormwater flooding the house.
- 4. All internal water closets and ensuites without fixed or permanent window access to outside air or which open onto a hall, passage, hobby or staircase, shall be serviced by a mechanical ventilation exhaust system which is ducted to outside air, with a minimum rate of air change equal to or greater than 25 litres / second.
- 5. All downpipes from guttering shall be connected so as to discharge into drains, which shall empty into a soak-well; and each soak-well shall be located at least 1.8m from any building, and at least 1.8m from the boundary of the block.
- 6. Prior to the commencement of any demolition works, any Asbestos Containing Material (ACM) in the structure to be demolished, shall be identified, safely removed and conveyed to an appropriate landfill which accepts ACM.

Removal and disposal of ACM shall be in accordance with *Health* (Asbestos) Regulations 1992, Regulations 5.43 - 5.53 of the Occupational Safety and Health Regulations 1996, Code of Practice for the Safe

Removal of Asbestos 2nd Edition, Code of Practice for the Management and Control of Asbestos in a Workplace, and any Department of Commerce Worksafe requirements.

Where there is over 10m² of ACM or any amount of friable ACM to be removed, it shall be removed by a Worksafe licensed and trained individual or business.

- 7. The City does not recommend any air-conditioner, swimming pool or spa mechanical equipment is installed near a property boundary where it is likely noise from such mechanical equipment in these locations will intrude on neighbouring properties. Prior to selecting a location to install an airconditioned, applicant is advised to consult the online fairair noise calculator at <u>www.fairair.com.au</u> and use this as a guide on air-conditioner placement so as to prevent noise affecting neighbouring properties. Prior to installing an air-conditioner or swimming pool or spa mechanical equipment, applicant is advised to consult residents of neighbouring properties and if necessary take measures to prevent noise affecting neighbouring properties.
- 8. This decision constitutes planning approval only and is valid for a period of two years from the date of approval. If the subject development is not substantially commenced within the two year period, the approval shall lapse and be of no further effect.

CARRIED UNANIMOUSLY 9/-

Council Resolution / Recommendation to Council

Council receives the Monthly Financial Report for October 2016.

Executive Summary

Administration is required to provide Council with a monthly financial report in accordance with *Regulation 34(1) of the Local Government (Financial Management) Regulations 1996.* The monthly financial variance from the budget of each business unit is reviewed with the respective manager and the Executive to identify the need for any remedial action. Significant variances are highlighted to Council in the attached Monthly Financial Report.

Strategic Plan

KFA: Governance and Civic Leadership

This report will ensure the City meets its statutory requirements.

Background

Regulation 34(1) of the Local Government (Financial Management) Regulations 1996 requires a local government to prepare a monthly statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget.

A statement of financial activity and any accompanying documents are to be presented to the Council at the next ordinary meeting of the Council following the end of the month to which the statement relates, or to the next ordinary meeting of the council after that meeting.

In addition to the above and in accordance with *Regulation 34(5)* of the Local *Government (Financial Management) Regulations 1996,* each year Council is required to adopt a percentage or value to be used in the reporting of material variances. For this financial year the amount is \$10,000 or 10% whichever is the greater.

Consultation

Required by legislation:	Yes 🗌	No 🖂
Required by City of Nedlands policy:	Yes 🗌	No 🖂

Legislation / Policy

The monthly financial management report meets the requirements of *Regulation 34(1) and 34(5)* of the *Local Government (Financial Management) Regulations 1996.*

Budget/Financial Implications

As outlined in the Monthly Financial Report.

Risk Management

The monthly financial variance from the budget of each business unit is reviewed with the respective Manager and the Executive to identify the need for any remedial action. Significant variances are highlighted to Council in the Monthly Financial Report.

Discussion

This report gives an overview of the revenue and expenses of the City for the month of October 2016 together with a Net Assets Statement as at 31 October 2016.

The operating revenue at the end of October 2016 was \$27.995 M which represents a \$0.524M favourable variance compared to the year-to-date budget.

The total operating expense at the end of October 2016 was \$10.521M, showing a favourable budget variance of \$1.481M.

The attached Operating Statement compares "Actual" with "Budget" by Business Units. Variations from the budget of revenue and expenses by Directorates are highlighted in the following paragraphs.

Governance

Expenditure:	Favourable variance of	\$ 324,205
Revenue:	Unfavourable variance of	\$ 89,539

The favourable expenditure variance is mainly due to savings in salaries, insurance, computer operations and special projects which have yet to be allocated or paid.

The unfavourable revenue variance is mainly due to \$80,896 fees which remain receivable from WESROC participating Councils.

Corporate and Strategy

Expenditure:	Favourable variance of	\$181,348
Revenue:	Favourable variance of	\$ 175,131

The favourable expenditure variance is mainly due to timing differences in the software licence, special projects and support payments and salaries.

The favourable revenue variance is due to interim rates (\$55k) and general purpose and road grants (\$93k).

Community Development

Expenditure:	Favourable variance of	\$ 178,953
Revenue:	Favourable variance of	\$ 91,399

The favourable expenditure variance is mainly due to the delay in HACC unit costs, salaries and yet to be organised several community events.

The favourable revenue variance is due to the increased receipt of Tresillian Art Centre course fees (\$15k) and HACC grants received.

Planning and Development

Expenditure:	Favourable variance of	\$ 276,963
Revenue:	Favourable variance of	\$ 293,745

The favourable expenditure variance is due to savings in salaries, legal fees in environmental health, environmental conservation and FESA levy.

The favourable revenue variance is mainly due to the profiling of swimming pool inspection fees of \$105k which was taken up as income since August when the rate notices were issued. Parking fines are about \$76k higher than expected and building fees, \$61k.

Technical Services

Expenditure:	Favourable variance of	\$519,035
Revenue:	Unfavourable variance of	\$53,689

The favourable expenditure variance (adjusted net of depreciation) is largely due to delays in receiving of invoices for street lighting, infrastructure and asset maintenance and construction.

The small unfavourable revenue variance is due to profiling of inside service charge which should all be allocated to August when rate notices were issued.

Capital Works Programme

At the end of October the expenditure on capital works were \$3.285M with further commitments of \$1.684M which is 31.5% of a total budget of \$15.78M which included \$1.4M carry over.

Net Current Assets Statement

The increase of \$5.35M when compared to the previous month is largely due to the closure of the prior year accounts post Audit and the roll over to the new financial period.

Conclusion

The statement of financial activity to the end of October 2016 indicates that operating expenses are under the year-to-date budget by 12.3% or \$1.480M, while revenue is above Budget by 1.9% or \$0.524M.
