#### Disclaimer

Members of the public who attend Council meetings should not act immediately on anything they hear at the meetings, without first seeking clarification of Council's position. For example by reference to the confirmed Minutes of Council meeting. Members of the public are also advised to wait for written advice from the Council prior to taking action on any matter that they may have before Council.

Any plans or documents in agendas and minutes may be subject to copyright. The express permission of the copyright owner must be obtained before copying any copyright material.

#### 1. Public Question Time

# 1.1 Ms Cilla de Lacy, 10 Robinson Street, Nedlands

#### Question 1

Has Council obtained feedback from the Public Utilities Office regarding its unsuccessful applications for funding in Round 6 of the State Underground Power Program? If yes, what was the feedback and what does Council plan to do in response?

#### Answer 1

Yes, included in the April report to Council.

#### **Question 2**

Has Council ever fully funded underground power in the past as per the following assertion in the Economic Regulation Authority's Final Report on the Inquiry into the State Underground Power Program Cost Benefit Study?

"Local Governments would ideally be able to purchase underground power directly from Western Power on behalf of ratepayers, which has already occurred (residential underground power projects in the suburbs of Quinns Rock, South Perth, Nedlands and parts of Subiaco have been fully funded by local Governments)."

If yes, how many residential properties benefited from this?

#### Answer 2

No, included in the April report to Council.

# 1.2 Mr Nicholas Agnew, 10 Robinson Street, Nedlands

#### Question 1

From a Public Utilities Office fact sheet on SUPP 6 for underground power; "the community survey must show at least 50 per cent of property owners who respond support paying the estimated cost to underground power.' Does the Council intend to use the same criteria (ie at least 50% in favour) for assessing community support for the current HUPP proposal?

#### **Answer 1**

The prescribed method of securing the participants contribution within the City Procedure is the "Service Charge" because it is the most fair and equitable method of distributing the cost. The Local Government Act does not prescribe a required level of support from the participants in a consultation process. It will be a Council decision to proceed or not to proceed with the project. It is anticipated that the results of the second survey will contribute to this decision.

# 2. Addresses by Members of the Public

Mr Stephen Fewings, 109 Rosedale Street, Floreat (spoke opposition to the recommendation)	PD16.17
Mr Damien Dickerson, 36 Keeley Way, Girrawheen (spoke in support of the recommendation)	PD17.17
Mr Jason Springate, 5 Colin Street, Dalkeith (spoke in support of the recommendation)	PD18.17
Ms Cilla de Lacy, 10 Robinson Street, Nedlands (spoke in relation to the matter)	13.4

# 3. Requests for Leave of Absence

Moved – Councillor Hodsdon Seconded – Councillor James

Councillor Wetherall be granted leave of absence for May 2017.

**CARRIED UNANIMOUSLY 10/-**

Moved – Councillor Binks Seconded – Councillor James

Councillor Shaw be granted leave of absence for 9 May 2017.

**CARRIED UNANIMOUSLY 10/-**

#### 4. Petitions

Nil.

#### 5. Disclosures of Financial Interest

The Presiding Member to reminded Councillors and Staff of the requirements of Section 5.65 of the *Local Government Act* to disclose any interest during the meeting when the matter is discussed.

There were no disclosures of financial interest.

# 6. Disclosures of Interests Affecting Impartiality

The Presiding Member to reminded Councillors and Staff of the requirements of Council's Code of Conduct in accordance with Section 5.103 of the *Local Government Act*.

There were no disclosures affecting impartiality.

# 7. Declarations by Members That They Have Not Given Due Consideration to Papers

Nil.

#### 8. Confirmation of Minutes

# 8.1 Ordinary Council Meeting 28 March 2017.

Moved – Councillor Argyle Seconded – Councillor McManus

The minutes of the Ordinary Council Meeting held 28 March 2017 be confirmed.

**CARRIED UNANIMOUSLY 10/-**

# 9. Announcements of the Presiding Member without discussion

Functions the Mayor had represented the City since the last Council meeting:

29 March 2017	Law Society	Environmental Considerations in Property Development
30 March 2017	Department of Transport	Claremont-Nedlands Bike Boulevard
30 March 2017	Australian Property Institute	Legal Cases that Shaped 2016
4 April 2017	Westcare	Supporter's Function
4 April 2017	Australian Institute of Architects	Urban design Committee
5 April 2017	Westcare	Supporter's Function
6 April 2017	UDIA	National Congress, Perth
7 April 2017	Department of Local	Community Development
,	Government	Workshop
10 April 2017	National Trust	Council Meeting
24 April 2017	National Trust	Future of Cottage
25 April 2017	City of Nedlands	ANZAC Day Ceremony,
		Dalkeith
26 April 2017	Local Government	Hot Topics - Law
	Planners Association	
26 April 2017	Department of Health	Opening of the QEII
		Neuroscience Research
		Institute

#### 10. Members announcements without discussion

# 10.1 Councillor Argyle

Councillor Argyle received an appreciation letter from a ratepayer regarding their DA approval that went to Council last month. The letter also contained feedback in relation to the David Cruickshank Enviroscape Plan.

#### 10.2 Councillor Hassell

Powerful speech from Council Freeman Mr Hal Colebatch at the recent ANZAC Day Commemoration Ceremony addresses some important historical record of issues about ANZAC Day and its current meaning to the community. Mr Colebatch's efforts particularly impressive given his current poor state of health.

# **NOTE:**

At its meeting on 23 May 2017, Council resolved that the Minutes of the Council Meeting held on Tuesday, 26 April 2017, are confirmed subject to Councillor Argyle's announcements being amended to read:

Councillor Argyle received an appreciation letter (which was handed to Administration at the meeting) from a ratepayer regarding their DA approval that went to Council last month. The letter also contained feedback in relation to the David Cruickshank Reserve.

#### 10.3 Councillor McManus

Councillor McManus attended the Claremont Anzac Service in his role as a Lion's Club Member. The ceremony attracted 400-500 people and was well conducted.

#### 11. Matters for Which the Meeting May Be Closed

Council, in accordance with Standing Orders and for the convenience of the public, is to identify any matter which is to be discussed behind closed doors at this meeting, and that matter is to be deferred for consideration as the last item of this meeting.

The Mayor advised that there was one item to be discussed behind closed doors in relation to the CEO's employment contract (1 year extension).

# 12. Divisional reports and minutes of Council committees and administrative liaison working groups

#### 12.1 Minutes of Council Committees

This is an information item only to receive the minutes of the various meetings held by the Council appointed Committees (N.B. This should not be confused with Council resolving to accept the recommendations of a particular Committee. Committee recommendations that require Council's approval should be presented to Council for resolution via the relevant departmental reports).

The Minutes of the following Committee Meetings (in date order) are to be received:

Moved – Councillor Binks Seconded – Councillor Shaw

The Minutes of the following Committee Meetings (in date order) are to be received:

**Sustainable Nedlands Committee** Circulated to Councillors on 10 April 2017.

3 April 2017

**CARRIED UNANIMOUSLY 10/-**

Moved – Councillor Argyle Seconded – Councillor Shaw

The Minutes of the following Committee Meetings (in date order) are to be received:

**Council Committee** 

11 April 2017

Circulated to Councillors on 13 April 2017.

**CARRIED UNANIMOUSLY 10/-**

Note: As far as possible all the following reports under items 12.2, 12.3, 12.4 and 12.5 will be moved en-bloc and only the exceptions (items which Councillors wish to amend) will be discussed.

# En Bloc

Moved - Councillor Hassell Seconded – Councillor James

That all Committee Recommendations relating to Reports under items 12.2, 12.3, 12.4 and 12.5 with the exception of Report Nos. PD16.17, PD17.17 & CPS12.17 are adopted en bloc.

CARRIED 9/1

(Against: Mayor Hipkins)

# 12.2 Planning & Development Report No's PD15.17 to PD18.17 (copy attached)

Note: Regulation 11(da) of the *Local Government (Administration) Regulations 1996* requires written reasons for each decision made at the meeting that is significantly different from the relevant written recommendation of a committee or an employee as defined in section 5.70, but not a decision to only note the matter or to return the recommendation for further consideration.

(Printed below for ease of reference)

CARRIED EN BLOC 9/1 (Against: Mayor Hipkins)

#### Council Resolution / Committee Recommendation

Council approves the development application dated 08 February 2017 for Amendments to DA16/055 (Alterations and Additions to Single House) at (Lot 7) No. 32A Jutland Parade, Dalkeith, subject to the following conditions and advice:

#### **Conditions:**

- 1. This development approval only applies to the amendments to the previously approved plans for DA16/055.
- 2. The development shall at all times comply with the approved plans.
- 3. Following a referral to the Department of Parks and Wildlife, the following conditions are included:
  - a) No building materials, soil, rubbish or any other deleterious matter shall be placed on the Parks and Recreation reservation or be allowed to enter the river as a result of the works:
  - b) Should dewatering be required, the proponent shall prepare and submit a dewatering management plan to the Department of Parks and Wildlife. No works shall commence prior to the approval of the dewatering management plan by the Department of Parks and Wildlife:
  - c) Stormwater drainage shall be contained on site;
  - d) The development shall be connected to the reticulated sewerage system prior to first occupation;
  - e) The applicant shall decommission, and backfill with clean material, any existing on-site effluent disposal systems; and
  - f) No wastewater/backwash from the swimming pool is to be discharged onto the land, into the river or the local government drainage system.
- 4. All fencing, visual privacy screens and obscure glass panels to major openings and/or active habitable spaces, shown on the approved drawings, shall be fixed in place and be made to prevent overlooking in accordance with the visual privacy requirements of the Residential Design Codes 2015 (R-Codes). The structures shall be installed and remain in place permanently, unless otherwise approved by the City.
- All footings and structures to boundary walls, fences and retaining walls shall be constructed wholly inside the site boundaries of the Certificate of Title.
- 6. All internal driveways (including circulation ramps) are to be designed to meet Australian Standards AS2890.1:2004.

7. The void area is not permitted to be converted for use other than storage and/or plant and equipment storage in order to comply with Clause 5.11 i) of the City's TPS2.

# Advice Notes specific to this proposal:

- 1. Prior to further construction commencing, the applicant is required to obtain a building permit from the City of Nedlands.
- 2. Proposed dividing fences which comply with the City's TPS2 (no more than 1.8m above natural ground level) do not require further planning approval.
- 3. This approval does not authorise any works to the existing retaining walls or stairs located within the adjacent Crown Reserve 24959.
- 4. The applicant is advised that it is an offence under the Swan and Canning Rivers Management Regulations 2007 to destroy, pull up, cut back or harm any tree, shrub, aquatic plant or other perennial plant that is in the Riverpark or the Swan Canning Development Control Area.
- 5. This approval does not pertain to any works within the nature-strip/verge. Any works in the nature-strip/verge (including footpaths) will require a Nature-Strip Development Application (NSDA) to be lodged with, and approved by, the City's Engineering section, prior to the commencement of any works on site or within the nature-strip/verge.
- All swimming pools, whether being removed, retained, partially constructed or finished, shall be kept dry during the construction period. Alternatively, the water shall be maintained to a quality which prevents mosquitoes from breeding.
- 7. All stormwater from the development, which includes permeable and non-permeable areas, shall be contained onsite by draining to soakwells of adequate capacity. All downpipes from guttering shall be connected so as to discharge into drains, which shall empty into a soak-well; and each soak-well shall be located at least 1.8m from any building, at least 1.8m from the boundary of the block.
- 8. The applicant is advised to consult the City's *Visual and Acoustic Privacy Advisory Information* in relation to locating any mechanical equipment (e.g. air-conditioner, swimming pool or spa) such that noise, vibration and visual impacts on neighbours are mitigated.
- 9. The landowner is advised to limit construction noise and hours as per the *Environmental Protection (Noise) Regulations 1997*.
- 10. Prior to the commencement of any demolition works, any Asbestos Containing Material (ACM) in the structure to be demolished, shall be

identified, safely removed and conveyed to an appropriate landfill in accordance with *Health (Asbestos) Regulations 1992*, Regulations 5.43 - 5.53 of the *Occupational Safety and Health Regulations 1996*, Code of *Practice for the Safe Removal of Asbestos 2<sup>nd</sup> Edition*, Code of *Practice for the Management and Control of Asbestos in a* Workplace, and any Department of Commerce Worksafe requirements.

11. This decision constitutes planning approval only and is valid for a period of two years from the original date of planning approval. If the subject development is not substantially commenced within the two year period, the approval shall lapse and be of no further effect.

#### Recommendation to Committee

Council refuses the development application dated 17 February 2017 for Amendments to DA16/055 for Additions and Alterations to a Single House at (Lot 7) No. 32A Jutland Parade, Dalkeith, for the following reasons:

1. The proposed alterations are not permitted within the 7.5m rear setback area as per Clause 5.10.3 (b) of the City's Town Planning Scheme No. 2 with the Council having no discretion to consider variations to this clause.

#### **Council Resolution**

Council approves the development application for the alterations being made to the proposed garage at (Lot 66) No.28 Shann Street, Floreat, received on 1 March 2017, subject to the following conditions and advice:

- 1. The development shall at all times comply with the approved plans.
- 2. This development approval pertains to the reduced side setback of the proposed garage only.

- 3. All stormwater from the development, which includes permeable and non-permeable areas, shall be contained onsite.
- 4. The parapet wall being finished to a professional standard by the landowner within 14 days of the garage's practicable completion, and be maintained thereafter by the landowner, to the City's satisfaction.

# Advice Notes specific to this approval:

- All downpipes from guttering shall be connected so as to discharge into drains, which shall empty into a soak-well; and each soak-well shall be located at least 1.8m from any building, and at least 1.8m from the boundary of the block.
- This decision constitutes planning approval only and is valid for a period of two years from the date of approval. If the subject development is not substantially commenced within the two year period, the approval shall lapse and be of no further effect.

#### Committee Recommendation / Recommendation to Committee

Council refuses the development application for the alterations being made to the proposed garage at (Lot 66) No.28 Shann Street, Floreat, received on 1 March 2017, for the following reasons:

- 1. The proposal not satisfying the design principles stipulated under clause 5.1.3 (Lot Boundary Setback) of the Residential Design Codes due to the proposed nil boundary setback of the garage not positively contributing to the streetscape and prevailing development context;
- 2. The proposal setting an undesirable precedent in terms of a boundary wall being visible from the primary street on a low density property;
- 3. The boundary wall in the R12.5 zone does not represent the orderly and proper planning of the City and conflicts with cl. 6.5.1 of Town Planning Scheme No. 2; and
- 4. The proposal not satisfying provisions (m) and (n) of the Planning and Development (Local Planning Schemes) Regulations 2015 cl.67, as the proposal for a boundary wall is incompatible with low density zone and will negatively impact the character of the locality.

Moved – Councillor Wetherall Seconded – Councillor Hodsdon

# That the Recommendation to Council is adopted.

(Printed below for ease of reference)

CARRIED 7/3

(Against: Mayor Hipkins Crs. James & Shaw)

#### Council Resolution / Committee Recommendation

Council approves the development application for the proposed single dwelling at (Lot 67) No.30 Shann Street, Floreat, received on 30 January 2017, subject to the following conditions and advice:

- 1. The development shall at all times comply with the approved plans.
- 2. The parapet wall being finished to a professional standard by the landowner within 14 days of the garage's practicable completion, and be maintained thereafter by the landowner, to the City's satisfaction.
- 3. All footings and structures to retaining walls and fences, shall be constructed wholly inside the site boundaries of the Certificate of Title.
- 4. Front walls and fences in the primary street setback area, shall be:
  - a) With regard to walls, a maximum height of 1.8m above natural ground level at the base of the wall;
  - b) With regard to brick piers, a maximum height of 2.1m above natural ground level at the base of the wall;

- c) With regard to walls, visually Permeable above 1.2m in accordance with the *Residential Design Codes 2015* (R-Codes) and Council Policy; and
- d) With regard to walls, truncated or reduced to no higher than 750mm within 1.5m of where walls and fences adjoin vehicle access points, including neighbouring properties.
- 5. All stormwater from the development, which includes permeable and non-permeable areas, shall be contained onsite.

# Advice Notes specific to this approval:

- 1. The crossover to the street shall be constructed to the Council's Crossover Specifications and the applicant / landowner to obtain levels for crossovers from the Council's Infrastructure Services under supervision onsite, prior to commencement of works.
- 2. A separate development application is required to be submitted to and approved by the City prior to erecting any further fencing within the street setback area which is not compliant with the deemed-to-comply provisions of the R-Codes, and/or erecting fencing behind the street setback area which is more than 1.8m in height above natural ground level.
- 3. Dividing fences behind the front setback line, height no greater than 1.8m above approved levels and complying with the provisions of the Council's Fill and Fencing Policy are deemed to comply and do not require further planning approval.
- 4. All street trees in the verge being retained and not being removed without prior written approval from the Manager Parks Services.
- 5. All internal water closets and ensuites without fixed or permanent window access to outside air or which open onto a hall, passage, hobby or staircase, shall be serviced by a mechanical ventilation exhaust system which is ducted to outside air, with a minimum rate of air change equal to or greater than 25 litres / second.
- 6. All swimming pool waste water shall be disposed of into an adequately sized, dedicated soak-well located on the same lot. Soak-wells shall not be situated closer than 1.8m to any boundary of a lot, building, septic tank or other soak-well.
- 7. All downpipes from guttering shall be connected so as to discharge into drains, which shall empty into a soak-well; and each soak-well shall be located at least 1.8m from any building, and at least 1.8m from the boundary of the block.

- 8. The City does not recommend any air-conditioner, swimming pool or spa mechanical equipment is installed near a property boundary where it is likely noise from such mechanical equipment in these locations will intrude on neighbouring properties. Prior to selecting a location to install an air-conditioner, the applicant is advised to consult the online fairair noise calculator at <a href="https://www.fairair.com.au">www.fairair.com.au</a> and use this as a guide on air-conditioner placement so as to prevent noise affecting neighbouring properties. Prior to installing an air-conditioner or swimming pool or spa mechanical equipment, the applicant is advised to consult residents of neighbouring properties and if necessary take measures to prevent noise affecting neighbouring properties.
- All swimming pools, whether retained, partially constructed or finished, shall be kept dry during the construction period. Alternatively, the water shall be maintained to a quality which prevents mosquitoes from breeding.
- 10. Prior to the commencement of any demolition works, any Asbestos Containing Material (ACM) in the structure to be demolished, shall be identified, safely removed and conveyed to an appropriate landfill which accepts ACM.

Removal and disposal of ACM shall be in accordance with *Health* (Asbestos) Regulations 1992, Regulations 5.43 - 5.53 of the Occupational Safety and Health Regulations 1996, Code of Practice for the Safe Removal of Asbestos 2<sup>nd</sup> Edition, Code of Practice for the Management and Control of Asbestos in a Workplace, and any Department of Commerce Worksafe requirements.

Where there is over 10m<sup>2</sup> of ACM or any amount of friable ACM to be removed, it shall be removed by a Worksafe licensed and trained individual or business.

11. This decision constitutes planning approval only and is valid for a period of two years from the date of approval. If the subject development is not substantially commenced within the two year period, the approval shall lapse and be of no further effect.

#### Recommendation to Committee

Council refuses the proposed development application for the proposed single dwelling at (Lot 67) No.30 Shann Street, Floreat, received on 30 January 2017, for the following reasons:

- 1. The proposal not satisfying the design principles stipulated under clause 5.1.3 (Lot Boundary Setback) of the Residential Design Codes due to the proposed nil boundary setback of the garage not positively contributing to the streetscape and prevailing development context.
- 2. The proposal setting an undesirable precedent in terms of a boundary wall being visible from the primary street on a low-density property.
- 3. The boundary wall in the R12.5 zone does not represent the orderly and proper planning of the City and conflicts with cl. 6.5.1 of Town Planning Scheme No. 2.
- 4. The proposal not satisfying provisions (m) and (n) of the Planning and Development (Local Planning Schemes) Regulations 2015 cl.67, as the proposal for a boundary wall is incompatible with low density zone and will negatively impact the character of the locality.

#### That the Recommendation to Council is adopted.

(Printed below for ease of reference)

CARRIED EN BLOC 9/1 (Against: Mayor Hipkins)

# Council Resolution / Committee Recommendation / Recommendation to Committee

Council approves the development application received on 21 February 2017 with amended plans dated 13 March 2017 to construct a Two Storey Single House at (Lot 85) No. 55 Hobbs Avenue, Dalkeith, subject to the following conditions and advice:

- a) The development shall at all times comply with the approved plans including the amendments in red.
- b) Amended plans being submitted with the building permit demonstrating the ground floor section of wall annotated in red being setback 2m from the western side boundary to the satisfaction of the City.
- c) This planning approval only pertains to the single house, swimming pool, fencing and associated site works.

- d) All fencing, visual privacy screens and obscure glass panels to Major Openings and/or Active Habitable Spaces, shown on the approved drawings, shall prevent overlooking in accordance with the visual privacy requirements of the Residential Design Codes 2015 (R-Codes). The structure(s) shall be installed and remain in place permanently, unless otherwise approved by the City.
- e) All stormwater from the development, which includes permeable and non-permeable areas, shall be contained onsite.
- f) All footings and structures to retaining walls and fences shall be constructed wholly inside the site boundaries of the Certificate of Title.

# Advice Notes specific to this proposal:

- a) Dividing fences behind the front setback line with a height no greater than 1.8m above approved levels are deemed to comply with the scheme and do not require further planning approval.
- b) Any fencing in the primary street setback area which does not comply with the deemed to comply provisions of the R-Codes requires further development approval from the City.
- c) All street trees on the verge are to be retained and shall not be removed without written approval from the Manager Parks Services. If during the construction of the development any existing street tree is damaged or destroyed, the City shall repair or replace the street tree. The applicant shall:
  - i. be responsible for any costs associated with repair or replacement; and
  - ii. Thereafter maintain the street tree for a period of 12 months, to the satisfaction of the Environmental Coordinator.
- d) Any construction in the verge will require a Nature-Strip Development Application (NSDA) to be lodged with, and approved by, the City's Engineering section, prior to construction.
- e) All crossovers being constructed and drained to the City's specifications.
- f) To prevent stormwater flowing into the property, ground levels of crossovers or driveways should have a part that is a minimum 150mm higher than the street or laneway or a grated channel strip-drain is constructed across the driveway, aligned with and wholly contained within the property boundary, and the discharge from this drain to be run to a soak-well situated within the property.

- g) All internal water closets and ensuites without fixed or permanent window access to outside air or which open onto a hall, passage, hobby or staircase, shall be serviced by a mechanical ventilation exhaust system which is ducted to outside air, with a minimum rate of air change equal to or greater than 25 litres / second.
- h) Stormwater shall be contained on site by draining to soak-wells of adequate capacity to contain runoff from a 20 year recurrent storm event. Soak-wells shall be a minimum capacity of 1.0m³ for every 80m² of calculated surface area of the development. All downpipes from guttering shall be connected so as to discharge into drains, which shall empty into a soak-well; and each soak-well shall be located at least 1.8m from any building, and at least 1.8m from the boundary of the block.
- i) All swimming pool waste water shall be disposed of into an adequately sized, dedicated soak-well located on the same lot. Soak-wells shall not be situated closer than 1.8m to any boundary of a lot, building, septic tank or other soak-well.
- j) The swimming pool fencing installed is to comply with the *Building Act* 2011, the *Building Regulations* 2012 and Australian Standard S 1926.1-1992.
- k) All swimming pools, whether retained, partially constructed or finished, shall be kept dry during the construction period. Alternatively, the water shall be maintained to a quality which prevents mosquitoes from breeding.
- I) The applicant is advised to consult the City's Visual and Acoustic Privacy Advisory Information in relation to locating any mechanical equipment (e.g. air-conditioner, swimming pool or spa) such that noise, vibration and visual impacts on neighbours are mitigated. The City does not recommend installing any equipment near a property boundary where it is likely that noise will intrude upon neighbours.

Prior to selecting a location for an air-conditioner, the applicant is advised to consult the online fairair noise calculator at <a href="https://www.fairair.com.au">www.fairair.com.au</a> and use this as a guide to prevent noise affecting neighbouring properties.

Prior to installing mechanical equipment, the applicant is advised to consult neighbours, and if necessary, take measures to suppress noise.

m) This decision constitutes planning approval only and is valid for a period of two years from the date of approval. If the subject development is not substantially commenced within the two year period, the approval shall lapse and be of no further effect.

# 12.3 Corporate & Strategy Report No's CPS10.17 to CPS13.17 (copy attached)

Note: Regulation 11(da) of the *Local Government (Administration) Regulations 1996* requires written reasons for each decision made at the meeting that is significantly different from the relevant written recommendation of a committee or an employee as defined in section 5.70, but not a decision to only note the matter or to return the recommendation for further consideration.

Moved – Councillor Binks Seconded – Councillor James

# That the Recommendation to Council is adopted.

(Printed below for ease of reference)

**CARRIED UNANIMOUSLY 10/-**

#### Council Resolution / Recommendation to Council

Council receives the Monthly Financial Report for 31 March 2017.

# **Executive Summary**

Administration is required to provide Council with a monthly financial report in accordance with *Regulation 34(1)* of the Local Government (Financial Management) Regulations 1996. The monthly financial variance from the budget of each business unit is reviewed with the respective manager and the Executive to identify the need for any remedial action. Significant variances are highlighted to Council in the attached Monthly Financial Report.

#### **Discussion/Overview**

The monthly financial management report meets the requirements of Regulation 34(1) and 34(5) of the Local Government (Financial Management) Regulations 1996.

The monthly financial variance from the budget of each business unit is reviewed with the respective Manager and the Executive to identify the need for any remedial action. Significant variances are highlighted to Council in the Monthly Financial Report.

This report gives an overview of the revenue and expenses of the City for the month of March 2017 together with a Net Assets Statement as at 31 March 2017.

The operating revenue at the end of March 2017 was \$30.687 M which represents a \$0.849 M favourable variance compared to the year-to-date budget.

The total operating expense at the end of March 2017 was \$23.289 M, showing a favourable budget variance of \$2.192 M.

The attached Operating Statement compares "Actual" with "Budget" by Business Units. Variations from the budget of revenue and expenses by Directorates are highlighted in the following paragraphs.

#### Governance

Expenditure: Favourable variance of \$397,952 Revenue: Unfavourable variance of \$134,325

The favourable expenditure variance is mainly due to expenses in communications and computer operations, special projects and professional fees which have yet to be allocated or expended. Reduced workers compensation insurance and staff recruitment expenses also contributed to favourable variance.

The unfavourable revenue variance is due to the timing differences between budget and projects time-line of the WESROC projects.

#### **Corporate and Strategy**

Expenditure: Favourable variance of \$385,167 Revenue: Favourable variance of \$430,181

The favourable expenditure variance is mainly due to timing differences in the ICT related expenses of \$296k.

The favourable revenue variance is due to better performance on interim rates \$165k and WALGGC grants \$280K.

#### **Community Development**

Expenditure: Favourable variance of \$379,848
Revenue: Favourable variance of \$101,204

The favourable expenditure variance is mainly due to a lower community development donation payment of \$59k, and community events yet to be organised of \$58k, savings on Library services salaries of \$99k, ICT and books purchase of \$42k and HACC cost of \$70k yet to be expended.

The favourable revenue variance is due to an increased revenue facilities \$29k and NCC grants of \$67k.

#### **Planning and Development**

Expenditure: Favourable variance of \$299,216 Revenue: Favourable variance of \$187,361

The favourable expenditure variance is mainly due to savings in salaries of \$154k and environment conservation project of \$49k and ICT and Professional fees of \$15k which have yet to be expended.

The favourable revenue variance is mainly due to increased revenue from Building services of \$108k and Environmental Health services \$36k.

#### **Technical Services**

Expenditure: Favourable variance of \$730,740 Revenue: Favourable variance of \$264,977

The favourable expenditure variance is largely due to a lesser street lighting charges and residential bulk waste minimisation, and infrastructure and asset maintenance expenses yet to be expended.

The favourable revenue variance is due to extra interim revenue on waste services of \$46k, better than expected trade-in value for fleets and insurance claim of \$66k, and surplus operating grant received of \$68k.

#### **Capital Works Programme**

At the end of March the expenditure on capital works were \$7.809 M with further commitments of \$2.921 M which is 67% of a total budget of \$15.78M which included \$1.4M carry over.

#### **Net Current Assets Statement**

At 31 March 2017, net current assets was \$12.164 M compared to \$13.497 M in prior period. This is mainly due to a higher creditor payment of \$3.540 M in March. Rate and sundry debtors is at similar level in the same period as prior year.

#### Conclusion

The statement of financial activity for the period ended 31 March 2017 indicates that operating expenses are under the year-to-date budget by 8.6% or \$2.192 M, while revenue is above the Budget by 2.8% or \$0.849 M.

#### **Key Relevant Previous Council Decisions:**

Nil.

#### Consultation

N/A

#### **Budget/Financial Implications**

As outlined in the Monthly Financial Report.

#### 13.3 Investment Report – March 2017

Council	26 April 2017	
Applicant	City of Nedlands	
Officer	Vanaja Jayaraman – Acting Manager Finance	
Director	Lorraine Driscoll	
Attachments	Investment Report for the period ended 31 March 2017	

#### Regulation 11(da) – Not Applicable – Recommendation Adopted

Moved – Councillor Shaw Seconded – Councillor Binks

#### That the Recommendation to Council is adopted.

(Printed below for ease of reference)

**CARRIED UNANIMOUSLY 10/-**

#### Council Resolution / Recommendation to Council

Council receives the Investment Report for the period ended 31 March 2017.

#### **Executive Summary**

In accordance with the Council's Investment Policy, Administration is required to present a summary of investments to Council on a monthly basis.

#### **Discussion/Overview**

Council's Investment of Funds report meets the requirements of Section 6.14 of the Local Government Act 1995.

The Investment Policy of the City, which is reviewed each year by the Audit and Risk Committee of Council, is structured so as to minimise any risks associated with the City's cash investments. The officers adhere to this Policy, and continuously monitor market conditions to ensure that the City obtains attractive and optimum yields without compromising on risk management.

The Investment Policy of the City, which is reviewed each year by the Audit and Risk Committee of Council, is structured so as to minimise any risks associated with the City's cash investments. The officers adhere to this Policy, and continuously monitor market conditions to ensure that the City obtains attractive and optimum yields without compromising on risk management.

The Investment Summary shows that as at 31 March 2017 the City held the following funds in investments:

 Municipal Funds
 \$ 7,725,446.50

 Reserve Funds
 \$ 4,071,685.42

 Total
 \$ 11,797,131.92

The total interest earned from investments as at 31 March 2017 was \$286,008.67.

The Investment Portfolio comprises holdings in the following institutions:

Financial Institution	Funds Invested	Interest Rate	Proportion of Portfolio
NAB	\$3,738,875.89	2.56% - 2.65%	31.69%
Westpac	\$4,116,533.16	2.00% - 2.75%	34.89%
ANZ	\$319,590.18	2.35%	2.72%
CBA	\$3,622,132.69	1.30% - 2.54%	30.70%

#### 13.4 Underground Power

Council	26 April 2017	
Applicant	City of Nedlands	
Officer	Martyn Glover - Director Technical Services	
Director	Martyn Glover - Director Technical Services	
Attachments	1. Confidential Attachment - Freedom of Information	
	document provided by Western Power	

#### Regulation 11(da) - Not Applicable - Recommendation Adopted

Moved – Councillor Hodsdon Seconded – Councillor Wetherall

#### That the Recommendation to Council is adopted.

(Printed below for ease of reference)

**CARRIED UNANIMOUSLY 10/-**

#### **Council Resolution / Recommendation to Council**

#### Council:

- 1. Requests the Administration write to the Minister for Energy seeking changes to the selection criteria within the SUPP and advising City of Nedlands' project availability should other projects be cancelled;
- 2. Requests the Administration seek a meeting with the Minister for Energy to discuss the opportunity for Customer Design and Construct status for City of Nedlands' underground power projects;
- 3. Requests the Administration further explore the opportunity to own and manage the street light network and prepare a business case for Council to consider;
- 4. Requires the HUPP to include LED lighting and smart control; and
- 5. Subject to receipt of the detail design estimate (+or-10 percent) and Council endorsement of the financial model, requires a second consultation process to take place inviting a yes/no answer to a project support question based on the individual landowner's contribution in accord with the detail design estimate.

#### **Executive Summary**

It was resolved at the Ordinary Council Meeting of Tuesday 20 December 2016:

#### Council:

- 1. accepts the quotation of \$119,404 ex GST from Western Power to complete the detailed design for the Hollywood Underground Power Project (HUPP);
- 2. requests Administration commence a consultation process with the property owners within the HUPP to be completed by March 2017; and
- 3. requests Administration prepare a report for the April 2017 round of Council meetings detailing the financial model options for the progression of the HUPP to construction phase.

In response to Council's direction, the City have contracted Western Power to complete the detail design including a more detailed estimate and have completed the first stage of the participant consultation.

This report provides an update on the outcomes of the Round 6 State Underground Power Program (SUPP); the options for the construction phase of the HUPP and the potential opportunities associated with owning and upgrading the City's streetlight network.

#### **Discussion / Overview**

#### **Progress of HUPP Design and Costing**

The City has been advised by Western Power that the City will receive the detailed design, materials listing and preliminary costing plus or minus 50 percent by Friday 21 April 2017. The detail design estimate which is plus or minus ten percent and is the costing the City would use to inform the community will not be available until two weeks later consequently this cannot be reported to the April Council Meeting.

Western Power is apologetic regarding the failure to meet the deadline but cites the workload associated with the announcement of the 17 SUPP projects as the reason.

The final quotation cannot be realised until Western Power completes its tender process and the City completes any negotiations regarding the detail design estimate. These steps do not take place until the Council has committed to progress the project.

#### **SUPP Round 6 Results and Analysis**

The City met with the Department of Finance on Monday 24 February for a debriefing on the outcomes for the City. The City also contacted the nine Local Governments who had been successful with the Round 6 SUPP to seek clarification on their feedback.

The initial assessment by the Department ranked the City projects at 30<sup>th</sup> (Nedlands 3 - Mt Claremont), 32<sup>nd</sup> (Nedlands 1 - Hollywood East) and 47<sup>th</sup> (Nedlands 2 - Hollywood West) respectively. The low scores were predominantly due the low network risk because the aerial network is well maintained in Nedlands to guarantee supply to the hospital precinct and although the City had increased its financial contribution, it was insufficient to offset the low network score.

The City expressed disappointment that the scoring criteria weighed the additional Local Government contribution much less than the network risk on the basis that if the Local Governments are contributing more to the scheme then the program budget could service more projects.

There were 19 projects that Local Governments offered to subsidise through Council contribution or increased resident contribution. The Town of Cambridge offered the most with a 40 percent subsidy and they received three projects. The City of South Perth offered a 30 percent subsidy and they received three projects. The next best subsidy was the City of Nedlands at 16.7 percent and we received none. The City of Bayswater, the City of Melville, the Town of Victoria Park and the City of Cockburn offered no subsidy and received eight projects between them. The City of Canning and the City of Stirling increased their residents' contribution to 60 percent and received three projects between them. There were 17 projects awarded in total.

Based on these results unless the selection criteria and/or weighting changes or the City increases its subsidy, the City of Nedlands is unlikely to be successful in future SUPP rounds recognising that should there be a Round 7, it won't be until 2021.

The City also recognised that should any of the 17 projects fail to eventuate, then the City of Nedlands' projects could be put forward as alternative projects especially as the City would be administering a mini-project in Alderbury Street associated with one of the Town of Cambridge SUPP projects.

#### Mt Claremont Resident Meeting

A resident meeting was held at the Mt Claremont Community Centre on Thursday 16 March 2017 to discuss the provision of underground power in the Coastal Ward. It was attended by six Councillors, approximately 60 coastal ward residents and five members of HUPAG.

Following extensive discussion, the meeting generated two motions as follows:

- 1. The Council consider the following working proposal for funding the remaining underground power:
  - a. Determine the current unit cost for installing underground power;
  - b. Index to the CPI the average cost paid by previous beneficiaries to the current equivalent value for unit cost per property owner; and
  - c. The balance of the difference be funded by the Council.
- 2. The Claremont, Cambridge and Nedlands Council meet before June 30, 2017 to progress and fund the completion of the underground power in the Council areas.

It is noted that the Town of Cambridge has been awarded three of their remaining four areas in Round 6 of the SUPP. It is also understood that the Town is negotiating with Western Power to deliver the fourth as a client funded project.

#### **Underground Power Policy**

The City of Nedlands' Underground Power Policy and Procedure, last reviewed in 2013 provides direction with respect to the Council commitment to underground power and established practice for the funding of underground projects. The Procedure includes the following:

- 1. Property owners contribute towards underground power projects by way of fixed charge for "network" and "service" connections in accordance with Regulation 54(c) of the Local Government (Financial Management) Act 1996 and clause 6.38 of the Local Government Act 1995.
- 2. The Network schedule of charges for 50 percent contribution is levied on each property subject to underground power service, as follows:

Proposed Network Charges for 50 percent Contribution		
Single, Duplex and Triplex	100 percent	
Multiple Dwellings	65 percent	
Small commercial	100 percent	
Commercial specific	POA	
Non-rateable property & services POA		
Adjacent to transmission lines	65 percent	

3. The Service schedule of charges for meter connections is levied on each property subject to underground power service, as follows:

Single, Duplex, Triplex	- standard	100 percent
	- partial	50 percent
	standard	
	<ul> <li>underground</li> </ul>	25 percent
Small Commercial	- standard	100 percent
	- partial	50 percent
	standard	
	<ul> <li>underground</li> </ul>	25 percent
Multiple Dwellings	- standard	25 percent
	- partial	25 percent
	standard	·
	<ul> <li>underground</li> </ul>	12.5 percent
Commercial Specific		POA
Non-rateable property and		POA
services		

- 4. Large commercial properties (hotels, restaurants, shopping centres etc.) be charged on a cost basis relating to power demand calculated by Western Power;
- 5. Payments may be paid by lump sum or amortised over periods of up to 10 years; interest will be charged on outstanding amounts.
- 6. Eligible pensioners, within the terms of the "Rates and Charges" (Rebate and Deferment) Act 1992, as amended, may defer both capital and interest payments;
- 7. Individual property charges in respect of buildings under construction may be varied to determine the most equitable charge.
- 8. Existing properties that have underground power installed as part of a resident initiated scheme or subdivision would be exempt from charges for the underground power network and service connection.
- 9. Council reserves the right to vary payment options.

#### Hollywood Underground Power Action Group (HUPAG) Statement

Following conclusion of a Freedom of Information application which provided the Round 6 SUPP evaluation scores for network risk and funding offer (see attached), the Chair of HUPAG wrote to the new Minister for Energy, the Hon Ben Wyatt on Wednesday 5 April 2017 seeking support for a series of actions that the City generally intends to progress as well.

These include changing the selection criteria for future SUPPs and establishing Nedlands projects as reserve projects for Round 6.

#### **LED Street Lighting/Control Conference**

In March 2017, the Mayor, Max Hipkins and the Director Technical Services attended the 3<sup>rd</sup> International Street Lighting and Smart Controls Conference in Brisbane to gather information on the potential inclusion of LED street lighting in underground power programs. The learnings from the Conference that relate to future projects include:

- LED lighting includes ability to meter power;
- Local Governments are taking back ownership of underground street light networks in Australia and internationally;
- The Western Power LED tariff costs \$0.32 per day and the cost of power within it is approximately \$0.07. Therefore, metered supply could provide a significant saving;
- A LED luminaire has a dusk to dawn life of approximately 27 years;
- LED luminaires have demonstrated a maximum 0.7 percent failure rate at installation:
- Associated maintenance schedules have been reduced by up to 85 percent;
- LED luminaires do not require additional poles where existing network designs meet AS1158;
- LED luminaires do not produce unwanted light spill; and
- LED luminaires can be retro-fitted to existing poles without any structural or cabling change.

In consideration of the City of Nedlands' street light network:

- The City currently pays a tariff on 2,304 street lights including 106 that are owned by the City;
- The annual budget for street light maintenance is \$500k; and
- Considering that LED lighting is low cost, low maintenance and long life technology, the potential savings for the City would be in order of \$12 million over the life of the luminaires.

Based on the significant benefits demonstrated for Local Governments to own the streetlight asset and transition to LED technology with smart control, the administration consider that this is an option worth pursuing to a business case.

#### **Construction and subsequent funding**

There are currently three options for the City to install underground power with Western Power:

- 1. State Underground Power Program (SUPP);
- 2. Client initiated underground power project; and
- 3. Customer Design and Construct (CDC).

The CDC option is similar to the previous "B" option installation which was utilised predominantly by developers in greenfield development but has been utilised by Local Government in the past. If the City is to be successful convincing Western Power that the CDC option is viable it may require the Minister for Energy's support and direction. The savings associated with this option are equivalent to the Western Power overhead (20 to 30 percent) because it allows the City to project manage the installation using the Western Power contractors with Western Power only superintending. It is noted that the City cannot complete any of the installation options including a customer design and construct project without Western Power approval.

Once the City has received the detail design estimate there may be an opportunity to negotiate savings subject to the structure and value of the detail design estimate. These options could include:

- Western Power agree to reduce the level of overheads;
- Western Power agree to commit the depreciated value of the asset as a financial contribution to the project;
- Street lighting is removed from the Western Power tender process and the supply and installation is tendered by the City;
- Western Power approve a Customer Design and Construct project; and
- City arranges design for underground power for the rest of the City by consultant but with Western Power approval.

#### **Key Relevant Previous Council Decisions:**

Ordinary Meeting of Council Tuesday 20 December 2016 Item 13.6

#### Council:

- 1. accepts the quotation of \$119,404 ex GST from Western Power to complete the detailed design for the Hollywood Underground Power Project (HUPP);
- 2. requests Administration commence a consultation process with the property owners within the HUPP to be completed by March 2017; and
- requests Administration prepare a report for the April 2017 round of Council meetings detailing the financial model options for the progression of the HUPP to construction phase.

Special Meeting of Council Tuesday 16 August 2016 Item 7

#### Council:

1. Agrees to consider the options 1 and 2 in detail and decide which option is acceptable to the City in moving forward to deliver underground power to the property owners of Alderbury Street, Floreat.

Ordinary Meeting of Council Tuesday 26 April 2016 Item TS07.16

#### Council:

- 1. Authorizes the submission of three proposals for underground power, to the New Underground Power Funding Round 6, with areas identified in this report, on the basis of 1/3<sup>rd</sup> equal funding between general revenue, owner contributions and State Government grant funds; and
- 2. Agrees to consider inclusion of \$50,000 for the provision of underground power expertise, in the 2016/17 budget.

Ordinary Meeting of Council Thursday 27 October 2015, Item TS25.15

#### Council:

- 1. Authorizes the submission of three proposals for underground power, to the New Underground Power Funding Round 6, with areas identified in this report, on the basis of 1/3<sup>rd</sup> equal funding between general revenue, owner contributions and State Government grant funds; and
- 2. Agrees to consider inclusion of \$50,000 for the provision of underground power expertise, in the 2016/17 budget.
- 3. Agrees to pay \$8,000 to Western Power to prepare a +/- 10 percent detailed estimate and a formal Relocation Works Contract for construction and commissioning works; and
- 4. Other aspects of this matter be referred back for an opportunity for Councillors to attend a briefing session to clarify details, options and costs.

Ordinary Meeting of Council Tuesday 28 July 2015, Item 14.1, resolution of Council:

#### Council:

 requests Administration to prepare a concept report for the October Meeting of Council that addresses the feasibility of completing underground power within the City by means of a series of borrowings that together with resident contribution commensurate with resident contributions made in the past which enables a programmed replacement plan commencing in the 2016 financial year. Ordinary Meeting of Council 22 July 2012, Item 16.1, resolution of Council:

#### Council:

- 1. writes to the Members for Nedlands and Cottesloe for an explanation on how they are progressing in supporting of the 2008 pledge to speed up the Underground Power Program for Nedlands;
- 2. initiates negotiations with Town of Cambridge and Western Power in respect to economies of scale and possible logistical alignments in the completion of Underground Power in adjoining areas (i.e. Floreat); and
- 3. requests that administration undertake an investigation to determine the feasibility of borrowing funds to complete underground power in the three remaining areas of Hollywood, Mt Claremont and Floreat (refer all attachments of 22 February 2011 resolution).

#### Consultation

In accordance with Council direction, a community consultation exercise was conducted with the residents within the HUPP area. The survey was based on the earlier consultation on underground power conducted in 2014 and included an additional question regarding the landowners' willingness to pay 50 percent of the cost to provide underground power to their property at approximately \$8,500 per property.

The results of the survey were as follows:

- Survey participation provide a 32 percent response with 197 of 612 surveys returned. This was a good result considering the effort that HUPAG went to discouraging residents to take part. In comparison, there was a 41 percent participation rate in 2014;
- Underground power was rated as important to 51 percent of the respondents. In 2014 53 percent of the respondents rated underground power as important.;
- Only five percent were willing to pay 100 percent of the cost at \$17,000 compared to the 20 percent willing in 2014;
- There were 39 percent who were willing to pay 50 percent of the cost at \$8,500 and 14 percent were undecided while 49 percent advised that they weren't prepared to pay this amount; and
- The preferred method of payment was by instalments with 75 percent preferring to use this method compared to the 58 percent in 2014.

Once the City has received the detail design estimate, a second consultation can take place including the following:

- The individual contribution by each landowner;
- Options for up-front payment and ten year instalments;
- Advice if the individual landowner is eligible for pension rebate and/or deferment; and
- Question if they support the project or not.

This can progress as soon as the City receives the detail design estimate from Western Power because the calculation facility and participant database has already been constructed.

#### Conclusion

Based on the information available to date the Administration consider that there are a series of actions that can immediately take place to improve the potential for undergrounding power to the rest of the City including:

- The City respond to the outcomes of the Round 6 SUPP by writing to the Minister for Energy seeking changes to the criteria and advising availability should other projects be cancelled (similar to the HUPAG submission). The City also seek a meeting with the Minister to discuss the opportunity for Customer Design and Construct status;
- The City further explore the opportunity to own and manage the street light network;
- The HUPP include LED lighting and smart control;
- Subject to receipt of the detail design estimate (+or-10 percent) and Council endorsement of the financial model, a second consultation process take place inviting a yes/no answer to a project support question based on the individual landowner's contribution in accord with the detail design estimate.

#### **Budget/Financial Implications**

The detail design for the HUPP was \$119,404 ex GST which will be recovered if the project proceeds to construction. The scenarios for funding this project and potentially others will be explored as part of the ten-year financial planning process. The City has not previously funded underground power projects consequently all options including dedicated rate increases, long term loans, sale of assets and provision of a reserve will be explored.

The method of distributing the cost to the participant landowners is included in the Underground Power Procedure.

### 14. Elected Members Notices of Motions of Which Previous Notice Has Been Given

Disclaimer: Where administration has provided any assistance with the framing and/or wording of any motion/amendment to a Councillor who has advised their intention to move it, the assistance has been provided on an impartial basis. The principle and intention expressed in any motion/amendment is solely that of the intended mover and not that of the officer/officers providing the assistance. Under no circumstances is it to be expressed to any party that administration or any Council officer holds a view on this motion other than that expressed in an official written or verbal report by Administration to the Council meeting considering the motion.

Nil.

## 15. Elected members notices of motion given at the meeting for consideration at the following ordinary meeting on 23 May 2017

Disclaimer: Where administration has provided any assistance with the framing and/or wording of any motion/amendment to a Councillor who has advised their intention to move it, the assistance has been provided on an impartial basis. The principle and intention expressed in any motion/amendment is solely that of the intended mover and not that of the officer/officers providing the assistance. Under no circumstances is it to be expressed to any party that administration or any Council officer holds a view on this motion other than that expressed in an official written or verbal report by Administration to the Council meeting considering the motion.

Notices of motion for consideration at the Council Meeting to be held on 23 May 2017 to be tabled at this point in accordance with Clause 3.9(2) of Council's Local Law Relating to Standing Orders.

Nil.

#### 16. Urgent Business Approved By the Presiding Member or By Decision

Nil.

#### 17. Confidential Items

Closure of Meeting to the Public Moved – Councillor Binks Seconded - Councillor James

That the meeting be closed to the public in accordance with Section 5.23 (d) of the Local Government Act 1995 to allow confidential discussion on the following Items.

**CARRIED UNANIMOUSLY 10/-**

The meeting was closed to the public at 8.18 pm.

#### 17.1 Chief Executive Officer – Extension of Employment Contract

Confidential report circulated to Councillors.

Moved - Councillor Binks Seconded - Councillor James

That the meeting be reopened to members of the public and the press.

**CARRIED UNANIMOUSLY 10/-**

The meeting was reopened to members of the public and the press at 8.21 pm.

In accordance with Standing Orders 12.7(3) the Presiding Member read out the motions passed by the Committee whilst it was proceeding behind closed doors and the vote of the members to be recorded in the minutes under section 5.21 of the Local Government Act 1995.

Moved - Councillor Binks Seconded - Councillor James

Council Resolution / Recommendation to Council

Council approves the extension of CEO Greg Trevaskis' Employment Contract for an additional twelve months with a revised contract end-date of 11 December 2018.

**CARRIED UNANIMOUSLY 10/-**

#### **Declaration of Closure**

There being no further business, the Presiding Member declared the meeting closed at 8.26 pm.
