## Purpose

To seek Council consideration of adopting the City of Nedlands 2024/25 Annual Budget. In line with the Council's adopted Long Term Financial plan, the proposed budget includes a 3.6% rate increase for all properties to fund a modest capital works program.

## Voting Requirement

Absolute Majority required.

## Background

Council is required to adopt the Annual Budget by 31 August each year. The City of Nedlands 2024/25 Draft Annual Budget as presented in this report and the various attachments proposes a modest 3.6% increase in rates.

## Discussion

### **Basis for the development of the Draft Annual Budget**

The draft 2024/25 City of Nedlands Annual Budget has been developed to reflect the principles of prudence, sound financial management and consideration of the prevailing economic environment.

In Western Australia, local governments have experienced a challenging period with costs rising at a rapid rate, cost of living rises and the inflation rate continuing at high levels. This budget is focused on the delivery of core services in an effective and efficient manner, and the selective renewal and maintenance of City assets according to priority.

Additionally, feedback from the various Council briefings held from March to July 2024 have been considered in the budget preparations and are reflected in the statements presented. The Council has reduced operational spending and will focus on the successful delivery of the capital works program and the underground power project Nedlands North (Floreat) and Nedlands West (Mt Claremont).

The Annual Budget for 2024/25 is a statutory document to be adopted by Council pursuant to the provisions of *Section 6.2 of the Local Government Act 1995*, and *Part 3 of the Local Government (Financial Management) Regulations 1996*, for the City of Nedlands.

### **Differential Rates, minimum payments and instalment payment arrangements**

Each year where the City of Nedlands seeks to impose differential rates, it is required under section 6.36 of the Local Government Act 1995 to advertise the proposed differential rates by local public notice for a period of at least 21 days, seeking submissions. Any submissions received are to be considered by Council.

Rates are calculated by the Gross Rental Value (GRV) of a property and the rate in the dollar. GRVs are provided by the Office of the Valuer General and the Council determines the rate in the dollar and minimums.

In addition to the 3.6% rate increase, the City also expects to raise an additional 1.7% from interim rates issued for the completion of new dwellings and additions to existing homes. These increases are in line with the adopted Long Term Financial Plan adopted by Council in March 2023.

A number of submissions were received during the advertising period. In summary the submissions asked the Council to consider imposing as little an increase this year given the significant increases to the cost of living. The submissions noted a 9.5% was proposed and was much higher than the CPI. Therefore, rates are proposed to not increase by the amount advertised.

For residential properties on the minimum rate, this represents an annual increase of \$55 or \$1.06 per week. For average residential properties, this amounts to an annual increase of \$92.51 or \$1.78 per week.

### **Residential Bin Services**

The City has maintained one of the lowest residential bin services in the metropolitan area for nearly 10 years. There has been considerable changes in the waste industry with the introduction of Food Organics and Garden Organics services, increases to fuel costs, single use plastic bans, and the adoption of a container deposit scheme, 'Containers for Change'. Additionally new offerings such as participation in Nedlands residents accessing the Western Metropolitan Regional Council's Brockway Facility has brought forth additional costs to the community.

These have all increased costs to the City and were previously absorbed by deductions of the waste reserve. This waste reserve was the beneficiary of better practice contract management and waste management efficiencies which cannot be repeated once realised. Financial modelling indicates that this cannot be sustained with the waste reserve approaching a zero figure in the coming year if fees are not adjusted to reflect the true financial cost to the community.

The domestic standard residential waste service charge is \$408 per annum. This is an annual increase of \$80 or \$1.54 per week.

### **Other Fees and Charges**

Other fees and charges within the City's control have been increased by CPI to reflect increasing costs of providing these services.

### **Elected Members' fees and allowances**

Elected Members fees and allowances are determined by the Salaries and Allowances Tribunal (SAT). As from 1 July 2024 the SAT recommended an increase in fees of 4%.

In accordance with the Workforce Plan the City has been reducing staffing with FTEs planned to reduce to 149 over the life of the Workforce Plan. The City expects to maintain this level of staffing this year with additional new employees to assist with IT, Finance and underground power projects.

### **Borrowings**

Additional proposed borrowings have been included in the 2024/25 budget to fund the Nedlands North (Floreat) project.

### Underground Power

In May 2024 the Council made a final decision to proceed with the three underground power projects in Nedlands North (Floreat) and Nedlands West (Mt Claremont). Funding has been included in the 2024/25 Draft Annual Budget calculated at 1.25% of rates plus an additional 2% of rates. Funds will be transferred into the Underground Power Reserve.

### Asset Maintenance

This budget provides for 3% of rates to be put into a reserve for Drainage projects, with a further 1% from the rates for maintenance and renewal of Buildings.

The funds for these reserve transfers have been achieved through reductions in operational expenses relating to employee costs and materials and contracts.

### Consultation

As required by the *Local Government Act 1995*, the City advertised the proposed differential rates on 26 June 2024 to 26 July 2024, inviting comments over a period of 21 days. Fifty two submissions were received following this public consultation.

The City received a total of 52 responses from a total of 9,240 rateable properties, being 0.56% of those invited to provide feedback. Of the 52 responses, 48 (92.31%) were against, 1 was for and 3 were not determined.

In addition to the statutory requirements listed above, the development of the Draft 2024/25 Annual Budget is a collaborative effort involving the whole management team and their staff and the Executive. Elected Members of Council were presented with the Draft 2024/25 Budget and rates information at a series of Councillor Briefings held during April, May, and June 2024.

## Strategic Implications

This item relates to the following elements from the City's Strategic Community Plan.

<b>Vision</b>	Our City will be an environmentally-sensitive, beautiful and inclusive place.
<b>Values</b>	<p><b>High standard of services</b> We have local services delivered to a high standard that take the needs of our diverse community into account.</p> <p><b>Great Natural and Built Environment</b> We protect our enhanced, engaging community spaces, heritage, the natural environment and our biodiversity through well-planned and managed development.</p> <p><b>High standard of services</b> We have local services delivered to a high standard that take the needs of our diverse community into account.</p> <p><b>Great Governance and Civic Leadership</b> We value our Council's quality decision-making, effective and innovative leadership, transparency, accountability, equity, integrity and wise stewardship of the community's assets and resources. We have an involved community and collaborate with others, valuing respectful debate and deliberation.</p>

## Priority Area

- Renewal of community infrastructure such as roads, footpaths, community and sports facilities
- Underground power

## Budget/Financial Implications

The Draft Annual Budget for 2024/25 includes a modest increase in rates of 3.6%. Last year it was noted that the City is currently facing a significant backlog of required asset renewal, with many assets coming to an abrupt end of life, requiring them to be removed from service or closed. In response to asset renewal backlog, the Council has decided to increase its reserves for the renewal and maintenance of buildings and drainage, and undertake further investigation and design for capital projects in 25/26.

Key features of the 2024/25 Annual Budget are:

1. Total operating revenue \$27.8m and fees and charges of \$9.28 million with an estimated capital grants contribution of \$3 million.
2. Total operating expenditure \$42m with \$14 million towards capital works projects.
3. Major capital works for the year include:

- a. Minor building works \$427,660
- b. Drainage works \$960,558
- c. Parks works \$844,267
- d. Monash Ave – renewal (Smyth Road to East of Clifton St)
- e. Victoria Ave – renewal (Waratah Ave to Watkins Road)
- f. Waratah Ave – renewal (Robert St to Alexander Road)
- g. The Avenue – traffic calming – Blackspot
- h. Webster Street – renewal (Stirling Hwy to Edward Street)
- i. Investigation and design of projects for 2025/26 of \$234,012 including \$59,918 to undertake design of Kennedia Lane for Proposed Renewal.

## Decision Implications

If Council endorses the above recommendation this will ensure the City of Nedlands achieves statutory compliance with the Annual Budget required to be adopted before 31 August each year.

If Council does not endorse the above recommendations, then another Council Meeting would need to be held before 31 August 2024 to adopt the Annual Budget, failure to adopt the budget before 31 August would lead to statutory non-compliance with the *Local Government Act 1995* and associated Regulations. Postponement in adoption of the Budget may create delays in delivery of operations services and infrastructure projects. Ministerial approval required to adopt the budget after 31 August.

## Conclusion

Council's adoption of the 2024/25 Annual Budget will allow the City to deliver its services and infrastructure to the Community in 2024/25.

**CITY OF NEDLANDS**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30 JUNE 2025**

**1(a) BASIS OF PREPARATION**

The annual budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Financial reporting disclosures in relation to assets and liabilities required by the Australian Accounting Standards have not been made unless considered important for the understanding of the budget or required by legislation.

**The local government reporting entity**

All funds through which the City of Nedlands controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 14 to the annual budget.

**2023/24 actual balances**

Balances shown in this budget as 2023/24 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

**Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

**Comparative figures**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**Initial application of accounting standards**

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2021-2 Amendments to Australian Accounting Standards
  - Disclosure of Accounting Policies or Definition of Accounting Estimates
- AASB 2021-6 Amendments to Australian Accounting Standards
  - Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards
- AASB 2022-7 Editorial Corrections to Australian Accounting Standards and Repeal of Superseded and Redundant Standards

It is not expected these standards will have an impact on the annual budget.

**New accounting standards for application in future years**

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards
  - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2020-1 Amendments to Australian Accounting Standards
  - Classification of Liabilities as Current or Non-current
- AASB 2021-7c Amendments to Australian Accounting Standards
  - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-5 Amendments to Australian Accounting Standards
  - Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
  - Non-current Liabilities with Covenants
- AASB 2022-10 Amendments to Australian Accounting Standards
  - Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

It is not expected these standards will have an impact on the annual budget.

**Judgements, estimates and assumptions**

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- estimation of fair values of land and buildings and investment property
- impairment of financial assets
- estimation uncertainties and judgements made in relation to lease accounting
- estimated useful life of assets

**Rounding off figures**

All figures shown in this statement are rounded to the nearest dollar.

**CITY OF NEDLANDS**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30 JUNE 2025**

**1(b) KEY TERMS AND DEFINITIONS - NATURE OR TYPE**

**REVENUES**

**RATES**

Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

**OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS**

All amounts received as grants, subsidies and contributions that are not capital grants.

**CAPITAL GRANTS, SUBSIDIES AND CONTRIBUTIONS**

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

**REVENUE FROM CONTRACTS WITH CUSTOMERS**

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

**FEES AND CHARGES**

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

**SERVICE CHARGES**

Service charges imposed under *Division 6 of Part 6 of the Local Government Act 1995*. Regulation 54 of the *Local Government (Financial Management) Regulations 1996* identifies the charges which can be raised. These are television and radio broadcasting, underground electricity and neighbourhood surveillance services and water.

Exclude rubbish removal charges which should not be classified as a service charge. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

**INTEREST EARNINGS**

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

**OTHER REVENUE / INCOME**

Other revenue, which cannot be classified under the above headings, includes dividends, discounts, rebates etc.

**PROFIT ON ASSET DISPOSAL**

Gain on the disposal of assets including gains on the disposal of long-term investments.

**EXPENSES**

**EMPLOYEE COSTS**

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Note *AASB 119 Employee Benefits* provides a definition of employee benefits which should be considered.

**MATERIALS AND CONTRACTS**

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses (such as telephone and internet charges), advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

Local governments may wish to disclose more detail such as contract services, consultancy, information technology and rental or lease expenditures.

**UTILITIES (GAS, ELECTRICITY, WATER)**

Expenditures made to the respective agencies for the provision of power, gas or water.

Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

**INSURANCE**

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

**LOSS ON ASSET DISPOSAL**

Loss on the disposal of fixed assets.

**DEPRECIATION ON NON-CURRENT ASSETS**

Depreciation and amortisation expenses raised on all classes of assets.

**FINANCE COSTS**

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

**OTHER EXPENDITURE**

Statutory fees, taxes, provision for bad debts, member's fees or levies including DFES levy and State taxes. Donations and subsidies made to community groups.

The City did not raise specified area rates for the year ended 30th June 2025.

All rateable properties within the district used predominately for non-rural purposes are rated according to their Gross Rental Valuation (GRV), all other properties are rated according to their Unimproved Valuation (UV).

The general rates detailed for the 2024/25 financial year have been determined by Council on the basis of raising the revenue required to meet the estimated deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than general rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

**MATERIAL ACCOUNTING POLICIES**

**RECOGNITION OF ASSETS**

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

**GAINS AND LOSSES ON DISPOSAL**

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

**DEPRECIATION**

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings - non-specialised	30-50 Years
Buildings - specialised	50-80 Years

**LEASES**

At the inception of a contract, the City assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and a lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

**LEASE LIABILITIES**

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

**14. INVESTMENT IN ASSOCIATES**

**(a) Investment in associates**

It is not anticipated the City will be party to any investment in associates during 2024/25

**MATERIAL ACCOUNTING POLICIES**

**Investments in associates**

An associate is an entity over which the City has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the City's share of net assets of the associate. In addition, the City's share of the profit or loss of the associate is included in the City's profit or loss. recognised.

The carrying amount of the investment includes, where applicable, goodwill relating to the associate. Any discount on acquisition, whereby the City's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

**Investments in associates (continued)**

Profits and losses resulting from transactions between the City and the associate are eliminated to the extent of the City's interest in the associate. When the City's share of losses in an associate equals or exceeds its interest in the associate, the City discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the City will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.
