Vote 1 PAN

I offer a fresh start prioritising accountable and authentic community-relevant decision-making. I'll restore your trust in Nedlands City Council by encouraging teamwork between Community and Councillors to achieve outcomes we collectively desire, while delivering value for ratepayers.

I'm a Dalkeith resident of 25 years, business owner with Board experience including with Regional Development Australia, a Christ Church Grammar School parent, and an Engineer with an Accounting and Finance degree and MBA. I'm a competent public speaker advocating high performance in sport. As a Nedlands Golf Club member, I have connection to local businesses and residents. I'm a proven sports administrator with skills to boost participation and improve local sporting facilities.

Housing diversity and development must balance our values; the Swan River, leafy streets, parklands, and safer roads.

I commit to representing you purposefully and honestly to create a City of which we can all be proud.
