

How can I exercise by dog safety?

There are over 50 parks and reserves which are designated as dog exercise areas which allow for dogs to be off lead provided:

- A person capable of controlling the dog is near the dog at all times.
- You have a lead with you so it can be quickly attached to gain control of the dog.
- You are able to recall and give commands to control your dog.
- You remove any excreta left by the dog.
- Your dog/s must not chase or harass any person, animal including birds, turtles or cats

Picking up excreta

Permitting your dog to excrete in a street, reserve, verge, someone else's yard or other public place and failing to remove is an offence under the *City of Nedlands Dogs Local Law 2023*. Not picking up your dogs excreta can impact poorly on public amenity and cause environmental damage. Avoid a \$200 infringement notice and pick up after your dog.

When do I have to keep my dog on a lead?

Dog must always be on a lead in conservation areas, roads, footpaths and car parks unless it is in a designated dog exercise area.

DOG PROHIBITED AREAS

There are some areas set aside exclusively for the enjoyment of people. These areas refer mainly to where people swim and barbecue. You cannot take your dogs to the following areas:

- A section of Swanbourne Beach adjacent the Surf Life Saving Club as indicated by signs. Look for the Beach Information Signs at each beach access entry.
- All playgrounds within the City of Nedlands,
- Jo Wheatley All Abilities Play Space,
- Public swimming pools, theatre or picture gardens.
