

Candidate Details

District	City of Nedlands
Candidate Name	Heidar KONING
Ballot Paper Name	KONING, Heidar
Nominating for	Councillor for Hollywood Ward
Election Type	Extraordinary

KONING, Heidar

Dear neighbours,

I have been a resident of Nedlands for almost two decades and I have strong experience with the community and science. I am currently doing my PhD in Biochemistry at UWA in collaboration with the Australian Synchrotron and the Australian Nuclear Science and Technology Organisation.

Due to my science background, I take a special interest in Climate Change, and I would like to help the City of Nedlands in a progressive and sustainable way by:

1. Completing the underground power grid in the Hollywood ward.
2. Creating more green public open space and tree canopy.
3. Enhancing outcomes under LPS3 – including better environmental controls for new developments.
4. Ensuring representation for all people.

I am hard working, kind and honest. I seek your vote for the Hollywood ward.
