

The purpose of the Youth Grants Fund is to recognise and encourage the initiatives local young people are taking to participate in and contribute to the community.

The fund encourages youth participation in a wide range of socially positive activities, based on the following:

- that participation in the community is of value, and
- that participation in the community by young people in particular, is to be valued and encouraged.

The function of the fund is not primarily one of financial subsidy; rather it is one of recognition and encouragement, and the creation of a positive youth culture, in which initiative, achievement and community involvement are valued.

Support from Council will be provided in the form of a small grant, subsidising participation in the eligible project, event or activity.
