I've worked tirelessly to protect Dalkeith with a perfect attendance at meetings and participation on numerous committees over the past four years.

Much has been achieved in transformative organisational reform, while rates rises were kept low. A new enterprise resource system safeguards the City. Drafting of missing strategic documents and an asset management plan for the maintenance backlog.

As DAP Member I've been influential against inappropriate developments, empowering local communities, while lobbying for planning policies and amendments.

On the Mains Roads group, I've sought grant funding to resurface roads, upgrade drainage, and fix accident black spots with Waratah Avenue upgrade delivered and projects scheduled for Broadway and the Avenue.

As Foreshore Committee Chair I've initiated an eco-friendly plan for the river shoreline to protect our reserves as recreational space and wildlife habitat, while also providing leadership in the retention of tree canopy and heritage.
