Enrolment status

**YOUNGMAN, Noel is eligible to stand for election as a resident of the City of Nedlands.**

Hello, I'm Noel Youngman, a man of action. **Underground power will be completed in my term.** Unity will be restored to council, releasing the stalemate of decision making, enabling sensible progress. I will regain access to State Government through established relationships with decision makers. I will ensure our older residents are respected, valued and provided with services to enhance their quality of life.

I understand the importance of **thinking local**. I listen to community groups, talk to my neighbours and engage with business owners daily.

Since 2020 I have served as Councillor for Dalkeith Ward. My children attended Dalkeith Primary and I have coached countless Nedlands kids in the sporting arena. I'm a believer of 'walk the talk', ensuring my family home contributes to the City's **urban forest** with trees and a solar power/battery storage system.

As your Mayor I will treat residents and councillors with respect, be fiscally responsible and **restore dignity** to the City of Nedlands.
