Coghlan 1 Melvista Ward.

I have lived in **Melvista Ward** and been a ratepayer for over 40 years. I support a family friendly, green City.

The tree canopy is part of the amenity of NEDLANDS together with its parks, gardens, sporting facilities and public open space for everyone.

Building on my **four years** on Council, I am seeking your support for another term as there is more work to be done.

I am **readily accessible** to residents and a strong advocate for the community's best interests, as the CoN undergoes significant transformation as a result of **state density policy**. **Melvista Ward** is shouldering most of this burden. Infill should be contained and new development be in context with the existing character of Nedlands.

I also stand for good governance, including fiscal control, strong leadership, ongoing capital works and parking, traffic and planning management throughout the City.

Adherence to construction management plans to protect residents.

My voting record on Council speaks for itself.
