My name is Allana. I've been a resident of Nedlands since 2014 & I love it. I have a young family & constantly utilise the parks, playgrounds & facilities provided by the City of Nedlands as well as many of the small businesses within.

I have worked in Local Government since 2012 in senior & administrative roles. I have a thorough understanding of the operating principals & obligations of local council & the flow on effects to residents & ratepayers. I have worked closely with members of the community to achieve a number of outcomes & helped to support them through both small & significant changes.

Nedlands is changing so now more than ever there is a need for better infrastructure such as underground power, a strong commitment to sustainable & community engaged approvals, an ethical & transparent community minded approach to budget allocation & spending; and support for local businesses. If elected I aim to work towards these goals, supporting council & the community as much as I can.
