**Executive Summary**

This purpose of this report is to recommend appointment of the successful tenderer to provide Insurance Broking and Risk Management Services.

**Recommendation to Council**

Council agrees to award Insurance Broking and Risk Management Services to Marsh Pty Ltd (RFP Tender/Contract 0618/0626) for a Contract Term of 1 year with 1 + 1 options.

**Strategic Plan**

KFA: Governance and Civic Leadership

The provision of Insurance Broking and Risk Management Services is a key focus area of the Strategic Plan and authorisation of this tender by Council provides compliant governance.

**Background**

Up until 2013/14 the City managed its insurances through the Local Government Insurance Scheme (LGIS) – an industry based self-insurance offering.

When the City elected not to renew its membership to WALGA in 2013/14, it had the opportunity to seek its insurance coverage via a competitive process. In 2014/15 Willis were appointed as the City’s Brokers and provided brokering services in both 2014/15 and 2015/16.
Due to an increase in competition within the insurance industry for Local Government Authorities and evidence that savings were being realised particularly in the Eastern States – the City decided to test the market via a competitive tendering process. Procurement Australia a ‘Procurement Solutions’ company were engaged to assist in this process, Procurement Australia works with businesses to maximise benefit from purchasing solutions.

Procurement Australia through its insurance and risk experts managed the tendering process and invited submissions from across the industry. In addition their role included;

- Assessment of the capability of each response
- Involvement in Broker Presentations
- Ranking of each submission and recommendation of preferred supplier.

The Procurement Australia team worked very closely with the City’s Director Corporate & Strategy and Finance team.

**Risk Management**

Risk is managed by appointing contractors through the City’s procurement processes and assessing against the compliance criteria. These include checks on their financial viability, insurances and the appropriate company structures.

Appointing contractors via this process allows the City to clearly state the scope of works required and outcomes expected. It is also an opportunity to outline the responsibilities of both the City and the appointed contractors throughout the life of the contract, along with timelines and expected costs of the work requested. This process reduces the risk of the appointed contractor not fulfilling their obligations for the work required.

**Discussion**

The RFP process was advertised in The West Australian on 6th August 2016 with a closing date of 23rd August 2016. A further extension was provided to all respondents from 24th August to 3pm 26th August for the purposes of evaluating additional information.

Respondents were invited to submit bids and responses to the following key criteria;

- Insurance Program and its Cost
- Experience Capability and Past Performance
- Plan for Proposed Service

At the closing date for submissions, four (4) responses were received. The evaluation process was conducted in accordance with the City of Nedlands evaluation guide for tender documents.

Submissions were received from the following companies;

- Arthur J Gallagher (AJG)
- Aon Risk Services Australia Ltd
- Marsh Pty Ltd
- Willis Towers Watson

All respondents were requested to provide two tier pricing reflecting both the base and maximum premiums payable, and to include a ‘certainty predication’ of achieving the base premium.
Procurement Australia provided assurance to the Director Corporate & Strategy of the performance and expertise of each of the broker’s performance and expertise against the criteria.

The assessment report provided by Procurement Australia identified that each broker had the ability to offer an array of insurance broking and risk advisory services; including various products tailored to address the specific needs of organisations in the public sector. The decision making process then centred on technical ability, capacity, price and client relationship and service levels.

**Conclusion**

This has been a very valuable experience resulting in competitive pricing for a significant operational expense area. Each of the respondents provided high quality submissions and the panel acknowledge the work completed by each company. The City also acknowledges and appreciates the service provided by Willis over the last two years.

The tender process for the provision of Insurance Broking and Risk Management Services will contribute to cost savings for the City’s ratepayers. The projected savings are in excess of $250,000 (exclusive of GST) annually.

Therefore, administration recommends that Council agrees to award the tender for Insurance Broking and Risk Management Services to Marsh Pty Ltd (RFP Tender/Contract 0618/0626) for the term of 1 year plus two 1 year options.
