## **Discussion/Overview**

### **Background**

Regulation 13 of the *Local Government (Financial Management) Regulations 1996* requires a list of accounts paid to be prepared each month, showing each account paid since the last list was prepared. This list is to include the following information:

1. the payee's name;
2. the amount of the payment;
3. the date of the payment; and
4. sufficient information to identify the transaction.

The list is to be presented to the Council at the next ordinary meeting of the Council after the list is prepared and recorded in the minutes of that meeting.

### **Risk Management**

The accounts payable procedures ensure that no fraudulent payments are made by the City, and these procedures are strictly adhered to by the officers. These include the final vetting of approved invoices by the Manager Finance and the Director Corporate and Strategy (or designated alternative officers).
