

climate smart

preparing for extreme weather events

November to March

Plan and prepare for extreme heat to keep your family, pets and property safe this summer:

- ☀ keep yards and vacant blocks tidy with no long grass
- ☀ be alert for total fire bans
- ☀ service air conditioner before summer
- ☀ stay hydrated and store extra water in fridge
- ☀ look out for elderly and people living alone
- ☀ ensure smoke alarms are installed and working.

Dial 000 for life threatening emergencies.
