

All Noise Management Plans must include the following information:

- The construction work was carried out in accordance with control of environmental noise practices set out in section 4 of *AS 2436-2010 Guide to noise and vibration control on construction, maintenance and demolition sites*;
- Justification, where works are to be conducted out of usual hours;
- Equipment used on the premises was the quietest reasonably available;
- Names and contact details (mobile phone number and email address) of the Developer, Site Manager, Supervisor, Engineer and Contractor;
- Location of the works (include map or street numbers)
- Details and duration of all activities on the construction site likely to result in noise emissions that fail to comply with the standard prescribed under regulation 7 of the *Environmental Protection (Noise) Regulations 1997* including –
 - Details of the work schedule including dates, times and duration of the work;
 - Details of all activities and equipment to be used that may result in noise emissions;
- Predictions of noise emissions on the site;
- Details of noise and vibration control measures to be implemented;
- Methods of noise and vibration monitoring during the works;
- Complaint recording and response procedures, (include a copy of the community notification leaflet)

The level of detail expected in addressing the above criteria will depend on the scale, duration, hours and type of work employed.

Completed Noise Management Plans are to be submitted to the City of Nedlands Health Services Department for consideration by the Chief Executive Officer.

For further information please contact an Environmental Health Officer on 9273 3500 or council@nedlands.wa.gov.au

The application and accompanying Noise Management Plan must be submitted to the City of Nedlands no less than **7 days prior** to the proposed date of work. Please Note, The City does not accept Noise Management Plan applications that have not recorded the payment receipt or otherwise notified the City of payment details.
